**Silver Serpents Sell
White Christmas Tags
For Benefit of Poor**

To make Christmas a possibility for the children of the poor a new organization is being formed under the direction of the Silver Serpents. Miss Genevieve Lowry, president of the society, is the originator of the idea, and is busily working to insure the success of the undertaking.

There are twenty children in the kindergarten of one of the public schools who have never had a doll, and regard with wonder any one who has had a doll of their own especially if it had eyes that would open and close. Thus far ten families have been found who have no hopes of Christmas accompanied by its joys. It is to bring food, clothing, toys and the Christmas spirit into these homes, that the new organization is being formed.

A committee composed of Miss Bechtol, Genevieve Lowry, Mary Chapin, Freda Stuff and Elizabeth Hyde, will have charge of the buying.

A number of girls have been chosen to sell toys for the benefit of the Christmas fund. There will be three big toy days, beginning Wednesday and lasting until 6 o'clock on Friday.

During these three days it is hoped that every university student will procure one of the toys. Each toy will be sold for 10 cents.

Y. M. C. A. MEETING SATURDAY

Enthusiastic Speeches and Reports of
Committees on University Night
and Association Work.

The first "Round Up" held by the University Y. M. C. A. in the Temple building last Saturday was a decided success. Nearly sixty fellows listened to the very impressive talk on "Prayer" by Rev. Mr. Harmon; to the reports of the chairmen of the various committees and the talk by F. H. Hunter which touched upon the subject of "Why Men Should Join the Y. M. C. A." Several fundamental reasons were given which emphasized this point. These were: Large and broad social and religious principles, also clean living in individual life. The objections brought against joining the Y. M. C. A. are lack of time and a general indifference. Mr. Hunter's talk was very practical and made a deep impression on those who were fortunate enough to be at the meeting.

Chairman Ganz of the social committee reported that work on three big features was being pushed. These features are: University night, a joint reception and a banquet of university men which will be of a dignified nature dealing with serious things such as higher scholarship, etc. Chairman Pier of the mission recruiting committee outlined the Kansas trip. The raising of the membership to 1,000 by the end of the year was the meat of the talk by Bob Simmons, chairman of the membership committee.

Miss Bertha W. Thornburg, who has been an assistant in the department of geology for the past three years, has been called to the state geological survey of Ill. at Urbana, and is to receive material promotion.

CONSERVATION SOCIETY MEETS

Many State Officers as Well as University Professors Attend.

A number of state officers and members of the faculty met in the Engineers' building last night for the monthly meeting of the Conservation Society. Ex-Governor Aldrich presided and gave a short talk on rural conditions in Nebraska, particularly the good roads problems. Dr. Condra then presented six moving picture films, showing the beet sugar industry, apple picking, irrigation, better babies, and one miscellaneous film showing the governor at work on the roads, the boy scouts, the stock parade, and the cattle from the state farm, which were sent to the fat stock show in Chicago.

The program was followed by a short informal discussion, and a number of plans for improving industrial conditions were proposed. The date of the next meeting will be announced later.

"STUDE" ACTORS BUSY
(Continued From Page One.)

production will be a distinct novelty in the line of student productions and will no doubt be greeted with enthusiasm.

The senior committee in charge of the selection of a play has not as yet arrived at a definite conclusion. There have been a great number of plays read but the choice has proved to be a hard task, the committee says that the announcement of the play will be made within a short time.

The German Dramatic club is working on their latest effort which will be "Flachsmann Als Erzieher," a modern play by the famous playwright, Otto Ernst. The cast, under the direction of Miss Heppner, are holding rehearsals every Monday and Wednesday. The play is a three act comedy dealing with the school system of Germany as regards exposing the desirable and undesirable types of teachers. The play will be presented at the Temple theater on January 16. The play was chosen by Miss Heppner after she saw the production in Berlin during her trip there the past summer. Try outs for club membership have not yet been held but will be some time in February. The club at present is in a very prosperous condition with a membership of twenty-five

SECOND SAENGERFEST SUNDAY.

The "Saengerfest" held in the Temple of the University Y. M. C. A. Sunday afternoon was the most successful meeting held so far this year, between twenty-five and thirty fellows being out. Secretary Ewing gave an interesting talk on "Divine Ideal in Hindu Art" and other features of amusement made the afternoon most enjoyable.
