READY FOR THE DEBATE

MINNESOTA TEAM HERE PREPARED TO MAKE A GOOD SHOWING TONIGHT.

SEAT SALE A LITTLE SHORT

Immigration Question Up For Consideration at 8 O'clock—Iowa Result Announced at Phi Alpha Tau Banquet.

The Minnesota team which crosses blades with the Nebraska trio tonight in the intercollegiate debate arrived in Lincoln yesterday afternoon. They went immediately to the Lincoln hotel, expressed themselves as favorably impressed with the Nebraska climate, and are awaiting the issue in the Temple theater tonight.

Donald L. Pomeroy, Harvey Hoshour, and Dean Campbell are the Minnesotans who make up the team. They are accompanied by Mr. H. B. Giflason, coach of the intercollegiate teams of the university. This morning they will be the guests of Professor Fogg on the campus.

In the interval before the debate the selling of tickets is being carried on by an extemporaneous committee of students. Tickets are also on sale at the Temple and at Harry Porter's. Reports have not been received indicating the probable number of Wesleyan and other off-campus visitors to the debate. The seat sale has not, however, been as rushing as it should.

The debate will commence at eight o'clock, following a concert by the band, and presided over by Chancellor Avery. The question reads, "Resolved, that immigration into the United States should be further restricted by means of literacy test. Homer G. Hewitt will open the argument for Nebraska and the affirmative. D. L. Pomeroy will answer for Minnesota and the negative. Following Hewitt will be Reed B. Dawson and Harold A. Prince. The other men of the Minnesota team, Harvey Hoshour and Dean Campbell, will follow Pomeroy.

Prof. F. H. Herriott (Drake), Prof. I. H. Loos (Iowa), and Prof. E. A. Wilcox (Iowa), are to be the judges. Their decision will be made, according to the rules of the Central Debating League, immediately after the finish of the debate, so that there will be no delay awaiting the result.

The result of the Iowa-Nebraska debate is to be announced by telegram to Professor Fogg at the Phi Alpha Tau banquet which follows the Minnesota debate. Chancellor Avery, several members of the faculty, the judges of the Minnesota debate, and the members of the Minnesota team are to be guests of honor at this banquet.

Miss Elsie Warnock, A. B., '08, A. M., '11, has been made instructor in English at Palmera college, Lordsburg, Cal.

The cast will number a few over sixty and contains a large number of the best dramatic talent in the University. Some new material, very promising, will also be introduced to student audiences.

Basketball Floor in Constant Use All The Time Nowadays

While the basketball squad is now practicing only a few hours a week the floor is by no means unoccupied at other times. The freshman squad, the frat teams and the track and wrestling squads have conspired to keep the schedule full at practically all hours of the day. Guy Reed's track men are putting in a good deal of their spare time getting ready for the spring meets. The wrestlers will start active work the first of the year, and the freshmen began their daily practices this week. The fraternity basketball shooters, in the meantime, are sandwiching in their time whenever they can find the gym unoccupied.

Reynolds Acts at Coach.

As Dr. Clapp is still absent from work on account of illness, and as Coach Stiehm is busy with the regular squad, the work of coaching the freshmen has been turned over to C. C. Reynolds. Mr. Reynolds announced the following practice schedule yesterday:

Monday and Friday—7:30 p. m.
Wednesday—8 p. m.
Tuesday—3:45 p. m.
Saturday—2:30 p. m.

NEW CAMPUS WOMEN'S BUILDING

Conference With Architects—New Building an Ideal College Home for the Girls.

Miss Mary Graham, adviser to women, leaves for Chicago Monday to consult with architects there in regard to the women's building for the new campus. Miss Graham will offer to the architects suggestions of her own and of university girls. These suggestions will be used by the architects, as far as is possible, in making the plans, and will go to make the building just what the girls want it. The girls will thereby have a personal interest in the building and will be enthusiastic and more anxious to see it a completed thing. Miss Graham hopes to get a building five times the size of Memorial Hall which will be built and furnished for the comfort of the university girl as her ideal college home.

Miss Graham will be in Chicago from Monday till Friday, when she will go to her home in Dayton, Ohio, for the holidays.

WRESTLERS ARE ACTIVE

ORGANIZE ATHLETIC CLUB YESTERDAY WITH MUCH INTEREST SHOWN.

WILL HAVE SPECIAL COACH

Discussion as to Man for the Position—Ruby and Dailey Candidates.

University wrestling stock took a decided boom yesterday when sixteen men gathered in Dr. Clapp's office and organized the Wrestling club for the season of 1914. While only two of last year's team were out, the looks of the new material was so promising that the promoters were free to predict that Nebraska will come back and that the lost art is sure to be revived.

If everything goes right this will be a banner year in university wrestling. For the first time in six years the western intercollegiate gymnastic association will hold its annual meeting in Lincoln. This meet, which is to be held on March 28, will bring together the best indoor athletes from the fourteen biggest universities in the midwest. One month sooner—or the latter part of February—the Iowa wrestling team will come to Lincoln for the annual contest.

At yesterday's meeting Secretary Carl Ganz was elected president and Merle Wade was chosen secretary. Ganz and Fred Gunther are the two experienced men who have returned to the fold. The former was last year's featherweight champion, while the latter was prominent in the lightweight class. For the three other weights the team members will be chosen from among the new men.

The question of a coach is just now uppermost in the minds of the mat artists. In his selection Dr. Clapp will probably be guided by the preference shown by the club. Two names, those of Owen Dailey and Glen Ruby, have been prominently mentioned. Objection to Dailey has been raised because some of the tactics used in professional wrestling are not permitted by the western intercollegiate association. While the club members concede that Dailey is a clean professional wrestler, some of them feel that the position should be given to Ruby because of the fact that his intercollegiate experience has given him a personal interest in amateur wrestling and a close

Harvard is after two million dollars for a new gymnasium. The first actual contribution was made recently, when the undergraduates turned in the twenty-five thousand they had promised. Gifts from wealthy Harvard alumni are expected, and as soon as sufficient capital is collected the work of drawing up plans will be begun.
