

MINSTRELS REHEARS AT OLIVER REHEARSE IN COSTUME TONIGHT

Final Preparations Hold Attention of
Cast in Expectation of Saturday Night.

The old Oliver theatre rocked with mirth last night at it has not rocked since Topsy of the original Uncle Tom's Cabin troupe told her inimitable tale that she "just grewed." The occasion was the full rehearsal of the Spharo Styx Fun Festival, to be staged at the theatre this coming Saturday night.

Each and every act went off with a vim and a dash, and Coach Prince declared afterwards that he could put the show on tonight, if necessary. He will not rest content, however, without two or three more rehearsals to put on the finishing touches. A dress rehearsal will be held tonight, and the last one, a full dress and scene rehearsal, will occur Saturday morning.

Mr. Thompson, treasurer of the Oliver, said last night that the seat sale was progressing very satisfactorily.

On behalf of the club he serves notice that all the organizations which reserved seats in blocks will have to call for them by tonight. Otherwise, they will be placed on sale, as the demand for them is becoming overwhelming.

Cornhuskers Will Run up Against
Fast Quintet in Second
Game of Season.

The second basketball game of the season will be staged at the armory next Saturday evening, when the Cotner five will come in from Bethany to trim the Cornhuskers. While it will be only a practice game for Nebraska, the suburbanites are expected to show enough to make the contest at least interesting. Once in the dim and distant past they succeeded in slipping one over on the 'Huskers,' and Dame Rumor has it that they are going to try it once more. As to whether or not they will succeed, Coach Stielm is maintaining his usual reticence.

On Friday and Saturday of next week the Wesleyan quintet will invade the Cornhusker territory. All but one of last year's Methodists are back again, and pre-season reports indicate that they will this year show up stronger than they have for many seasons past.

Y. M. C. A. BACKS UNI. MEN'S BANQUET HELD JANUARY 23

Is to Meet Demand For Time When
all Men of University Could
Get Together.

An innovation, in the way of a University Men's Banquet, will take place at the Lindell hotel on Friday evening, January 23rd., from six to eight-thirty.

For some time it has been felt that there is a need for at least one occasion when the men from all departments can get together for a dignified and wholesome good time to discuss the larger problems of university life. Such an event would, in reality, be a sort of forum where those phases of university life, which are of concern to every student, could be brought out for consideration.

The Social Committee of the Y. M. C. A. is responsible for the banquet but all men of the university are asked to be present and lend their contribution to the spirit of the occasion. The association is strongly convinced that such a banquet properly conducted will not only be a great factor in enlarging a spirit of real culture and refinement, but that only in free and open discussion can the correct solution of the problems of our university life be reached. Chancellor Avery will act as Toast Master; Prof. Alexander of the Philosophy Department, R. I. Howard of the State Department of Education and others will be present and on the toast list.

The price of plates will be one dollar. Tickets will be on sale by canvassers on Saturday of this week; they may also be obtained at the Temple at any time.

University Notices

Tickets for senior hop may be obtained from the following: Epperson, Beck, Dawson, Kaevan, Griffin Shirley, Lyman or Driscoll. The hop will be given Friday, January 16, at the New Lindell ball room.

The Black Masques will give an informal party for all university girls at the Temple, Saturday afternoon from 3 to 5.

DR. BESSEY GETS BOTANICAL WORK PRINTED IN JAPANESE

Many Beautiful Illustrations of Scientific Value Appear as Prominent Part.

Dr. Bessey has recently received two volumes of botanical research from Japan. Dr. Homi Shirasawa is the author of these and he has written the "Icones of the Forest trees of Japan" in the Japanese language. The title and introduction begins on the back page and the descriptions and plates extend there from to the front page. These books, although written in Japanese, refer to the Latin names of the species thereby making it possible to refer to the descriptions in English. Dr. Bessey says the cuts are

the invaluable part of the books, the finest he has ever seen.
