## LUMBER MEN RECOMMEND INSPECTION OF UNI SITES

Question of Removal Should be Settled by Intelligent Vote of People, is Resolution of Association.

The Nebraska Lumber Dealers association, in session in the city, went on record yesterday as favoring the settlement of the University removal proposition only after the voters have actually investigated the question. They emphasized the importance of the question and expressed themselves as being averse to having it taken up lightly in the initiative vote which comes next fall.

Their recommendation in brief stated that "Nebraska voters should acquaint themselves with the exact situation relative to university removal by making a personal inspection of the present and the proposed sites of the institution. This resolution was passed at the closing meeting of the series, which have been held during the past week at the Lincoln hotel.

The question of removal has come up for discussion several times during the meeting of the Association. The lumber men however, preferred to emphasize the importance of the question to the educational interests of the state rather than to go on record as for or against removal.

## THOSE PICTURES ARE DUE SOON

Cornhuskers Managers Patiently Waiting For Some—But Patience is Going Fast.

Cornhuskers pictures must be in before January 24th. Else those who desire the reproduction of their physiognomies in the 1914 volume and are tardy about having the pictures taken will find out that the book awaits for no one, like time and tide, the Cornhusker waits for no state.

The business manager of the Cornhusker states that the organizations must also have their pictures in before the 15th of February. This means that the said organizations must make their appointment with Townsend as soon as possible. This picture proposition must be attended to according to the authorities and the quicker the better. Just one month remains in which organizations can pose.

The pictures of the juniors and seniors are coming in rapidly, especially during the past week. There are still some who think they have plenty of time in which to attend to the matter. This call is for those tardy ones.

**All University Girls' Party January 17, 3 to 5 P. m.**

A party for all university girls will be held in Music hall in the temple, Saturday afternoon, January 17, from 3 to 5. The managers ask all to bring crocheting or needle work if desired. For the less industrious more frivolous amusements are being planned to get all acquainted with the other girls. An admission of 5c each will be charged to defray expense for refreshments.

## NEW MEDIC BUILDING A MODEL OF ITS KIND

Ranks High in Equipment and Teaching Staff—Final Bills for Construction Paid Off.

Superintendent C. E. Chowins was in Omaha Thursday straightening out final business matters with Contractor J. H. Hart, who built the new medical college building. Supt. Chowins checked over the accounts and paid the final estimate on the construction work at this time. The payment of this last estimate brings the cost of the building, exclusive of plumbing, heating and wiring, to \$77,968. The cost of the building completed will total close to \$110,000.

The building, according to Superintendent Chowins, is a model of its kind. It is an entirely fireproof structure of four stories. Its equipment is of the latest and most approved type which affords facilities equal to those of the largest and best schools.

The college was thrown open to the students last September. Although an official report of their number is not at hand about one hundred "medics" are registered for this semester.

## RUTHERFORD'S INJURY MAY WEAKEN CORNHUSKER TEAM

Nebraska's Star Guard Out of Game for Two Weeks—Cripples Proposed Line-up in Cotner Game

Dick Rutherford is out of the game for at least a month. He injured his right shoulder while engaged in gymnastic work this week, and will not appear in basketball togs again before February 1st.

With the loss of Nebraska's star right guard, Coach Stiehm is facing another problem. He has plenty of good material for the guard positions, but even the loss will be felt keenly.

As the time for the Cotner game draws closer and closer, the coach look more and more dubious. The Cotner bull dogs have a strong line-up this year, and they will undoubtedly show up well tonight against the crippled Cornhuskers. In Rutherford's absence, Warren Howard will probably be called upon to fill the position of right guard.

## THE BLACK MASQUES ENTERTAIN

Senior Society Holds Open House for All University Girls this Afternoon.

An all-university girls' party will be given by the Black Masques at the Temple this afternoon from 3 to 5. This is the first of a series of parties to be given on Saturday afternoons and affords an opportunity for the girls to get together for music, dancing and an informal good time.

**Buck at Convention.**

Professor P. M. Buck will speak on Galsworthy and Bennett at convocation Tuesday.

## M. V. RULING ON CARPET

CONFERENCE OFFICIALS MEET MONDAY TO SETTLE QUESTION OF FOREIGN GAMES.

## MISSOURI AND K. U. REQUESTING

That Annual Game to be Played in Kansas City—Decision Will Affect Omaha-Lincoln Question.

The proposition of allowing Missouri valley football games to be played in other than college towns will come to a head in Lincoln next Monday at a conference of the presidents and governing boards of the valley. The matter has been agitated for some time. It is being furthered by Missouri and Kansas, who are said to be desirous of staging their next annual game in Kansas City. Should their request be granted, it is possible that Omaha will ask for one of the important game of next year's Nebraska schedule.

This meeting is participated in by the heads and governing bodies of the institutions represented in the conference, and has nothing to do with the semi-annual meetings of the faculty representatives. Eight or nine men will be in attendance. Those who have already signified their intention of being present are Prof. W. E. McCourt of Washington university, President E. T. Hackney of Kansas state board of education and administration, President Raymond A. Pearson of Ames, Vice President E. W. Stanton of Ames, and Chancellor Avery of the University of Nebraska.

Several important matter will come up for consideration, but the matter of foreign football games is receiving the most attention.

## OWEN DAILY TO COACH UNIVERSITY WRESTLERS

Club Will start Work Next Week Under Direction of Champion Mat Artist.

Owen Daily, champion lightweight wrestler of Nebraska, Iowa and Canada, will this year coach the university wrestling club. He was appointed by Dr. Clapp yesterday on recommendation of the club and last year's team, and will begin his duties at once.

Daily is considered one of the fastest wrestlers in the west. In the 400 matches in which he has participated he has lost less than fifty. He has thrown such men as Walter Keegan and Ross Robinson, until now his claims are undisputed. He was born and raised in Nebraska and has made Lincoln his home for some time past. The wrestling club will work next week in active preparation for the forthcoming meets.

**Movies Invade Museum.**

Dr. Condra is taking moving pictures of museum specimens. This will be shown in one of the geography classes next semester and also at the annual meeting of the conservation society.
