ORGANIZED AGRICULTURE

THIS IS SPIRIT OF WEEK'S ACTIVITY AT STATE FARM—AN ANNUAL AFFAIR.

DR. CONDRA SHOWS STATE FILMS

Has Many Interesting "Movies" to Present the Farmers of the State Here for Lecture.

The University is acting the host for the delegates and visitors to Organized Agriculture Week, January 19-23. Twenty-five associations of the different phases of agricultural industry are meeting in sessions at the University Farm campus, with a number of special exhibits and shows, lectures, and discussions. The city Auditorium will be brought into service for a number of the shows, and each night moving pictures of Nebraska industries and resources will be shown.

The special exhibits which have been arranged for at the Auditorium are the apple, floral, home cured meat, and corn shows. They will be open every evening. On Tuesday evening a special moving picture show giving a complete exposition of the beet sugar industry in Nebraska will be presented. This film was secured by Dr. Condra of the State Conservation Commission, and it is the most complete presentation of the subject which has ever been obtained. A reel will also be shown, illustrating irrigation in the state. Agricultural students are especially notified of this program.

The program for Tuesday is as follows: State Board of Agriculture, Commercial Club rooms; State Horticultural society, Lindell hotel; Nebraska Horse Breeders' association, Judging Pavillion, State Farm; State Home Economics association, State Farm; Agricultural Hall; Association of State, County Fairs and District Fairs, Lincoln Commercial Club.

The committee in charge of Organized Agriculture week is composed of W. R. Mellor, chairman; J. R. Duncan, Dean E. A. Burnett, Prof. C. W. Pugsley, W. S. Whitten, Geo. W. Kline, secretary.

Dr. C. W. McCampbell, of Kansas Agricultural college, and Prof. E. A. Missouri University, are on the program for the afternoon session of the Horse Breeders' association today.

Senior Hop Opens Lindell Hotel Ball With Lively Party

"One of the classiest dances of the year," was the frequently repeated slogan following the senior hop at the Lindell hotel last Friday night. About one hundred and twenty couples attended the dance without uncomfortably crowding the hall. The seniors were highly pleased over the dance, saying that the class debt had been decreased considerably.

The new hall is "L" shaped, tastefully decorated and providing a pleasant, accessible place to dance. Provisions for serving punch and wafers are unusually good and there was little crowding at the punch bowl.

QUESTION OF BASEBALL STARES BOARD IN FACE

Matter of Putting Team in Field This Year Comes up for Consideration.

The question as to whether or not Nebraska will have baseball this spring came to a head last evening at the regular monthly meeting of the athletic board. A committee consisting of Professor Barber, Coach Stiehm and "Stone" Linstrum to investigate the matter in an effort to find out if it would be advisable to put a team in the field this spring.

Objection is raised against baseball here because many members of the team play professional ball in the summer in violation of the rules of the Missouri valley conference. It is claimed that some of these men afterward sign affidavits to the effect that they did not play for money, although the authorities realize full well that such statements are untrue. On the other hand, it is argued that Nebraska can have baseball—and good baseball—without the aid of these professionals.

Members of last year's team who are back in school this year have been pushing the matter, but the men in charge of athletics affairs have shown an unwillingness to prepare a schedule until they could get an expression of opinion from the board.

At the meeting last evening Goetze and McMasters were granted "N's" for work in cross country. The board also approved Stiehm's basketball schedule, and directed the acting secretary to forward to the eligibility committee of the Missouri valley conference the letter in regard to Captain-elect Max Towle eligibility. This letter was drafted by a committee appointed at the last meeting of the board. It was a plain statement of the facts in the case and contained no recommendations whatever.

FIRST ALL-UNI GIRLS' PARTY LAST SATURDAY

The first of a series of all-university girls' parties, given by the Black Masques, at the Temple Saturday afternoon was a decided success. A large number attended and spent the afternoon with music, dancing and games. Auction dominoes was the favorite amusement. It has been rumored that later in the year boys will be admitted to the afternoon parties.

University Notices

A Girls' club council will be held in the Temple Y. W. C. A. rooms tonight at 5 o'clock.

A. S. M. E. Cornhusker Picture—Every member and associate member should be in this picture. Do not fail to be at Townsend's promptly at 11:30 today.

Regular meeting of the Engineering society Wednesday evening, January 21, at 7:30. O. J. Shaw of the Lincoln Traction Co. and J. B. Harvey of York, Neb., will speak on "Central Station Management and Engineering." All engineers out.

WANTED—Will the man who borrowed sketch of draftsman at senior hop return same to Uni Book Store.19-3

Value should have more weight with you than price.

In buying a suit or overcoat, would you feel safe to find just one ticket on it marked only with the sale price?

You'd have to rely solely on your own judgment as to what the original price and genuine value of the garment was.

Yet that's exactly the situation which you face in many stores, and naturally you may be deceived as to a garment's real worth; you may buy it supposedly at 1-3 Off and find later that instead you paid about 1-3 On to its actual value.

But come to us and you can banish all such fears from your mind.

Our original price ticket marked in plain figures is fastened to every garment when it first reaches us, and there it stays until the garment is sold. We never manipulate prices nor try to mislead you in any way.

Your good-will, friendship and permanent patronage are worth more to us than the few dollars we might fleece you out of once or twice if we set about it.

Right now! Broken lines of our splendid, high-grade suits and overcoats (Kensingtons, Kenmors and Kuppenheimers) priced for quick clearance at 1-5, 1-4, 1-3 and in some cases even 1-2 off. Similar reductions in Velour Hats, Men's Underwear, Neckwear, and throughout our Boys' and Children's Dept.
