LAST GAME OF TOUR**

Iowa Militia Boys Beaten by Score of 38 to 22—Clean Slate.

Fort Dodge, Ia., Feb. 9.—Nebraska University defeated Company G to-night in a fast contest by a score of 38 to 22. The University lads were handicapped by playing under A. A. U. rules, but put up a whirlwind exhibition. The militia boys were swept off their feet in the first ten minutes by the spectacular passing and basket shooting. During the first half Nebraska negotiated nineteen points, while the Company G men succeeded in caging the ball for seven points. In the second half nineteen points were again made by the Cornhuskers, while Fort Dodge was more fortunate than in the first period, and fifteen points were made.

This was the first defeat for Fort Dodge this year. Nebraska has not lost one game and leaves here with a clean slate.

The locals were a good deal smaller than their opponents and their condition was not as good. The team work of the visitors was excellent, while Fort Dodge seemed to hesitate during the first part of the game. Towards the last they seemed to regain old form and made a supreme effort to gain the lead, but the handicap was too great and time was called just as they were within striking distance.

liquor in this country alone. Mr. McCain calls this the Pragmatic Age—the age when people ask why, and then find out. College men and women will inevitably have to face and deal with this question and therefore approximately fifty colleges have instituted courses of study dealing with the liquor question. There are two hundred and ten leagues in thirty states working to help solve this all-important question.

Mr. McCain also spoke in the Temple Theatre last night on "The Fires of the Crucible, or Liquor and the Immigrant."

Washburn Girls Adopt Rushing Rules
After many arduous debates, the girls of Washburn College have finally agreed upon a new code of rushing rules for the hunting season next fall. The new rules cover the whole subject from soup to nuts, and is almost as elaborate as as the celebrated code of Justinian.

In the bagging of chickens the code states how many decoy ducks may be used. It specifies the kind of baits that may be employed and how much, and many other important matters of vital importance.

TWO VETS APPLY FOR LIFE PASSES

Old Nebraska Athletes Wish to Enjoy One of the Sacred Privileges.

Judge P. E. Reeder, who captained the baseball team in 1898 and played six years on the Cornhusker nine, has made application for his life pass.

Lieutenant Dale McDonald, holder of the Nebraska records in the high and low hurdles, writes from Fort Logan, Utah, where he is stationed with the Twentieth U. S. Infantry, that he desires his life pass. McDonald was on the track team in 1908 and 1909.

Germany.

In a certain university in Germany there are special saloons for the students, to be at their disposal at any time. The kaiser, having become a temperance man, has tried to abolish the saloons. He has lately made a rule that no student should take more than five drinks a day. They're getting strict in Germany.—The Daily Texan.
