VOL. XIII. NO. 96

UNIVERSITY OF NEBRASKA, LINCOLN, SATURDAY, FEBRUARY 21, 1914.

PRICE 5 CENTS

PETITIONS ARE FILED

SUFFICIENT NUMBER OF SIGNERS FOR REFERENDUM.

THE UNI. LOCATION QUESTION

26,600 Names Obtained—More Than Amount Required by Law—Filed With Secretary of State—November Election.

Petitions asking that the question of the State University's location be submitted to the people at the next general election in November have filed with the secretary of state by the University authorities. Twenty-six thousand six hundred names were signed to the large number of petitions, which if placed one after another would make a list several hundred feet long.

The law requires 10 per cent of the votes cast at the last election to be signed to such a petition. According to this, 25,912 would be the requisite number, which leaves a bonus of 788 names. Secretary Wait will make a canvass of the names upon the petition to ascertain the validity of the number.

The petitions were circulated under the direction of the University officials, who are anxious to have the matter settled in order that the three-fourths mill levy for expansion can be applied to that purpose. A great number of the names were secured through the efforts of students who canvassed their territory while home on their vacations. A number earned their railroad fare at Christmas time in this manner.

Generally the names of the signatories have not been hard to obtain, but the difficulty seems to have been in getting the papers before the ten per cent of the voters required for a referendum.

Those who are interested in the question count this another step toward the final disposition of the much-discussed problem.

Separate ballots will be used in sub-

THINK VACATION IS THE SPICE OF LIFE

Professors as Well as Athletes, Debaters, Etc., Make Extended Trips.

Each year as the autumn season comes 'round the football team is organized and they soon start on their conquests to "Gophertown" in search of Gopher hides and to Lawrence after their "beloved Jayhawk." After the football season the debating team decide they need a change, so they take a little trip up to the city of Malcolm. Next comes the basketball team. They practice long and hard and are rewarded by trips to Minneapolis and Drake, etc. Now, the strange part about the whole thing is that the professors are getting the habit of taking a short trip also. Of course they have to go to Omaha to judge a debate or deliver an address or for some other equally good reason. But the point still remains, it is a good thing to take a little change of atmosphere at times during the school year. The professors think so. Moral, if you can not make the football team nor basketball team nor debating team, be a professor.

IOWA WRESTLERS HERE FOR BIG MATCH TODAY

Five Fast Matches in Store for Mat Fans—Co-eds Invited as Well as Men.

The wrestlers of the University of Iowa will meet Nebraska tonight in the Armory. The referee has not been selected. This dual meet, which is nothing short of a tournament, will begin at eight o'clock. Five matches will be pulled off. The weights are 125 pounds and under, 140 pounds and under, 145 pounds and under, 165 pounds and under, and 17 pounds and over. Nebraska will be represented by Pascal, Ganz, Gunther, Ballis and Kruse.

Cochran Daily, Friday afternoon, made this prediction: "Nebraska will give Iowa a run for her money. I don't care to pick winners, but will say that I expect three Cornhuskers to pin their opponents' shoulders to the mat. The boys are in good condition. They are going in to win. From a spectator's point of view the matches will be full of pep."

Every Nebraskan should turn out to help give Iowa a trimming. This is the fourth time the two institutions have met on the mat. Iowa has won one dual meet and Nebraska has won two.

Knock Tango.

It is understood that a number of first and second year men are being called to account for the fact that they are not taking physical training.

Suggestion:—Why not follow the example of Chicago and Wisconsin, where the faculties are contemplating substituting tango lessons for the required physical training. The men would get the same amount of exercise, and the "gym" classes would prove the most popular of the whole curriculum.—Drake Daily Delphic.

REWARD OFFERED FOR BEST ENGINEER SKETCH

Mechanics Offer Prize for Best Selection—To Be Produced University Night.

The Engineering Society will give to the man who presents the best sketch for an Engineers' stunt for University Night one ticket to the Engineers' Hop and one ticket to the Engineers' Banquet, or \$2.00 in cash. For further information call T. E. Wood (phone L5747). All sketches must be in the hands of the committee by Wednesday, February 25th. Mail sketches to Box 1404, Station A.

FACULTY MEMBERS ENJOY UNIVERSITY DINNER

Fifty Members of Club Attend—Professor Alexander on "A System of Honors."

The third meeting of the University Dinner Club was held at the Temple last evening. The dinner was prepared by Mr. Orr of the Cafeteria. Girls of the Home Economics department served. Professor Alexander read a paper on "A System of Honors." This paper was not on the "honor system" from the standpoint of the students, but from the standpoint of the general public.

There were about the usual fifty members present. The members of the committee who had the preparation of the dinner in charge were Professors Fling, Sanford and Bradford.

Natural Relationship.

Professor Aylesworth: "What do 'Corn Laws' refer to in England?" Student: "To wheat."

Professor Aylesworth: "What in Ireland?" Grainger: "Potatoes."

—Pol Sci Class.

THREE FRAT BASKET BALL GAMES TODAY

Phi Psi Win Third Game Through Forfeiture of Sigma Nu—Deltas Win.

Teams are being continually eliminated in the basketball games between the different fraternities. Thursday evening a six o'clock Delta Tau Delta defeated Delta Chi by the easy score of 20 to 5. The Alpha Sigma Phi-Alpha Tau Omega game was postponed last night.

Phi Kappa Psi gained over Sigma Nu by the latter's default. Today three games will be played off when Alpha Theta Chi meets Delta Chi, Delta Upsilon plays Kappa Sigma, and Alpha Sigma goes up against Phi Gamma Delta. When these games have been played off a good line on the winners of the tournament will be had. Below is given the standing of the teams to date:

Standing of Frat Basketball Teams.			
	Won	Lost	Pct.
Alpha Theta Chi	2	0	1000
Delta Tau Delta	1	0	1000
Kappa Sigma	2	0	1000
Phi Kappa Psi	3	0	1000
Sigma Alpha Epsilon	1	0	1000
Phi Delta Theta	1	1	.500
Alpha Sigma Phi	1	1	.500
Phi Gamma Delta	1	1	.500
Alpha Tau Omega	0	1	.000
Beta Theta Pi	0	1	.000
Delta Chi	0	2	.000
Delta Upsilon	0	1	.000
Sigma Chi	0	0	.000
Sigma Nu	0	3	.000
Sigma Phi Epsilon	0	1	.000

Several students were injured when the bleachers at the Michigan armory gave way, dropping over five hundred people to the floor. The accident occurred at the start of the M. A. C. Notre Dame basketball game.—Daily Maroon.

SOPHOMORE CHAMPS

LARGE CROWD ATTENDS GIRLS' BASKETBALL TOURNAMENT.

SENIORS DEFEAT THE JUNIORS

Freshman Team Handicapped by Loss of Stars—Public Basketball Exhibition Proves Successful—Special Dances.

The sophomores last night won the girls' inter-class basketball championship. The freshman-sophomore game began with the sophomores showing up very well. The first goal was made by Lucille Leyda for the sophomores within thirty seconds after the whistle sounded. During the first half the sophomores played much faster than the first-year girls, the Leyda twins playing especially well. The first half ended with a score of 12-5 in favor of the sophomores. In the second half, which was played after the juniors and seniors had played the first half of their game, the freshmen came back strong, throwing three field goals before the sophs made a point. Misses Tinkelaugh and Isenberg were the strong players for the freshmen. Miss Tinkelaugh was very good as shooting baskets and held up the chief part of this burden. Miss Isenberg was not so prominent in this line, but her accurate passing and good judgment at all times makes her deserving of special mention. The game ended 17-14.

The junior-senior game was not quite so fast and was not featured by such good basket shooting as was the first game. The juniors fought hard to the finish, but were evidently outclassed. Beulah Harris played the stellar game for the seniors as far as baskets are concerned. Gertrude Van Diel, the captain, played a very good game at center, being able to reach up and pick the ball from the heavens with perfect ease. For the juniors, Maria Clark, captain and center, deserves a great deal of praise. The first half ended with the seniors in the

EVANS AND BARNES SPEAK BEFORE ENGINEERS

Cost-Accounting Keeping as Used in the University and Other Business Discussed.

At the Engineering Club meeting, held in the Mechanical Engineering building last night, cost accounting and cost keeping were discussed by H. A. Evans, purchasing agent of the University, and Mr. Barnes, of the Cushman Motor company. Mr. Evans explained the different stages through which a requisition for goods by different departments must pass before they are ordered. The different forms used in the purchasing department were shown and explained. Mr. Barnes made an interesting talk on the cost accounting system used in the shops of the Cushman Motor Works. Different forms used in this establishment were also shown. Many questions were fired at Mr. Barnes by men in the audience and he answered them in an able and interesting manner.

The next meeting of the organization will be held in March.
