The DAILY NEBRASKAN purposes to be the free voice of student sentiment; to be fair, to be impartial, to seek advice as well as offer it, to truthfully picture college life, to go further than the mere printing of news by standing for the highest ideals of the University; in short, to serve the University of Nebraska.

TO EVERYBODY

The report of the committee which has been investigating the student council question, together with discussions of the more salient features of the proposed plan, are in today's paper. Have you read them? If not, do so at once. We cannot impress upon you too forcibly the importance of this movement. It is an innovation of great possibilities, certainly of radical changes. The committee has reported. The matter is in the hands of the Innocents, the Black Masques, and the Girls' Club. These bodies have gathered together vast amounts of information. They have boiled this down to tangible form. All they wish is to put before you the facts and possibilities. It is up to you to decide the nature of the council, or whether or not you want one at all. The Nebraskan is trying, with the co-operation of the societies interested, to put before you everything we can find out about the plan. It is your duty to become familiar with the idea in general, and the more important features in detail. You will find all of this in the Nebraskan. If you have any additions or alterations to suggest, send them in. We want them. We want to encourage sound discussion on this important question. We all are working for the best of our University. But we don't all work in the same direction; we don't all have the same ideas about what is worth while and what is not. In this matter, we want to get a positive sentiment on the part of every student. We want none to plead indifference, none to plead ignorance. The Nebraskan will furnish the facts. Read them over carefully. Then let's hear what you think about it. Everybody has a voice. Let him use it, then, in the interest of his University.

TO ALL CADETS

The Nebraskan wishes to correct a few misinterpretations in its policy regarding military encampment. We are neither "knocking" nor are we "boosting." Personally we have signed the petition. What we have insisted on was merely that you know for what you are petitioning before you petition; that you ask the authorities to grant camp because you really want it, not because you were solicited.

There is especially one impression which we want to correct. Lieutenant Bowman is not soliciting signers, nor is he conducting any campaign to secure camp. Personally he favors camp. But he will not go before the University Senate and ask for it un-

less you want camp bad enough to sign the petitions. His idea is exactly what the Nebraskan has been advocating. If you want camp you will make it known without a campaign to secure signers. The Commandant stands merely as the voice of the cadets. If you desire camp, he will do all in his power to get it for you. If you do not desire it, he is not going to force it on you. It is up to you.

LEST WE FORGET

The Third Symphony Program is to be given this morning at convocation in Memorial Hall at eleven. If you went to the first or second of these numbers, it is useless to exhort you to go today. You will be there. To those of you who have so far missed them, ask your friend who did go. Pack Memorial Hall to the rafters. You'll miss a real treat if you stay away.

TODAY IN NEBRASKA'S HISTORY

February 26, 1902.

The subject of a school of mines in the University of Nebraska is beginning to demand some attention. Professor Barbour recently discussed the question at some length. Under existing circumstances, there is every opportunity for the establishment of a successful school of mines in this section of the country.

February 26, 1909.

The Dramatic Club will give the first play of the year at the Temple Theatre, Tuesday evening. The title of the production is "The American Citizen." Sam A. Erskine will be seen in the title role. The play is a four-act comedy and with the excellent cast should be a production of real merit.

MANY QUESTIONS FOR STUDENT CONSIDERATION

Special Committee Gives a Word of Explanation Regarding Their Report.

In regard to the accompanying report of the committee to investigate the Student Council, a word or two of explanation is necessary. The answers received were in many different forms and shape, so that it was almost impossible to make a comprehensive report that would be of any value. It was decided that about the best thing that could be done would be to make out a possible plan, compile the data in a systematized form as near as possible and be ready to meet any answers orally.

Several things in the report need explaining. The first thing deals with form of organization. Should it be based on an association formed of students who voluntarily pay a single tax, or should all students vote for the members of the Council?

Should the governing body be a Council, a guild composed of the leaders such as athletic captains, editors, debaters, etc.? Should it combine such bodies as the Publication Board, Athletic Board, etc.? Such things are eventually to be decided by the students and faculty.

How far are the students in council to be empowered? Shall they regulate student morals, or shall they only attend to such things as have formerly been taken care of by the Innocents, Black Masques and Girls' Club Council?

How should representation be distributed? Should there be men only, or men and women both? Or should each have a separate organization which should co-operate on certain matters? This last is in force at Kansas. How should representation be distributed, among colleges, or elected from the University as a whole, or part of each?

CHAMPIONSHIP SERIES WITH KANSAS PROBABLE

Jayhawks Have Won All the Games in the South But One—Have Strong Team.

There may be a championship basketball series with Kansas. There is a possibility of three games being arranged. The Jayhawkers have been cleaning up in the southern division. They will, at the end of this week, have played fourteen games. They have lost one and won the rest. The Cornhuskers have two more games on their regular schedule. These are to be played with Ames on Friday and Saturday night of this week. Nebraska has to date played fifteen games. So far they have won thirteen, lost one and tied one.

It goes without saying that such a series would receive the hearty "O K" of the students at Nebraska.

If the games are played they will take place next week. In case of the series being arranged, one game will be in Lawrence and one in Lincoln. The rubber game will perhaps be played in Kansas City.

The University of Missouri Glee Club will start on a three weeks' trip to the Pacific coast, February 1, as guests of the Santa Fe.—Daily Illini.
