The DAILY NEBRASKAN purposes to be the free voice of student sentiment; to be fair; to be impartial; to seek advice as well as offer it; to truthfully picture college life; to go further than the mere printing of news by standing for the highest ideals of the University; in short, to serve the University of Nebraska.

UNIVERSITY EXTENSION

The Nebraskan hasn't put aside University Extension. We voiced our opinions recently—we waited to hear what the students think of the plan. We want to know of you, Mr. Student, what do you think of the plan? Or, in fact, do you think of it at all?

The plan is briefly outlined in Mr. Clark's article in "The Forum" today. The idea is not new even to Nebraska. The debating team has already gone to Malcolm. The Dramatic Club has become an annual attraction in Loup City. The Glee Club makes annual tours about the state. The Cadet Band will make a trip in the near future. What we advocate is the uniting of these separate activities into a bureau of University activities, managed by the University in a manner to do the most possible work for the University. The uniting is not a radical departure. Nor is it difficult to accomplish. All that is necessary is united student sentiment.

We do not hesitate to say that this movement is, in our opinion, the most essential one which has been before the students in many years. It is something that can do what nothing else can—popularize the University of Nebraska. You realize the benefits of this. If you make YOUR University THEIR University, if you demonstrate to the people of the state your real worth, your actual value, if you bring the University into actual contact with the people, their support is assured, their children will come to Nebraska, to OUR school.

We want you to think it over. There is nothing more worthy of your careful consideration. Is there anything about it you don't like? If there is, say so. This question is of vital importance to the University of which you are a part. Let's hear your voice in its interest.

People We Know.

Helen Kilpatrick of Beatrice is visiting friends at the Kappa Kappa Gamma house.

Homer Gittings of Superior is in the city.

Edna Bushnell of Fremont is at the Alpha Xi Delta house.

Professor Childs has resumed work in the Forestry department after being confined to his home for three weeks.

The Cadet Band will give the Mozart program at convocation Thursday.

CONVOCATION.

Secretary Ewing of Y. M. C. A. to Speak on "Architecture of India."

Today at convocation Secretary Ewing of the Y. M. C. A. will deliver an illustrated lecture on "Architecture of India." Mr. Ewing has spent some time in India and is very well versed in this subject. In addition to this he has some very beautiful slides with which to illustrate. One week from today will occur the inter-class debates. On Thursday of this week the University Cadet Band will give a concert and on one week from Thursday the Symphony concert will be given.

TODAY IN NEBRASKA'S HISTORY

March 3, 1902.

One defeat and one victory is the record of the basketball team so far on its southern trip. They were defeated Friday night by the Haskell Indians by a score of 73 to 29. It came, however, after the team had traveled all day. This defeat was partially retrieved by a splendid victory over K. U. the following night.

March 3, 1905.

The meeting of the delegates to the Pan-Hellenic dance committee was held yesterday. An agreement as to who should be chairman and master of ceremonies was expected, but the committee split into two factions. It is not known what action Theta Nu Epsilon will take as to whether the dance will be known as the Pan-Hellenic or the T. N. E.

been had you been left free to select (within the published requirements) for yourself?

II. Are you satisfied that the suggestions of the advisor for your freshman work were to your advantage? (If not, please state under VI. in what particular they were deficient.)

III. Was the advice received from your major advisor satisfactory? (If not, please state under VI. the defect.)

IV. Do you think that freedom in the selection of an advisor from among the faculty members would have been an advantage (a) for your freshman advice, (b) for your major and minor advice?

V. Would the postponement of choice of a major subject until the beginning of the junior year have been an advantage to you?

VI. State in detail any circumstance connected with the advice you have received from official advisors which you regard as open to criticism.

VIII. Have you any suggestion to offer for the improvement of the present advisory system?

WHY DROP IT?

Too frequently matters of vital interest to the University are thrust aside by more immediately pressing affairs. Intended to be laid aside but for a moment, they are finally entirely lost track of through no other fault than that they have no champion to compel definite action upon them. I do not intend to pose as a champion of worthy but fatherless causes, but in one particular case the above criticism does seem to apply, the case of University Extension Week.

The plan as proposed is entirely feasible, has been decidedly successful wherever tried, notably so in Minnesota, and seems to need little more than the backing of a strong student and faculty sentiment in its favor to bring about its adoption at Nebraska. There is nothing new or startling about it. It merely proposes that a more just opinion of student activities be engendered throughout the state by giving the people of as many of the Nebraska towns as possible the chance to form first-hand judgment upon the work of the students from witnessing their performances in various lines of work carried on here. A sort of chaquetauqua circuit composed of University numbers gives a fairly comprehensive idea of the plan.

There are a number of quite obvious arguments in favor of such a plan and some perhaps less obvious yet even more compelling. It is too nearly true that such affairs as the infrequent student "festivities," athletic contests, etc., have come to largely represent the University in the eyes of the taxpayers of the state. Such affairs receive "headline" notice in the newspapers, while in some obscure corner in the same issue will appear a notice of the Dramatic Club play, the inter-class debates, or some equally trivial "news item."

It is largely up to the students themselves whether in passing up as of too little importance for their consideration this matter of a University Extension Week, they will uphold the judgment of the newspaper reporters, or whether by inaugurating such an institution they will not only deny its present justice, but will provide a means of continued denial in sending out through the state every year a truly representative body of students to justify to the citizens of the state the existence of this institution for the education of their sons and daughters. —R.
