The DAILY NEBRASKAN purposes to
be the free voice of student sentiment;
to be fair; to be impartial; to seek advice
as well as offer it; to truthfully picture
college life; to go further than the mere
printing of news by standing for the
highest ideals of the University; in short,
to serve the University of Nebraska.

The Forum

University Extension.

It is time the student body took definite action upon the "University Extension" plan. The band is working earnestly in its efforts to secure a trip during the spring vacation. This move is in harmony with the purpose of "Uni Week." As planned by the band, it will bring the people of the state into touch with the practical side of college life; it will show the voters of Nebraska the things for which our University really stands.

It is to the voters of Nebraska that we, as students of this University, must look. When once the people realize the real standing of their State University they, through their voters and legislators, will look more carefully after the needs of our school.

We talk about "University removal," when we should be trying to remove the mistaken ideas which, one way or another, have imposed themselves upon the Nebraska voter's mind. Let us show the people out in the state what we are doing here at their school; show them for what their money is being spent and then they will do anything for the good of the University, be it removal or whatnot.

Now what can better accomplish this result than the activities outlined by the "University Extension" plan? The band is taking the initiative, and I say, GIVE US MORE OF THE SAME THING. L. O. CHATT.

ment which will net them a handsome sum as indications show.

The largest donation received was over \$100, which was subscribed by the Howells Club. The national committee of Z. C. B. J. (a Bohemian lodge) donated \$100. The Z. C. B. J. lodge at Milligan, Nebr., gave \$50. These substantial donations indicate

how strong is the interest in the undertaking which was inaugurated by the Bohemian students of this University. While the work is under the auspices of the Komensky Clubs, any persons or organizations interested may assist in the materialization of the club's plans to erect a permanent piece of sculpture of a historical character on Nebraska's campus.

The executive committee of the Komensky Club solicits any suggestions those interested may have. Prof. Sarka B. Hrbkova and Karl L. Janouch of this University are members. The committee has various suggestions under consideration, one of which was made by Professor Fling, who suggested that the monument be of bronze. It is hoped that the various organizations and faculty members will give whatever suggestions they may have. It is the desire of the committee to make this a University affair.

People We Know.

Otis Skinner as "Hatt the Beggar" in "Kismet" was to speak to a class in Miss Howell's department yesterday, but was unable to keep his appointment on account of other important affairs.
