

CORNHUSKERS LOSE

WESLEYAN WINS RUBBER GAME FROM CORNHUSKERS.

FAST PLAY WAS BIG FEATURE

Wesleyan in Excellent Trim and Fight Was in Their Blood—Nebraska Probably Overconfident—Game Fairly Won.

Wesleyan won the rubber game last night from Nebraska. The contest was staged on a neutral floor—the City Auditorium having been transformed into an arena. Some six or seven hundred fans witnessed the tragedy.

"Red" Brown, an ex-Kansas basketball star, did the officiating and gave entire satisfaction. The story of the game is told in detail. It was just about like this:

Wesleyan came on to the floor at two minutes of eight and began warming up on the north basket.

Nebraska, led by Captain Haskell, came on to the floor ten minutes later. They were greeted by old No. 1.

Both the supporters of Wesleyan and Nebraska were trying to drown out each other.

A part (nine pieces) of the Nebraska Band was on hand doing its best to add to the racket.

Both coaches called their teams off for a final council of war.

At 8:28 p. m., Referee Brown threw up the ball and the game was on.

Keester scored first by the free route. In just a minute of play Hugg shot a basket from a bad angle. Hughes scores. Keester shoots another free throw. Kline scores. Keester misses free throw. Haskell scores. Keester again misses. Johnson scores. Captain Haskell scores on an out-of-bounds play. Hawkins to Haskell Double foul. Keester and Haskell miss. Hughes tackles Haskell. Haskell throws his first free throw. Hughes scores. Haskell adds one point on a foul throw. Keester

HIGH SCHOOL BOYS TO BE ENTERTAINED

Nearly 500 Boys Expected in the City During the Tourney—Y. M. C. A. Working With University.

The Y. M. C. A. and the Athletic department of the University are working in co-operation to make the High School Basketball Tournament to be held next week the best ever held at the University. Every train will be met by University students. The high school athletes and delegates who will attend the tournament will be tagged so that they can be distinguished from other civilians. Headquarters are to be established at the Temple. The information bureau of the Y. M. C. A. will give what information the visitors may desire. There will be enough guides at the Temple to show the high school students the campus and other interesting places in the city. Arrangements have been made so that the facilities at the cafeteria may be enlarged if necessary. Everything possible is to be done to show royal hospitality on the part of University students to the high school athletes and other delegates.

ENVY!

CORNHUSKER OUT EARLY ACCORDING TO PROSPECTS

May Day Set for Distribution of the Books—Military Department Busy—Price Up a Little.

All fraternity and sorority pictures for the big 1914 Cornhusker have been taken. All but a few of these have accepted their proofs. All of the junior and senior pictures have been taken. This speaks well for the staff. They said they would have these pictures out of the way by the 1st of March, and they did it. Now they say they will have the big book ready for the students on May Day. And it looks as if the staff meant business when they said it.

Now, then, in order to keep their word and shatter the old precedent that a Cornhusker can never come out on scheduled time, it is necessary that all copy, cuts, etc., be turned in by the middle of the present month. It takes two weeks to make the cuts from pictures, and all cuts and copy must be in the printer's hands by the last day of March. The only thing that is holding back the work now is the Military department and a few tardy general organizations. But if they wish to get into the book they must be quick about it, for it certainly is coming out on time for once.

The book will be more expensive than ever before—to the management, not to the purchaser. It will sell at \$2.50 and \$3.50, black grained leather and full Morocco editions. It is especially desirable that all organizations and individuals make their payments as soon as possible that the discounts offered for cash payment may be taken advantage of by the management.

There were fourteen less medical schools in the United States in 1913 than in 1912, about one thousand two hundred fewer students, and about five hundred fewer graduates.

ANNUAL ELECTION OF Y.M.C.A. OFFICERS TODAY

Polls Open to All Members Till 2 P. M. Tomorrow—Several Prominent Men Out.

The Y. M. C. A. annual election of officers will be held today and tomorrow. The polls open today at 9 a. m. and will close tomorrow at 2 p. m. The nomination committee, composed of the following men, W. A. Rockie, C. W. Smith, H. B. Pier, R. W. Orr and M. V. Reed, recommend H. S. Reese as candidate for president; Charles Anderson and Oscar W. Sjogren for vice-president, and Alfred Hinze and Ira Kindig as candidates for secretary. Ballots may be sent in by mail to the general secretary's office. Members may vote.

Coach Stiehm congratulated Mr. Kline of Wesleyan when a minute of play was left last night. Little things like this compare well with the mud-slinging from some quarters.

CADET BAND PLAYED BEFORE LARGE CROWD

Members of Matinee Musical Club Out En Masse—Selections From Mozart.

The University Cadet Band, under the direction of Prof. Claire Cornell, furnished the music for yesterday morning's convocation.

The program consisted of four selections from Mozart: The Gloria from the "Twelfth Mass," the overture to the "Magic Flute," the Sanctus from the "Mass in G," and the "Marche Alle Turka." An unusually large crowd was present, including many members of the Matinee Musical Club.

D. S. DEPARTMENT NOW HAS EXTENSION COURSE

Cookery in All Its Phases Taught—Two Hours Credit Given—Two Courses Offered.

After many requests from various women's clubs over the state, as well as from various individuals, the Domestic Science department consented to work up a course for University Extension. Two courses are now offered and others are contemplated. These courses can be taken with a fee, the same as any extension course, with two hours credit each on matriculation in the University. Several people are already taking it, and it is expected that many more will register for it shortly, and that it will prove a popular course.

Practically the whole course in cooking in Domestic Science can be done through extension. Written lessons contain the theory of the course, which is to be done first; then directions for the methods of practice work are given. The results of this work are to be reported to Miss Loomis, of the department.

The most important lessons in the first course—Cookery 3a—are: Rules for work—The preparation of fresh fruits, cookery of fresh and dried fruits, preserves, candy making, the use of the fireless cooker, the preparation of fresh and cooked vegetables, different ways of preparing meat, and the service of food.

In the second course—Cookery 4a—the preparation of eggs, breads, cakes, salads, relishes and frozen desserts is to be taken up; also school and picnic lunches, diets for the sick, and preparation of meals.

Now different rural clubs have been asking to have sewing given in connection with the cookery courses. This will probably be taken up next.

EIGHT H. S. DEBATES

FACULTY AND STUDENTS OF UNIVERSITY ACTING AS JUDGES.

SPECIAL TRAIN WILL BE RUN

Misunderstanding Causes Postponement of One of the Important Debates—Wymore Continuous Winner Since 1908.

There will be eight first-series debates in the Nebraska High School Debating League tonight, one Saturday evening, and one Monday evening. Many University people, both students and faculty members, are acting as judges in these debates.

The debate between the Teachers College High School and the Nebraska Military Academy, scheduled for last night, has been indefinitely postponed because of a misunderstanding concerning the sides to be taken by each. University people are watching closely the work of the Teachers College team because it is coached by Harold A. Prince, three-times member of Nebraska's Intercollegiate Debating Team. The judges for this debate were to have been Professors Maxey, Persinger and Stephens.

Several University people will leave today to judge contests in the several districts of the league. Prof. Edwin Maxey and Harold A. Prince, '13, Law '15, of Grand Island, will go to Harvard-Hastings to judge the Western district. Clifford L. Rein, '13, Law '15, of Loup City, left for Sargent this morning to judge the St. Paul-Sargent debate in the Western district. Wilber and Havelock have asked Professor Fogg to send a jury to Wilber for this evening and Table Rock and Pawnee City wish judges at Table Rock Monday evening.

There will be a special train run from Beatrice to Wymore to take the Beatrice students to the Wymore-Beatrice debate in the Southeastern district. Wymore has won the championship.

SOPHOMORE CO-EDS GIVE VESPER SERVICE PROGRAM

"Babes in the Woods" and Many Other Fairy Tales Told—Hazel Clark Presides.

The Y. W. C. A. vesper services were conducted yesterday afternoon by the sophomore girls. Hazel Clark presided; Osa Hanel sang. Fairy tales were told and applied to each college class, and from them excellent lessons were extracted. Hazel Hartley told of the "Babes in the Woods," comparing the freshmen to the babes who were lost in the deep forest of Hard Work. Camille Leyda compared the sophomore girl and her cutting off of all hindrances to her work with the story of "The Forty Thieves." Mildred Peery told how the junior girl was like Cinderella, who was rewarded for her hard work by her fairy godmother. Finally, Louise Brownell told that the senior girl was like Aladdin with a bright and shining lamp of happiness and power and knowledge.

Doris Slater, a sophomore prominent in Y. W. C. A. work, made arrangements for the novel vesper service.

TONIGHT: "THE MAN FROM HOME"
