**SPORT NOTES.**

The first game of the big high school basketball tournament will be played next Wednesday evening, in the Armory. Thursday will see thirty-two teams eliminated. Friday the semi-finals and consolation matches will be played. The finals will come off Saturday.

The men who are going to represent Nebraska in the Kansas City Athletic Club meet, Saturday night, left last night over the Burlington. The seven

men comprising the party were Captain Reavis, Reese, Wherry, Zumwinkle, Scott, Irwin and Bates. They will return early Sunday morning.

Wesleyan has a fast team. Any one of the twelve hundred people who witnessed the game will say that Wesleyan is fast and in Thursday night's battle deserved to win. From the Nebraska point of view the game was a big disappointment. Nebraska expected to win. That they didn't win was due to the fact that Thursday night they met a better team.

**ART HALL FLOOR FINE FOR THE NEW DANCES**

Tri Deltas Well Pleased—Other Organizations Soon to Experiment.

From all reports of the Tri Deltas, Art Hall proved very satisfactory as a dancing hall. The girls like the hall especially because of the soft lights, pictures and cushioned davenport, which give the room a homelike appearance. Also there seemed to be more room, the hall being wider than most of the other halls generally used by the students.

However, they say the floor is not so good for dancing as is that of the Music Hall, but that would not seem to be of so much importance with the new dances. Other objections are that there are no dressing rooms and no other room in which to sit between dances, thus they miss Faculty Hall.

Nevertheless, the girls seem to be very much pleased with the hall, which is surely destined to become a popular place for University dances.

**Equal Suffrage Association.**

There will be a meeting of the University Women's Equal Suffrage Association in the Temple, Saturday at 2 p. m., just before the Girls' Club meeting. It is hoped that all University young women will come early and attend the equal suffrage meeting. It is to be very important. It will be over in time for the Girls' Club party. All young women are invited to attend.

They are going to pull off a play in the University of Chicago entitled, "The Student Superior." That's a good title—the student is always superior—but to what?

**CATS IN DEMAND BY ENERGETIC MEDICS**

Purchasing Agent Wondering Where Laundry Bags Go Medics Badly Scratched.

There is a rumor abroad on the campus that the medics are in dire need of cats—'tis even said that kitties have been missing from several homes in the immediate vicinity. However true this rumor is, the fact remains that every medic has a peculiar searching look in his eye and his footsteps are becoming softer and softer as the days go by. Yes, and not a few carry hands decorated with bandages, which are said to be due to scratches received in the process of picking roses (or something else).

Evans has registered a complaint against the use of their laundry bags for the transportation of wild animals. Also drastic measures are soon to be commenced by several has-been owners of the feline tribe. To add to the dangers, a heavy fine has been placed on each medic who does not turn in a fine handsome cat.

**MICHIGAN STUDENTS OBJECT**

Want Athletic Board Elected Directly by Students.

Agitation has been started on the Michigan campus for a change in the athletic control. At present, the men who are elected as managers of the various teams, the secretary and treasurer, and the faculty and alumni representatives constitute a board of directors which elects from its own number the board in control, which is the real governing board. A new system is advocated by which the members of the board in control shall be elected directly for this purpose by the students. It is held that the men who are elected for administrative offices should not be given legislative and executive power.

**Fraternalities Require Eleven Hours**

Fraternalities of Michigan have agreed to initiate no freshmen until they have made eleven hours of work with a grade of at least C. They further agreed to allow no freshmen to live in the house until they have made the required hours, and to do no pledging outside of Ann Arbor.
