

PHI BETA KAPPAS

THIRTY ELECTED INTO HONORARY ORGANIZATION.

ONLY 8 MEN SUCCESSFUL

Grades Run From 93 to 87—Some Students With High Grades Are Eliminated Because They Did Not Take Required Work.

This morning at Convocation thirty seniors were announced as elected to the membership of Phi Beta Kappa. The usual predominancy of the fair sex still exists. Of those entitled to wear the symbolic key, eight are young men and twenty-two women. The grades ranged from 93.62 to 87.73.

The requirements for a Phi Beta Kappa key are: Sixty-four hours in the University of Nebraska, twenty-four of which must be in "group" work, either classics or math ten hours, and two sub-divisions of each of the three groups for an A. B.

The following is the list:

- Armstrong, Amy E.
- Baker, Susie H.
- Blandin, Alma G.
- Bonnell, Valeria
- Coleman, Arthur B.
- Dickenson, Z. Clark
- Dysart, Laberta R.
- Fowler, William K., Jr.
- Gordon, Elizabeth H.
- Hanson, Marian E.
- Hathway, Oliver C.
- Hunkins, Ralph W.
- Laune, Ferris F.
- Lonnecker, Ada M.
- Melick, Florence H.
- Neale, Edith L.
- Nelson, Nora J.
- O'Brien, Ruth
- Odell, Ruth
- Ogden, Johanna F.
- O'Sullivan, Margaret
- Outhouse, Winnifred P.
- Pegler, Ethel A.
- Perrin, Otto K.
- Pettis, Marian H.
- Quivey, Lyon A.
- Rice, Louise B.
- Schultz, Minnie M.
- Springer, Helen L.
- Stivers, Madeline G.

STUDENTS QUARANTINED FOR SCARLET FEVER

Case Developed at Achoth House, But Is Confined—Patient Is Doing Nicely.

Several cases of contagious diseases around school have been reported. Mumps and measles seem to be most prevalent, but there are also several cases of scarlet fever. A number of students have recently been quarantined in their rooms for scarlet fever. The latest case is at the Achoth house. Marguerite Farley has developed symptoms of this dread disease. However, it is reported that she has it in a light form and is in no danger. She is getting along nicely according to latest word.

She was quarantined in a back room of the house as her case was pronounced "scarlet fever." The rest of the house was fumigated and the clothing of the other girls disinfected. Therefore the regular regime of duties went ahead as if nothing had occurred.

TRACK TEAM MAKES VERY GOOD SHOWING

Reese Individual Point Winner—Revis Wins First in the Pole Vault.

The Nebraska track team which participated in the indoor meet of the Kansas City Athletic Club at Kansas City, Saturday night, returned Sunday. Considering the unmercifully poor gym facilities that they were handicapped with, their showing is excellent. Reese and Zumwinkel won second and third in the fifty-yard dash. This race was close and all three winners were nearly abreast. Captain "Doodle" Revis won first in the pole vault by a skip of eleven feet six inches.

Our relay team won second against Missouri. Bates, the first Nebraska man, gave Goetze a good lead. Goetze maintained this lead and gave Scott a start of about ten feet. Scott was against Missouri's hardest man and was nosed out. Zumwinkel tried to catch up the distance, but was beaten by a yard.

The relay team suffered a mix-up just before leaving for the meet. "Towhead" Irwin was slated to run the second lap. He was indiscreet enough to catch the measles and his place was filled by Goetze at the last minute.

A Yale dinner, the first to be given since 1909, is being arranged for March 13 at the Waldorf. It is expected that it will be one of the largest gatherings of Yale men that ever met in New York as graduates and undergraduates of all departments, to say nothing of Yale men who began and didn't graduate, are included in the general invitation. Ex-President Taft and President Hadley of Yale will be among the chief speakers.—Daily Illini.

OVER HUNDRED GIRLS WATCH NEW DANCES

Girls' Club Spends Enjoyable Afternoon—Demonstration of the Fancy Steps.

The Girls' Club party at the Temple, Saturday, is reported as very successful. Miss Helen Jess had charge of the party. For the first hour Miss Charlotte Whedon entertained the girls by demonstrating some of the new fancy dances in the Temple Theater. The girls then retired to Music Hall, where they spent the remainder of the afternoon dancing. Ice and wafers were served in Faculty Hall. Over a hundred girls were present.

Senior Poems.

Senior poems must be submitted to Barney Gill Monday after vacation.

BIG Y. M. C. A. FEED TO BE HELD TONIGHT

C. K. Ober, Promoter of "Fellowship Plan" to Be the Guest of Honor.

A big dinner will be held this evening in the city Y. M. C. A. in honor of C. K. Ober, who is visiting the University association in the interests of the "Fellowship Plan," one of the methods used for securing secretaries. Many young men in the University are interested in association work and this opportunity is offered them to hold conference with one of the best informed men at work along this line. H. L. Heinzeman, traveling secretary for the Rocky Mountain states, is in the city and will make a talk before the student young men at their gathering this evening. General Secretary Ewing will have place tickets for the dinner at his office in the Temple until noon.

"EL PRESIDENT" BY KOSMET KLUB IN MAY

Spanish Characters Abound—Name Changed Because of Interference With Another Play.

The Kosmet Klub cast is working at a steady pace now on the comic opera which they will give May first. The Kosmet Klub, through its two previous performances, has won a reputation and popularity among the students and people of the city which will assure its success for future appearances. Moreover, the opera selected for this year is of such attraction, good humor and variety that it is bound to make a hit. It is a typical comic opera plot, with opera characters and situations. The action is in a hypothetical republic of South America. It gives excellent opportunity for effective and flashy costumes and elaborate tropical scenery and effects. The name under which the opera was accepted, "His Excellency the Governor," has been changed to "El President," because it conflicted with another play of the same name. The present name is the Spanish title for president.

The personnel of the cast has been slightly varied since first announced, due to the weight of studies on some of the members of the cast. There may be a few other changes. The cast as it now stands is:
Richard Mason.....Mervin Swayna
Sunny Reed.....Robert Drake
Prof. Arthur Chilcath.....Hemingway
.....Julius Harpin
Don Miguel Hernandez....Ray Doyle
Don Pedro Romero....Maurice Clark
Jose.....Robert Hausberg
Manuel.....Clyde Krause
Hon. James Wilson....Reed Dawson
Captain Felton.....Paul Griswold
Spy.....Burke Taylor
Miss Helen Remington.Margaret Rush
Miss Nell Remington....Hazel Sabin
Miss Alice Wilson....Phoebe Folsom
Sofia.....Catherine Attwood

FOOTBALL SCHEDULE

ONLY TWO GAMES AWAY FROM HOME NEXT SEASON.

MICHIGAN AGGIES AT LINCOLN

Stiffest Schedule in Nebraska's History—Kansas, Ames, South Dakota, and Kansas Aggies Completes the Schedule.

Some two weeks ago the Daily Nebraskan printed a portion of the Cornhusker 1914 football schedule. The rest is now ready. A previously announced, six games will be on Nebraska field; two games will be away from home. On October 17 the Cornhuskers will play their first out-of-town game. On that date the Kansas Aggies will be tackled in their own quarters. The Aggies have been on the Nebraska schedule for four years, and growing harder every season. For the benefit of the Husker traveling fans, the Nebraskan will give this information: The Kansas State Agricultural College is located at Manhattan, Kansas, a distance of about 115 miles from Lincoln. About \$2.50 worth. You can leave Lincoln at about six in the morning and reach Manhattan by noon by means of a daily local. Night freights also run. This last is added for the benefit of our side-door Pullman friends. When Nebraska plays the Aggies it means an exodus from Lincoln to Aggie Land. The last game of the season will be played at Iowa City against the Hawkeyes.

Washburn will open in Lincoln. A week later the Cornhuskers will meet South Dakota. This promises to be a real game. The last time the Coyotes played Nebraska was in 1910. With the renewal of relations South Dakota promises to abide by the Conference rules. The South Dakota game will be interesting for the doesters. On her schedule, besides Nebraska, are Minnesota and Notre Dame. On October 10, the game at Manhattan. October 17 will see the big game of the season. The Michigan Aggies last year an undefeated team and con-

PROFESSOR HOFFMAN'S ILLUSTRATED LECTURE

Large Building Shown—Million and a Half Given by Carnegie—5,086 A. S. M. E's.

The meeting of the A. S. M. E. that was to have been held last week was held in the Mechanical Engineering building last night before a small but attentive audience. Prof. J. D. Hoffman gave an illustrated talk on the history and growth of the organization. The society has a membership at present of 5,086 and out of that number there are three in Lincoln and four in Omaha, making the total seven in Nebraska. L. W. Chase and Professor Hoffman are the members that are connected with the Mechanical Engineering department. Andrew Carnegie gave a million and a half dollars to the society for a building, the illustrations of which showed a very beautiful and accommodating structure. The other engineering societies of the United States also have their headquarters in this building.
