**SOPHOMORE MEETING.**

Let all sophomores remember that there is a sophomore class meeting this morning. The meeting will be held in Memorial Hall at 11:30 a. m. This is one of the most important meetings of the year and it is certainly the duty of every second year man to make his appearance in Memorial Hall at the designated hour. Class meetings have come to be a big joke around this University and this is a fact which we should be heartily ashamed of. The only way that we can overcome it is to begin attending class meetings—this is quite evident. But why is this meeting so important? A very important question is now before the University—the Student Council. This question is to be decided in a convention of representative students. Each class is permitted to send ten delegates to this convention. Two of the classes have arranged for the selection of these delegates and the sophomore class is next. Do you take so little interest in University affairs that it makes no difference to you what kind of government exists in the institution? If the majority of students feel this way, why do we have any government at all? Why isn't it done away with? On the other hand, if you do take an interest in the University and its welfare, show it by attending the class meeting today.

A SOPHOMORE.

**People We Know.**

Earl Cady and Frank Kruse leave today for Columbia, Miss. They are to be present at the installation of a new chapter of Sigma Phi Epsilon in the University of Mississippi.

Harry Minor, ex-Nebraska, has been a visitor at the D. U. house this week.

Covert, the freshman debater, is threatened with typhoid. He is confined at the Delta Chi house.

The Mystic Fish will meet the first Tuesday in May at the Kappa house. General plans for the remainder of the year are to be discussed. Their first meeting of the year was held at the Alpha Chi house Tuesday night.

Dame Rumor has it that the Temple High alumni dance, which is to be given Friday night at the Lincoln Hotel, will be the most lavish affair ever attempted by that organization. Tickets are selling fast.

People we know persist in flaunting bring spring styles before the public eye. This seems to be strangely inconsistent with the heavy winter coat so much in vogue.

Dean Wolcott will start this week on an extended trip through the sandhills region. He will gather material for use in zoology.

Miss Mitchell of the Rhetoric department leaves Thursday for a trip abroad. The party with which she sails will visit England, France and the Mediterranean region.

**Ag News.**

Professor Frandsen of the department of Dairy Husbandry returned today from Broken Bow, where he delivered a lecture before the farmers at that place. His subject was "Co-operation."

Inter-society debate will be held Friday evening at 8 o'clock at the State Farm. The subject will be: "Resolved, That the policy of regulating the trusts is preferable to the policy of dissolving them."

Prof. F. D. Barker will give an illustrated lecture before the Ag Club this evening at 8 o'clock on "Animal Parasites," in room 210 Nebraska Hall. The Canoe Quartette will sing.

**Purdue Co-eds Get in Bad.**

What was thought to be a mere "hazing" joke on a number of freshmen co-eds at Purdue, by a number of senior girls, has developed into quite a serious and sensational affair. A damage suit has been brought against the seniors by the freshmen. No doubt there was considerable so-called "rough work," but apparently the seniors were unlucky in a phase of freshman punishment in which hundreds of college men and women are constantly engaged and are seldom held accountable. The plaintiff can gain nothing by bringing court proceedings. Instead of bringing any redress for the alleged mistreatment of the freshmen, the suit will only enlarge and magnify the embarrassment and cause undesirable notoriety to those who are pressing the case. Every man and woman at Purdue regrets the affair.

are ever adopted which suit Nebraska, we can get out with a winning nine.

The games would also be a source of entertainment and amusement to the students and would afford great pleasure to those of us who like to swing a bat at that old horsehide.

"This idea is carried out very successfully at many of the other colleges. Drake has an annual tournament every year. It is one of their big events and has been pronounced an unqualified success. By the entering of a team from each department a large number of men get an opportunity to participate in University athletics.

"Here's a chance now to do something for your country, Mr. Reporter. Start this thing to going. Oh, yes, and you might add that the team which won the championship would be matched against the best girls' team. Co-ed baseball ought to be as successful as the tango."

With this last remark someone called "fowl" in the distance, the old timer's peepers immediately commenced to roll around the campus and the reporter hastened to the office, realizing that there was much truth in what he had just heard.

**DELTS AND PHI PSIS TO DECIDE CHAMPIONSHIP**

Both Teams Have Gone Through the Season Without a Defeat—Varsity Material.

Sometime in the near future the championship game of the inter-fraternity basketball series will be played between Phi Kappa Psi and Delta Tau Delta. Both teams have gone through the season without a defeat and they are scheduled to decide which team is the best of all the Greek letter teams in the University. The date of the match will be selected soon and one of the greatest games of the present basketball season is expected. Both fraternities have fast teams, as is shown by the high scores they have run up against opposing teams during the season. Their teamwork is right up to the notch after their long season of victories. Both teams can boast of star men, who would make splendid 'varsity material. The date of the game will be announced in a few days in the Rag.
