## THE GIRLS' ELECTION

SUFFRAGETTES HOLD ANNUAL ELECTION FOR GIRLS' CLUB.

## MISS LOWRY NOW PRESIDENT

Declare That It Was an Honest Election, With No Machine Work—Large Vote Cast—Miss Brownell Secretary.

**Juniors.**  
Genevieve Lowry, president.  
Lella McNeerney.  
Erma Nelson.  
Freda Stuff.  
Helen Thomas.

**Sophomores.**  
Louise Brownell, secretary.  
Florence Angle.  
Lauretta Lord.  
Doris Slater.

**Freshmen.**  
Geneva Seeger, treasurer.  
Helen Carroll.  
Mary Haller.  
Edna Ogden.

Yesterday was the day when women did the gum-shoeing, the steam-rolling and the politicianing. The morning's campaign was tame and unexciting, but the warm afternoon's sun put the old pep into the suffragettes and they flocked in hordes to the polls. The above are the results of the Girls' Club election.

A large number of ballots were cast, the election committee having remained in Miss Graham's office until about seven-thirty. The girls vow that there was no machine work and that it was an honest election.

By receiving the largest number of junior votes, Miss Genevieve Lowry will become the new president of the Girls' Club. Miss Lowry is especially fitted for the work for which she was chosen, having been closely connected with the girls' work during her entire University career. She was active in the charity campaign last fall to furnish Christmas gifts for the poor children of Lincoln. She is a member of Pi Beta Phi sorority, a Silver Serpent, and vice-president of the Y. W. C. A. Miss Lowry, as the newly elected president, will be the Nebraska delegate to the National Girls' Club meeting which will be held this month.

## Y.M.C.A. APPOINTMENTS TO BE OUT FIRST OF WEEK

Over Half of Selections Already Made by President—Other Men Considering Offers.

Appointments for the twenty committees in the University Y. M. C. A. are being made by President Reese of that association. Men for more than half of the chairmanship positions have been selected and the men planned on for the other places are considering whether or not they will be able to spare the time which their committee work will demand to make it a success. The appointments will be made the first of next week.

## Latest Idea at Ames.

Glass houses for pigs reads like a fairy tale, yet raising pigs in a sun parlor is the latest development in pork production. The pigs thrive and grow fat in their model home.

## INSTALLED TODAY

SIGMA DELTA CHI LAUNCHED AT NEBRASKA.

## NATIONAL PRETIDENT HERE

Lewis of Kansas Will Preside at Installation—Gala Day for Members of "Ye Chroniclers"—Faculty Men Lunch With Students.

The Nebraska chapter of Sigma Delta Chi, honorary journalistic fraternity, is to be installed with appropriate ceremonies today. Starting at noon with a lunch at the Commercial Club, continuing through the afternoon with the installation, and concluding with a dinner in the evening, the day will be a journalistic festival in the best sense of the word. Mr. S. H. Lewis, national president of Sigma Delta Chi and instructor of journalism in the University of Kansas, will present the charter to the local society of "Chroniclers."

At noon a lunch at the Commercial Club will be the order for the members of "Ye Chroniclers" and a number of the faculty men. The lunch will be given partly by the faculty men, as hosts of the visiting member of the Kansas University faculty. Matters pertaining to the journalistic situation at the University, and including the possibility of establishing a department of journalism here will be taken up. The faculty men who are associate members of the fraternity—Chancellor Avery, Dean L. A. Sherman, Prof. Philo M. Buck, Jr., Prof. J. E. LeRossignol, Prof. R. D. Scott—are interested in the journalistic possibilities, and Mr. Lewis, representing the successful department conducted at Kansas, will speak from the viewpoint of the University where the department has been tried and approved.

The installation will be conducted at the Alpha Tau Omega house at four o'clock in the afternoon by Mr. Lewis. There will be two other members of the fraternity in attendance, Prof. J. E. Le Rossignol, who was made an associate member of the Denver University chapter, and Henry

## TRACK MEN PREPARING FOR DES MOINES MEET

Tryouts to Be This Afternoon on Athletic Field—Half Mile and Mile—Many to Compete.

The appearance of real spring weather has brought out the track men in great numbers, giving them the first real opportunity to get a genuine workout in two weeks. All the men are working hard and are slowly rounding into condition. A stretch of good weather would help the track team greatly.

This afternoon at 2:30 tryouts will be held for the half and the mile relay teams. Although the men are not as yet in the best condition, sharp competition is expected. The teams picked will take part in the relay games held at Des Moines a week from today. There they will compete with teams representing many universities of the Missouri valley.

## BASEBALL LEAGUE IN UNIVERSITY PLANNED

Coach Stiehm Working Up Scheme To Play Under Rules and Regulations.

It is rumored that although we cannot have a University team, there will still be a chance for baseball this spring. Coach Stiehm is forming a plan whereby the fans will be able to be satisfied. The plan is this: A baseball league is to be formed here in the University. There will be eight or nine teams in all. The representing each college. Some of the larger colleges may have two teams. The league will have some form of government which will make all restrictions and provisions regarding the conduction of the series. Balls, bats, etc., will be furnished by the association. All men will be eligible who are up in half the hours they are carrying. This will permit professionals to play.

There are several points in this plan which make it even better than having a 'varsity team. In the first place, more men will be able to play. Nine teams will allow those who are near 'varsity material to show up. When but one team is supported by the University, only the very best are able to get on and many who are very good players and who would like to play lose out this plan will give a better chance to all. In addition to this, more games will be played, which will tend to increase the interest in the sport. It is a well known fact that heretofore but little interest has been taken in 'varsity baseball. On the other hand, the games between the different departments of the Engineering College during Engineers' Week always attracts a crowd. Those to whom Coach Stiehm has spoken concerning the plan are very enthusiastic.

## NEW BANKING ACT EXPLAINED BY BANKER

Important Features Outlined—Much Interest Being Shown—Hopeful of Results.

Members of the Political Economy I class, with a number of visitors, listened to an able presentation of the new Federal Reserve Bank Act P. R. Easterday, cashier of the First National Bank, yesterday morning. The act is just going into effect and much interest is felt not only on the part of bankers, but by all students of the subject as to the probable working of the new system. In outlining the salient features of the law, Mr. Easterday pointed out how it should give greater elasticity to our currency, greater strength to our banking system in time of stress, through the pooling of the funds and the concentration of reserves in responsible hands and the probable effect the new system would have on exchange. The speaker is hopeful of good results flowing from the new law.

## CHANCELLOR ANNOUNCES SUMMER SESSION ORATOR

Waterhouse of Fremont Schools is the Man—Prominent Nebraska Educator.

The Chancellor has announced that the commencement orator for the summer school session will be Superintendent A. H. Waterhouse, of the Fremont city schools. He has long been identified with the schools of Fremont and is a prominent figure among the educators of Nebraska. It is expected that he will give a very good address.

## FACULTY MEMBERS AND STUDENTS JUDGE DEBATE

Four Contests Yesterday and Today—Farm Societies Also Debate Same Question.

Nine faculty members and inter-collegiate debaters are away this week-end acting as judges of four contests in the Nebraska High School Debating League.

Prof. Edwin Maxey and Director A. E. Sheldon were at the Fairmont-Geneva debate at Fairmont last evening—a second-series debate in the Central district.

Prof. E. L. Hinman and H. A. Prince, '13, Law '15, (against Minnesota, 1911; Wisconsin, 1912; Minnesota, 1913), and C. A. Sorensen, '13, Law '15 (against Illinois, 1912, and Iowa, 1913), left for Pawnee City yesterday afternoon at 1:30 o'clock to judge the discussion between Pawnee City (winner from Table Rock) and Wymore (winner from Beatrice) in the Southeastern district.

Prof. C. E. Persinger and Reed B. Dawson, '14 (against Minnesota, 1913), and H. G. Hewitt, '15, (against Minnesota, 1913) were at Exeter last evening judging the Central district debate between Exeter and Osceola.

Prof. Walter Pope goes to Clay Center this morning for the Clay Center-Guide Rock debate in the Southern district. The other judges will be Mr. Prince and Mr. Sorensen, who go on from Pawnee City.

Prof. George N. Foster and C. L. Rein, '13, Law '15 (against Illinois, 1910, and Minnesota, 1911), judged the inter-society debate at the State Farm last evening on the same question as that being discussed in the League debates—the question of the regulation versus the dissolution of trusts.
