**Drake.**  
 The first band concert of the season was given by the Drake band at the auditorium last evening. It was well attended and all those present enjoyed it immensely. The band has several more treats in store, in the form of open-air concerts to be given on the campus later on.

**PICKED PICKINGS**

Professor Condra gave a moving picture exhibition of the Beet sugar industry before the Geography VI class Tuesday morning. The pictures proved very educational and were immensely enjoyed by all.

Coach Stiehm could qualify as a past master of the Thesplan art with perfect ease. Last night his soccer football proteges talked and chewed spearmint in front of the camera man's machine on Nebraska field.

Several well known professors about the campus underwent the Shriner's initiation last night. Observe carefully today and you should be able to tell who were the goats.

Professor Buck looked out of the window from Rhetoric class yesterday morning and discovered what he thought to be a whole incoming freshman class. The phenomena finally turned out to be a group of grade school pupils wending their way across the campus beautiful.

Do not be alarmed if you see underclassmen sneaking off toward the north during class hours after this. They are merely beating it out to Horseshoe lake to take a plunge.

Evelyn Beaumont is again conducting her classes in bench spoofing. Those wishing to become proficient in the art aforesaid are warned to get in their bids early, inasmuch as the bench space is being rapidly spoken for.

(Passed by the national board of censorship.)

**PROFESSOR FERGUSON LEAVES FOR THE EAST**

Will Attend Important Committee Meeting of National Electric Light Association.

Prof. O. J. Ferguson of the Electrical Engineering department left Wednesday night for a ten-day trip to the East.

The visit is occasioned by a meeting in New York City of a special committee recently appointed by the National Electric Light Association upon "Relations With Educational Institutions."

Professor Ferguson will also spend a short time at Schenectady, N. Y., and at Pittsburgh, Pa., at each of which places there are now located a number of alumni of the University.

**PREPARING FOR HARVEST OF FRESHMEN NEXT FALL**

Registrar's Department Sending Out Literature and Gathering Grades.

About the first of the year the Registrar received the names of all the high school seniors who were in line for graduation this spring. To all these young people University publications and literature are being sent this week. Requests are also being made of the various superintendents and principals for the grades of each graduate. These grades will be entered upon regulation cards at the Registrar's office and after a record has been made in the office these cards will be sent to the students so they are then in readiness for registration next fall. This method saves much time and confusion at the last minute when the responsibility of having the registration go smoothly is quite a burden.

Registrar Greer is busy getting the annual catalogue into shape for distribution June first.

**GEN. FELIX DIAZ**

Gen. Diaz is in Washington where he is trying to interest government officials in a scheme to end the war in Mexico. The photograph was taken in Washington.

**To the Subscribers of the Daily Nebraskan:**

During the campaign for new subscribers during the past registration week, promissory notes for \$1.00 were taken by the management as equivalent to the cash subscription.

While these notes are payable on the demand of the publishers, it is not the intent of the publishers to demand the payment at a certain date but it understood that payment must be made before the signer of the note leaves school.

Those who are indebted to the Daily Nebraskan for the present semester may visit the office in the basement of University Hall at any time and upon the payment of \$1.00 receive a receipt in full.

Prompt payment will assist the management very materially in making a full financial report before the end of the school year.
