Nebraska, as second-class mail matter,  
under the Act of Congress of March 3,  
1879.

The DAILY NEBRASKAN purposes to  
be the free voice of student sentiment;  
to be fair; to be impartial; to seek advice  
as well as offer it; to truthfully picture  
college life; to go further than the mere  
printing of news by standing for the  
highest ideals of the University; in short,  
to serve the University of Nebraska.

Saturday, April 18, 1914

Petitions to the Board of Regents  
asking that they grant "University  
Week" are in circulation about the  
campus. It is useless to say anything  
further than has been said many times  
in the paper concerning the merits of  
the proposal. There has been from the  
first no opposition. A score of  
Nebraska towns and cities stand ready  
to make arrangements for University  
entertainments at any time. If we  
want the best agent for making our  
school popular in the state we can  
have it by signing the petition. You  
won't have to hunt for one. There are  
plenty in circulation.

than last year, when Nebraska won  
third in the half-mile relay and fourth  
in the mile relay.

Few Nebraskans realize that the re-  
lay races that are to be run in the  
Drake Stadium tomorrow are the  
greatest thing of their kind west of  
Philadelphia. All the leading schools  
of the West will be represented. In  
the college world there are only two  
great relay tournaments—one of these  
is conducted by the University of  
Pennsylvania at Philadelphia, the  
other is managed by Drake University  
at Des Moines.

**INTERFRAT BASEBALL  
WILL COMMENCE MONDAY**

Schedule of Games—Greeks to Battle  
for Supremacy in the Great  
National Sport.

The interfraternity baseball schedule  
is out and the spring's sport will com-  
mence next Monday, several games  
having been scheduled for that day.  
Next to fraternity basketball, baseball  
has been pronounced to be the best  
frat sport and some rare treats are  
promised in the way of Greek battles.  
Several of the organizations have well-  
developed teams, with a sprinkling of  
professional players.

The committee in charge insists  
that games must be played or forfeited  
at the scheduled time, and that if a  
match is postponed more than twice,  
the team unable to play forfeits. All  
results are to be phoned to Cameron  
at L-5218. The committee is Cameron,  
Ross and Linstrum.

The following is the schedule:

**Morrill Gives Lecture.**

Professor Morrill gave an illustrated  
lecture last Wednesday at Fremont  
before a ladies' society which is inter-  
ested in beautifying the public places  
by planting trees. The professor has  
given several similar lectures in the  
state this year. Several small villages  
are taking advantage of the aid the  
Forestry department has to offer in  
making a barren or poorly vegetated  
city beautiful. Several societies, made  
up mostly of ladies, have been organ-  
ized in the state to carry on this work.
