

CADETS MAY FIGHT

NEW REGIMENT TO BE FORMED
IN NEBRASKA AS RESERVE.

LIEUT. BOWMAN COLONEL

Application Made to the Secretary of War by the Governor to Allow the Appointment of Lieutenant Bowman as Colonel.

University cadets may have an opportunity to go into real warfare in the near future. The realization of this fact, however, has several "ifs" in front of it and there is no cause for any great agitation.

The State Military Board has recommended to the governor that an additional National Guard regiment, be formed in the State of Nebraska and has advised the appointment of Lieutenant Bowman, Commandant of the University Cadets, to be colonel of the regiment. These recommendations met with the approval of Governor Morehead and he at once telegraphed the Secretary of War for permission to commission Lieutenant Bowman in the new capacity.

In an interview last night Lieutenant Bowman stated that a reply was expected at any time and that undoubtedly definite information would be received before night.

The formation of the new regiment is merely preparatory for things that might happen. In case there was a serious outbreak with Mexico, it would undoubtedly be called into immediate action.

Lieutenant Bowman said last night that in case he was appointed colonel he would make an effort to get as many University cadets into the regiment as possible. Owing to their previous experience in drill and military tactics, they would be valuable men and would be given the best positions.

In case the proposition works out as it has been planned, several of the officers in the cadet regiment have signified their intention of applying for official positions.

Lieutenant Bowman addressed the officers on the situation yesterday evening in the chapel.

ATHLETIC BOARD MET ON MONDAY EVENING

Raised Salary of Coach Reed—Elected Professor Barber as Representative in M. V. Conference.

The University Athletic Board met last Monday evening. After voting to increase the salary of Manager Guy E. Reed to \$1,500 a year, and allow him a vacation in the summer to attend training school at the University of Wisconsin, the board approved the action of E. O. Stiehm in hiring a coach for the men getting out for soccer. Prof. G. E. Barber was elected as representative for Nebraska to the Missouri Valley Conference. He was instructed to introduce a resolution allowing athletes to participate in three major sports, instead of two, as the rule now stands. The board also appointed a committee to draft a baseball schedule, following the directions of Coach Stiehm, and to organize a baseball league among the different teams in the University.

THE CLEANERS ARRIVE

IVY DAY PROGRAM

SENIOR GIRLS WILL VOTE FOR
QUEEN OF THE DAY.

ORATION TO BE ON CAMPUS

The Afternoon Program Will Be Held at Epworth Lake Park—Boating, Tennis, Baseball and Band Concert on Program.

Ivy Day is now definitely set for May 6. Some changes have been made from the plan of former years for this all-University picnic day which it is to be hoped will make it even more enjoyable than ever. The morning program, as heretofore, will be on the campus. The traditional ivy will be planted and the May pole dance will be given here. The Ivy Day oration will probably be delivered from a pedestal on the campus.

In the afternoon there will be a real University picnic. Everybody will move out to Epworth Lake Park, where there will be preparations for all sorts of activities and loafing. Instead of having a track meet, as has been the custom, there will be general athletic stunts in which all may enter and enjoy. It is said that the races, particularly for the girls, will be even more exciting than the recent race(?) for the honor of the most popular co-ed. Boats will be on hand so that the athletes may race on the beautiful lake; swings will be up, and perhaps the tennis courts will be in readiness. A lunch will be provided so that no one need come into the city before the concert which will probably be given by the University Band in the evening. There will be no Dramatic Club play this year, as it is felt that the senior play the preceding evening is enough in the dramatic line. There is talk of a ball game in the afternoon between the Iron Sphinx and the Spikes.

The May-queen will be chosen by the senior girls instead of by the Ivy Day committee as heretofore. An election will be held in which every girl will slip the name of her choice into the ballot box. No nominating

CALDWELL ADDRESSED CREDIT MEN'S MEETING

Spoke on "The Present Industrial Outlook"—Speaks on the Effect of the War.

"The Present Industrial Outlook" was the subject of the talk of Professor Caldwell before the Credit Men's Association at a banquet at the Lindell Hotel the other evening. This country's expenditures this year on its navy, according to the professor, will cost each family in Nebraska \$15. He believed that the present disturbances in Mexico would have considerable effect on the financial world. The professor did not predict any serious disaster, but he advised conservative investments. Professor Caldwell believes that there is coming about a sort of reorganization of business along scientific lines. He declared that co-operation would supplant competition and that the workingman would share more equitably the profits of industry.

SENIORS TO DANCE AT CAPITAL BEACH MAY 2

Only Ninety Couples Will Dance—Classy Music Arranged For—Plenty of Nice Shade.

What is so rare as a night in May at Capital Beach, where soft tango music invites you with the girl of your dreams to enjoy its fullest measure; where you can sit out a dance beneath some shadowy tree, or push your boat out across the shining water, humming sighs of joy all the while; or—what's the use; it can't be told in words.

President Haskell of the senior class and his committee announce that the fullest expectations of the most fanciful can be realized on May 2, when the Senior Hop will be held at the Beach. It will be the first dance of the season at this romantic spot and immense popularity is expected, considering the fast approach of hot weather.

"Tickets will be absolutely limited to ninety couples," so the committee vows. The proceeds of the event will be applied to the purchase of a class gift. In view of the worthy purpose, all seniors are expected to rally to the support of the enterprise, which affords an opportunity to combine duty and business with pleasure.

Special arrangements have been made with the manager of the Beach. There will be plenty of boats and other attractions for the enjoyment of the participants. A good orchestra and high quality refreshments are also promised. The Traction Company will furnish special service for the hop.

Tickets can be secured from any of the following people: G. V. Tunks, chairman; Fred Trumbull, Bob Flory, Ralph Wagoner, Geraldine Grey, and Elizabeth Hyde.

BECK AS AN INSTRUCTOR OF AGRICULTURE AT AURORA

Will Also Have Charge of Athletics—Strong Man While in the University.

Charles Gordon Beck, left end on last year's championship football team, has been elected instructor in Agriculture and director of athletics in the Aurora High School. The school board at Aurora is to be congratulated upon getting a man of Mr. Beck's special fitness. Besides having an A. B. degree which he will receive in June, he is a graduate of the State Normal at Peru. While in Peru he played football, basket-ball, baseball, and took part in track work. He is an excellent musician and last year was chosen captain of the University Band. He is best known to Nebraskans for scoring against Minnesota. In school work he is a strong student and was on the fruit judging team last fall. Mr. Beck will go to Aurora not alone, for wedding bells have rung.

NEXT WEEK ANNOUNCED AS "AGRICULTURE WEEK"

Convocation on Tuesday—Party and Banquet Planned for Later in the Week.

The College of Agriculture will celebrate next week. The committee has been making arrangements for some time and has planned several affairs for the entertainment of all the "Ag." Because of the large number registered in the college the institution is to arrange "stunts" which all "Ag" students can attend.

The first affair will be a convocation on Tuesday. For later in the week a party and banquet have been planned. Watch the Daily Nebraskan and bulletin boards for announcements.

SENIORS HAVE REDUCED PRICE OF THEIR PLAY

Matinee as Well as Evening Performance—Tuesday, May 5—Chancellor Comments.

That the senior play may give both a matinee and evening performance on Tuesday, May 5, was the vote of the faculty committee on student organizations yesterday.

"That means that the cut-rate price of \$1.00 stands," said the manager of the play, commenting on the committee's action. "The price of the senior play tickets have always been \$1.50 in the past, but we want to give everybody a chance to see the clever play we are putting on this year. With the interest that is being shown we ought to have two full houses."

The senior play assessments are still coming in steadily. Monday evening eighty-five had been paid. In connection with this assessment there have been many inquiries as to what action the University authorities would take in case the assessments were not paid and the class was not able to pay all its debts.

When the Chancellor was asked what action would be taken in such a case he stated that such a situation had never arisen and he hopes that it will not this year. Until such a case does arise there will be no ruling made. The Chancellor believes that the seniors will realize that they are in honor bound to pay their debts and that they will do so without any action by the University authorities.

Frat Baseball.

The Sig Eps bowed in defeat to the Sig Alphas last night on the athletic field. The score is officially stated as 11 to 3. Much interest was shown by the men on both sides as well as by other frat men who were sizing things up for when they were to play.
