

## CLASSES DISMISSED

IVY DAY WILL BE A GRAND HOLIDAY ON CAMPUS TOMORROW.

### PLENTY OF TICKETS SOLD

Innocents Will Be Tapped—Band Concert in the Evening—Boat Race to Be Pulled Off—Class Oration in Morning.

By four o'clock Monday over three hundred and fifty tickets had been sold for the Ivy Day picnic to be held at Epworth Lake Park. A large number of students have expressed their intention of going, providing the weather conditions look favorable. The weather man has predicted good weather for the first part of this week, so prospects for a very successful and well-attended picnic are bright. The committee expects at least six hundred people to attend.

Many frats and sororities have promised the committee to close house Wednesday afternoon and not serve supper. Likewise several organizations that planned to have picnics of their own at different places have agreed to hold them at Epworth Park.

At ten o'clock in the morning the class oration will be given by Mr. Basye on the campus, either in front of the Library or between the Library and the Law Building. After the oration the Ivy will be planted by the senior and junior class presidents. This will be at the Law Building.

At ten-thirty the May queen will be crowned on the square north of the Administration building. The committee in charge of the election has successfully kept the choice a secret. The May-pole dance will follow. This will be accompanied by the Band.

In the afternoon the entire program will be at Epworth Lake Park. There will be twenty-minute service on the Asylum cars and a number of special cars to the park. The schedule of these will be printed on the programs, which will be given out Wednesday morning.

At two-thirty there will be a race

## GERMAN DRAMATIC CLUB SELECTIONS ARE MADE

Initiation and Big Meeting Will Be Held May 13—Last Meeting of the Year.

The German Club has announced the list of students who were accepted in the tryouts for the German Club and the new members are as follows: Alfred Hinze, Ethel Hills, Franz H. Paustian, Walter R. Raecke, Axel R. Swenson, Will Urbach, Agnes Van Driel, Ida Wilson, Gladys Well and Mr. Reece. The club will hold its last meeting of the year on May 13, at which time the new members will be initiated. This will be their big meeting of the year and plans for the next year's work will be talked over and decided upon.

Rumor has it that "Red" Nolan is considering a damage suit against the American Magazine. In the May issue of this publication Mr. Nolan's car is referred to as a refined cornsheller. We hope that the complainant vindicates himself fully in this matter.

### IVY DAY TOMORROW.

Tomorrow, friends, on May the sixth,  
We have a holiday,  
So put your books upon the shelves  
And drive dull care away.

'Tis Ivy Day, a day of fun,  
The last of all the year  
When we can leave our work behind  
And all get out and cheer.

In the morning comes the May Day speech,  
And planting of tradition's ivy;  
While crowning the queen and the  
May pole dance  
Will help to keep us lively.

The afternoon will find us all  
At one of Lincoln's parks;  
The girls will try athletically  
To set some record marks.

The Sphinx and Spikes will then cross  
bats  
And play a game of ball;  
Then, when that's done, there'll be the  
eats—  
And eats enough for all.

The Band, with dreamy melodies,  
Will keep the spirit moving,  
And then's the time to get your girl  
For one long evening's "spoofig."

And so forget the morrow's class;  
Let it take care of itself;  
Just think that it is Ivy Day—  
Forget the books on the shelf.

Now, you who haven't bought the cards  
Will feel most awful lost  
When all the rest go out to play—  
"Now, fellahs, come across."

—RUDD.

## KANSAS TEAM WINS

NEBRASKA TRACK TEAM MAKES GOOD SHOWING.

### DEFEATED NOT DISCOURAGED

Irwin Wins Hundred Yard in Ten Seconds—Hazen of Kansas Individual Point Winner—Kansas Has an Exceptional Team.

The result of last Friday's encounter with the Jayhawkers has not discouraged the Cornhuskers by a long way. The boys report Kansas as having a great track team. Hazen of Kansas was the individual point winner of the afternoon with sixteen tallies. In the high hurdles the elongated Kansas captain ran within a fifth second of the world's record, and lowered the Kansas record. His time was 15.2. Hazen also won the low hurdles, was second in the broad jump, where he nosed out our own Captain Reavis by half an inch, and second in the high jump. Reben of Kansas won the shot put with a heave of over forty-two feet.

Although the Jayhawkers copped the meet, Cornhusker followers are elated over the performances of the Nebraska men. In the hundred yard dash Irwin of Nebraskan ran the distance in ten seconds flat, winning easily. This ties the University record and equals the best Nebraska time of the Cornhuskers' king of sprinters, Coach Guy E. Reed. Irwin is only a first-year man, and a great future is before him. In the two hundred and twenty yard dash, Irwin won second. The four-forty went to Zumwinkle in fifty-two three, which stands as his best time for this distance. In the half-mile and mile Nebraska was left out. In the two-mile event Kratz won a nice second, doing the stunt in 10:36 4/5. The mile relay went to Kansas. Scott gave Kubik a lead which Kubik lost. Irwin, who slows down after about 300 yards, further handicapped Zumwinkle to such an extent that the fleet little Cornhusker could not catch the speedy Edwards. In the field events Nebraska did the

## LOWER CLASSMEN INTERESTED IN LATE DANCES

Booklet Explaining Various Forms of the Tango, Etc., Being Distributed.

Here is your chance, ladies and gentlemen. All the most difficult steps of the latest dances explained in detail. It is the chance of your young lives, people. Why, haven't you heard of them? They are the cutest little booklets, and the Ross P. Curtice company is giving them away free. Think of it! Free! The nicest thing of all is that they are illustrated in such a manner that even the freshmen can understand them. These said freshmen are also rather quick at times, we must admit. In fact, they seem to have been the first ones to discover this new source of higher education. The company reports that they have been swarming into the store by the dozens. One poor little innocent, after having approached the store at least ten times, only to lose his nerve at the last moment and pass on, finally, becoming desperate, he stepped nervously within. Horror of horrors! A lady stepped forward to wait upon him. He tried to call for help, but his voice failed him. His heart immediately started for the outer world, but caught in his throat some way or other. He tried to force it back down, but could not. He tried to spit it out, but was equally unsuccessful. Finally—"Is th-th-this where they keep chewing gum?" Just then a hole (a small one) opened up in the floor and he dropped through. He was then carried tenderly to his home. This man expected to dance the latest dances, too.

### FAST TENNIS GAME.

Nebraska Champions Will Play at Epworth Park Tomorrow—Exhibition Game.

An exhibition game of tennis has been arranged for the Ivy Day program tomorrow. Guy Williams, the Nebraska champ, and Miss Tinklepugh will play Meyer and Miss Savage. All the players are professionals and a fast match is expected. The racquet fans will be lured by the new attraction.

## GREEKS ARE MOVING TO SOUTH LINCOLN DISTRICT

Alpha Sigma Phi Move Their Residence to Corner of Eleventh and F Streets.

Following the "southern invasion" on the part of several other Greeks at the opening of school last fall, Alpha Sigma Phi has taken up its abode south of O street. Its new home is the H. A. Ensign place at the corner of Eleventh and F streets.

At least one other fraternity and two sororities were after this place, but were unable to break the leases on their present quarters. The Alpha Sigs beat them to it by subletting their house at 1437 Q street and signing the contract with Ensign before the others had awakened from their slumbers.

It is rumored that the Kappa Sigs will follow suit next fall by moving out to Twelfth and H streets, and that the Chi Omegas will move to a house near the corner of Twelfth and E. These three, together with the Phi Taus and Delta Chis, will make quite a colony of Greeks on South Eleventh and Twelfth streets.

## TRACK TEAM IS TO GO TO AMES THIS WEEK

Nebraska's Chances Will Be Better—Goetze and Bates Back for Long Distances.

This Saturday the Nebraska track team will go to Ames, where they will pit themselves against Hubbard's men. Our chances will be much better than they were against Kansas. Goetze will be back in the harness, which ought to give us a better chance in the distances. It is possible that Bates will be able to make the trip, which would greatly boost Nebraska's chances. It is certain that the relay team ought to deliver against Ames with Bates and Goetze back in the line up. Just what the strength of the Aggies is this year is hard to figure. The dope from Ames is decidedly conspicuous by its absence and no forecast can be drawn.

### Inter-Department Baseball League.

There will be a meeting of the managers or representatives of the following department teams in Coach Stiehm's office Tuesday, May 5th, at 11 a. m.:

1. Freshman Law.
2. Junior and Senior Law.
3. Civil Engineer.
4. Mechanical and Architectural Engineer.
5. Electrical Engineer.
6. Agriculture.
7. Commerce.
8. Teachers' College.
9. Freshman Academic.
10. Chemistry.
11. Sophomore, Junior and Senior Academic.

## SENIOR HOP IS CHANGED TO SATURDAY, MAY 9TH

Bad Weather of Last Saturday Forces a Postponement—Crowds Disappointed.

Due to the threatening weather on last Saturday, the Senior Hop was postponed. The hop was first postponed until next Friday night, but on account of Engineers' Night it has since been changed to Saturday, May 9. Nice weather had prevailed all last week until Saturday morning when it began to rain, which was at exactly the wrong time. Although the rain was not heavy, it would have been sufficient to spoil an otherwise good dance. Not long after this action the rain stopped and the day turned out very well. This was rather disgusting, but not being weather prophets, the committee was unable to foresee this. Yesterday Glen Tunks was notified by Miss Graham that Friday night is Engineers' Night. For this reason the date of the dance must be again postponed and the date has been finally set for Saturday night, May 9.
