FREDERIC FREEMANTEL
IN SYMPHONY ORCHESTRA

Highly Commended by Writers—The Great Tenor Will Be Here
May 25.

Frederic Freemantel, tenor, who is to appear with the Minneapolis Symphony Orchestra under the leadership of Mr. Emil Oberhoffer at the Oliver Theatre on May 25, recently gave a recital at Minneapolis which not only had the enthusiastic approval of the distinguished audience present, but the undivided approval of the principal music critics. Victor Nilsson of the Minneapolis Journal writes: "Mr. Freemantel's is a genuine tenor voice of good carrying power, excellent

range and lovely timbre. He is a singer of experience and well-versed method. His temperament is highly artistic and his interpretative powers versatile and highly adequate. His text articulation is very distinct and his general phrasing unusually well balanced."

Dr. Caryl Storrs of the Tribune says: "Mr. Freemantel's voice is lovely in quality, wide in range, even in register and of exceptionally pleasing timbre. It is handled with a technical mastery which conceals all technical effort and is backed by such good taste, sense of proportion, emotional comprehension and unaffected personal charm that the singer was equally effective in all divisions of his program."

Harlow Gale of the Daily News writes: "It was a great pleasure to hear such a refined and yet strong tenor voice."

SUMMER DAY CHARMS
AFFECTING SCHOLARSHIP

First Straw Hat Seen on Campus—Co-eds Blossoming Out in Fairest Costumes.

Summer has come at last. After a season of rain and cold weather the week has started out fine and the Engineers, the Ivy Day committee, and the Senior Hop committee are joyful. The first token of the coming warm weather was noticed yesterday when the initial straw hat of the season was worn on the campus. Also the bright summer apparel of the feminine sex is making its appearance around the school. The drinking fountain is constantly in use and the benches and the grass are being fully occupied during all hours of the day. This is the time when classes seem the longest and when the call of nature is the strongest. The sluffer is in his element. He lays about the campus and fools his time away, but has an awfully good time doing it. Even the staid old profs occasionally cast a longing glance at the glorious day outside and with a sigh go back to the task of trying to teach students something while their minds are far away.

PICK PICKINGS.

The Rag considers itself highly honored to have a haven for engaged just next door to it. This is the place where all the nearly-weds come to have their china burned. A girl carrying a basket across the campus with china in it is almost a sure sign of an engagement. The names and numbers of engaged girls about school may be almost exactly told by counting the little wicker baskets afloat upon the campus. We hope that this romantic little piece of information will go far toward enlightening the curious.

Yesterday's campaign of the Xi Deltas waxed so hot that it was almost an impossibility for a stude with two bits in his pocket to get through the door of Library Hall. The object of this is to sell more tickets for Ivy Day than the Silver Serpents sell today. It is safe to say that a large percentage of the underclassmen approached by these fair damsels fell for a ticket.

Earle Jackson, last year's president of the sophomore class, has been visiting about school for the past few days. Jack's time has been well filled in hand wagging and talking over old times with the cronies of former years. He has spent the past winter on the road with a quartet, but will be back in school next year.

The senior class play cast has at last established itself comfortably in U. 106. This room has become a first-class club room. It is said that the members of the cast now enjoy all of the facilities of such an institution as Conways or the Elks Club. We are all glad to see the cast enjoy themselves while they grind away in preparation for our entertainment the 5th of May.

Colorado.

On Monday evening 400 husky Colorado patriots shouldered arms, tennis racquets and ball bats and marched through Boulder celebrating the near-declaration of war with Mexico. With "drums thundering and banners flying" the four hundred marched from house to house gathering momenta as they went. They marched to the C. & S. depot with the hopes of fiding a few "chill-eaters," but when the train pulled in no Huertans were to be found. The four hundred then disbanded to their various homes.

OLUS SHIRTS

TURN YOUR SHIRT-TAILS INTO DRAWERS

What good is a Shirt-tail anyway?

IN OLUS the outside shirt and underdrawers are one garment.

This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put," to say nothing of the comfort and economy of saving a garment. OLUS is coat cut, opens all the way down—closed crotch, closed back. See illustration.

For golf, tennis and field wear, we recommend the special attached collar OLUS with regular or short sleeves. Extra sizes for very tall or stout men. All shirt fabrics, in smart designs, including silks—\$1.50 to \$10.00.

OLUS one-piece PAJAMAS for lounging, resting and comfortable sleep. Made on the same principle as OLUS Shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$2.50.

Ask your dealer for OLUS. Booklet on request.
