**GIRLS' TRACK MEET**  
(Continued from page 1.)

the track events and Miss Beghtol will conduct the baseball game. Mildred Scoville will act as announcer. The starters and judges of the meet are: Mildred Butler, Amy Armstrong, Beulah Harris, Vlasta Storba, Gertrude Van Driel, Virginia Leitich, Frances Tuthill, Marie Clark, Edith Miller.

**TRACK TEAM OFF TO AMES THIS AFTERNOON**  
(Continued from Page One)

braska and Collins and Kuser of Ames. Both Collins and Irwin did this event in 10 seconds flat last Saturday, and a fast race is certain.

In the mile run Seder and Snyder of Ames will oppose McMasters and Goetze. Seder did 4:40 against Missouri last week. Goetze, who was injured so severely that he was unable to go to Kansas, is again in shape to put up a fight. McMasters is also fast rounding into form.

Nobel of Ames and Lindstrum and Kruse will fight it out in the high hurdles.

Zumwinkle and Scott will go in the 440 against Wilson and Iverson. Wilson, last Saturday, ran the distance in 51:3, while Zumwinkle took 52:4.

In the pole vault, Stoney and Captain Doodle will endeavor to win first and second over Smith of Ames.

"Seven" Myers and Clinton Pepper Ross will do the heavies in both the discus and shot.

In the low hurdles Stoney Lindstrum and Nafziger will run for Nebraska. Haggard of Ames will run against Hugg and Kubik in the half mile. Doodle and Herb Reese will broad jump against Moad.

Kratz and Goetze will do the two-mile run and expect to do it up brown.

In the half mile relay, Scott, Reese, Irwin and Zumwinkle will compete against Kaiser, Rall, Wilson and Collins.

The mile relay is not decided upon as yet, but it looks like Scott, Kubik, Goetze and Zumwinkle opposed by Pearson, Iverson, Kaiser and Collins.

**IDEAL TYPES OF MEN**  
DISCUSSED BY DR. BROWN  
(Continued from page 1)

power of killing, rather than from intellectual strength. Echoes of this idea are found in the regard for blue coats and brass buttons.

The industrial view overshadowed the military idea. This is an ideal of our times, but it, too, is doomed. Men are measured according to this standard by their number of bank notes. This standard is conducive to both good and evil—good insofar as gain is rightfully made as a result of individual ability, and bad from the standpoint of greed to which it gives rise.

The next ideal is that of man as a thinker, an intellectual giant rather than a physical or industrial one. A man is able to have more influence through writing great things than from killing whole armies. Milton and Shakespeare are examples of this ideal. Man at his best is the man who thinks.

But the greatest of all men, says Dr. Brown, is the man who is the servant of all. The man who realizes himself is the one who most completely serves. This is true in the school, the home, the church and in the world. Utility determines the estimate which we place upon men, as is shown by the honor we give to such men as Lincoln and Gladstone. The true secret of Christ's influence and of any great man's influence is unselfish service. If this principle is taken as the guiding principle in the lives of men they will feel at its close that they have spent their time in the most efficient manner.

**NEBRASKA ACADEMY OF SCIENCES MEETS TODAY**

Governor Morehead Speaks at Nine O'Clock—Bion Arnold Also on the Program.

At 8:30 o'clock this morning the twenty-fourth annual session of the Nebraska Academy of Sciences will hold a meeting in room 206 of the Mechanical Engineering Building. Up to nine o'clock business matters of the organization will be attended to, and after that hour Governor Morehead will give an address of welcome. Erwin H. Barbour will respond to this address.

The program of the meeting will begin with a report on the Iowa Academy of Science meeting by President J. C. Jensen. D. W. Hayes, president of the Peru Normal, speaks on "Medical Inspection in Schools"; William F. Riggs of the Creighton University will speak on "The Arlington Wireless Time Signals"; Dean Charles Fordyce will show the progress made in education; G. W. Luckey will talk on "The Wastes in Teaching," and Dr. C. E. Condra will show the motion pictures taken in Nebraska. Doctor Bessey and E. C. Hurd will give talks which will be followed by a live discussion of engineering events of the day by the famous consulting engineer, Bion J. Arnold.

**NORTHWESTERN COACH AND STUDENTS DISMISSED**

Put Two Freshmen on Baseball Team Against the Rules—Clean Athletics Wanted.

The Northwestern University has been experiencing some trouble with its baseball team. It seems that in a recent game with the University of Minnesota two freshmen in the dental school were played contrary to the Conference rules. The men were both playing under assumed names. As a result the coach of athletics has been dismissed and the captain of the team, McCosh, has been expelled from the University. Both these men, it was discovered, knew of—or actually instigated—the plan to play these ineligible men. The stand taken by the University, which has demoralized the team and caused the forfeiture of both the Perdue and Indiana games, has been generally praised by the college men and by other universities. Public opinion has declared itself in favor of clean, rule-abiding sport.

**EIGHT MEN COMPOSE VARSITY TENNIS SQUAD**

Southern Opponents Have Advantage for Weather Has Been Better.—Men Working.

Tennis practice has been going on quite steadily the past few days. With the Missouri Valley meet only two weeks off, hard and consistent work will be necessary the rest of the time. The men have been severely handicapped by the inclement weather and are not in nearly as good trim as their rivals in Kansas and Missouri, who have had a much longer time in which to practice.

Eight men, namely, Sussman, Allyn, Flory, Finley, Meyer, Williams, Ellis, and Chatt, have been chosen to make up the varsity squad. The last two named are not eligible, but are of sufficient calibre to give the varsity men good opposition. These men have the privilege of the courts from three to six each afternoon. Anyone is privileged to challenge any man on the varsity squad, and if he can defeat him can displace him. Tryouts for the team will be held in about a week, and are open to all.

**MEN wanted for summer work.** We have men now going to the University who have made from \$300 to \$900 clear for last summer. Call any time at the Stanley, 1302 Q St., room 4, second floor. Ask for C. Miller.
