Some People Have Carried Away With Them, However.

Dr. Clyde F. Harner, Tiskilwa, Ill., relates that the following incident which occurred in his practice:

In his absence another physician was called, but on his return he was asked to take charge of the case. It was the lady of the house was sick and she said to the doctor:

"I do not think the auto has anything to do with my sickness, do you, doctor?"

"Why, no," he replied. "Why?"

"Well, I knew Dr. _____ did not understand my case, for he said I had auto intoxication."

The Salvation Army Dance.

Bix—"Do you know the new dance?"

Dix—"No; what is it?"

Bix—"Dance on your heels to save the soles."

Valuable Advice.

Don't throw out dead poultry in incorporated towns or in other objectionable places.

It Pays.

At the urgent request of the advertising department we reprint this bit of logic from an unknown source:

"When a duck lays an egg she just waddles as if nothing had happened.

"When a hen lays an egg there's a whole of a noise.

"The hen advertises. Hence the demand for hen's eggs instead of duck's eggs."—Ex.

Resident: "Think of opening an office in this neighborhood, eh? Seems to me you are rather young for a family physician."

Young Doctor: "Y-e-s, but—ear—I shall only doctor children at first."

VALUE should outweigh all other considerations in buying clothes. More important than what you pay is what you get for what you pay.

Buy a Kensington or a Kenmor suit of us and you'll get value in full; you'll get a sale value at a regular price.

We charge only what our clothes are worth—and no matter whether you pay us \$14.50, \$17, \$20, \$25 or \$30 you'll find the price as low as clothes of equal value can be sold for anywhere.
