**WESLEYAN VS. NEBRASKA  
TRACK MEET SATURDAY**

**Rumor Out That Methodists Expect to Husk the Cornhuskers—Can They Do It?**

A report has come down to the campus that Wesleyan expects to take nine firsts and the meet when they face the Huskers Saturday afternoon on Nebraska Field. The Methodists claim to have the Huskers' numbers in every one of the runs and a lead-pipe clinch on the distances. They expect to hang the K. O. on us in the hammer and shot and broad jump. It is true that Brunig of Wesleyan can run the two-mile if forced under ten minutes, which is exceptional for anyone. Gillilan, in the mile and half-mile, has not been beaten this year and is anxious to keep his record clean. Gillilan can do the mile faster than 4:40, and the half under 2:05. In the quarter, McCandless is said to have never been pushed. It is understood that a good many dollars have been placed on the result of this one race. Of course, all betting is done down town and is not indulged in by the students, but the fact is mentioned to show the interest that is aroused. Fetz, in the dashes, is fast. What he will do is said will prove a surprise to Nebraska rooters.

In the relay, Wesleyan has made no predictions. The field events have three good weight men in Lesh, Johnson and Durham. It is said that Lesh will take the hammer, Johnson the shot and Durham second in the discus. Wesleyan has a high jumper do-

ing 5 feet 8 inches, a broad jumper doing 21 feet, and McGee doing 11 feet in the pole vault.

It is certain that the whole student body of Wesleyan will be on Nebraska Field en masse. A big delegation of Nebraska fans promise to turn out. This will be the last time that student tickets may be used.

**Age Win.**

On the athletic field the Age played around the Chemistry team to the tune of 20 to 3. The batteries for the Chemistry team were Greenstone and Elliott, and for the Ags, Hosek and Rice.

**Betas Forfeited.**

Last Wednesday afternoon the Betas forfeited one of their frat baseball games to the Kappa Sigs.

**WHAT WE COST THE STATE.**

How many of us, who pay from \$100 to \$120 per year in tuition and fees, realize how much the state must add in cold, hard cash to put each of us through? Probably we have not even paused to give the matter a passing thought. For running expenses and maintenance alone, not considering cost of equipment or depreciation, each student costs this state \$542. Small wonder we are expected to make good or get out.
