Some Doubt as to Whether Full Team
Will Make Trip—Will Attempt to
Redeem Themselves After
Defeat by Wesleyan.

Ralph Anderson and his freshmen leave for Crete this morning. This afternoon they will compete against the Doane Tigers. It is rather doubtful whether the full team can make the trip. Smith wants to stay at home and take in Medic Week. Chamberlain is not certain that he can get away on account of work. If all the men can make the trip they will enter the events as follows: 100-yard dash, Smith and Deering; 220, Smith and Maxwell; 440, Bates and Chamberlain; 880, Henley and Anderson; mile run, Anderson and Carroll; 2-mile run, Raecke and Vidal; pole vault, Reavis and Miller; high jump, Vidal and O'Brien; broad jump, O'Brien and Miller; weights, Corey and O'Brien. The half-mile relay will be run by four of the following men: Deering, Chamberlain, Bates, Smith, Maxwell or Burney. The hurdles will be run by Chamberlain, Vidal and Maxwell.

PUBLICATION BOARD REPRESENTATIVES CHOSEN

Beard, Holcombe and Evans Are
Choice of Classes—Sophomores
Were Energetic.

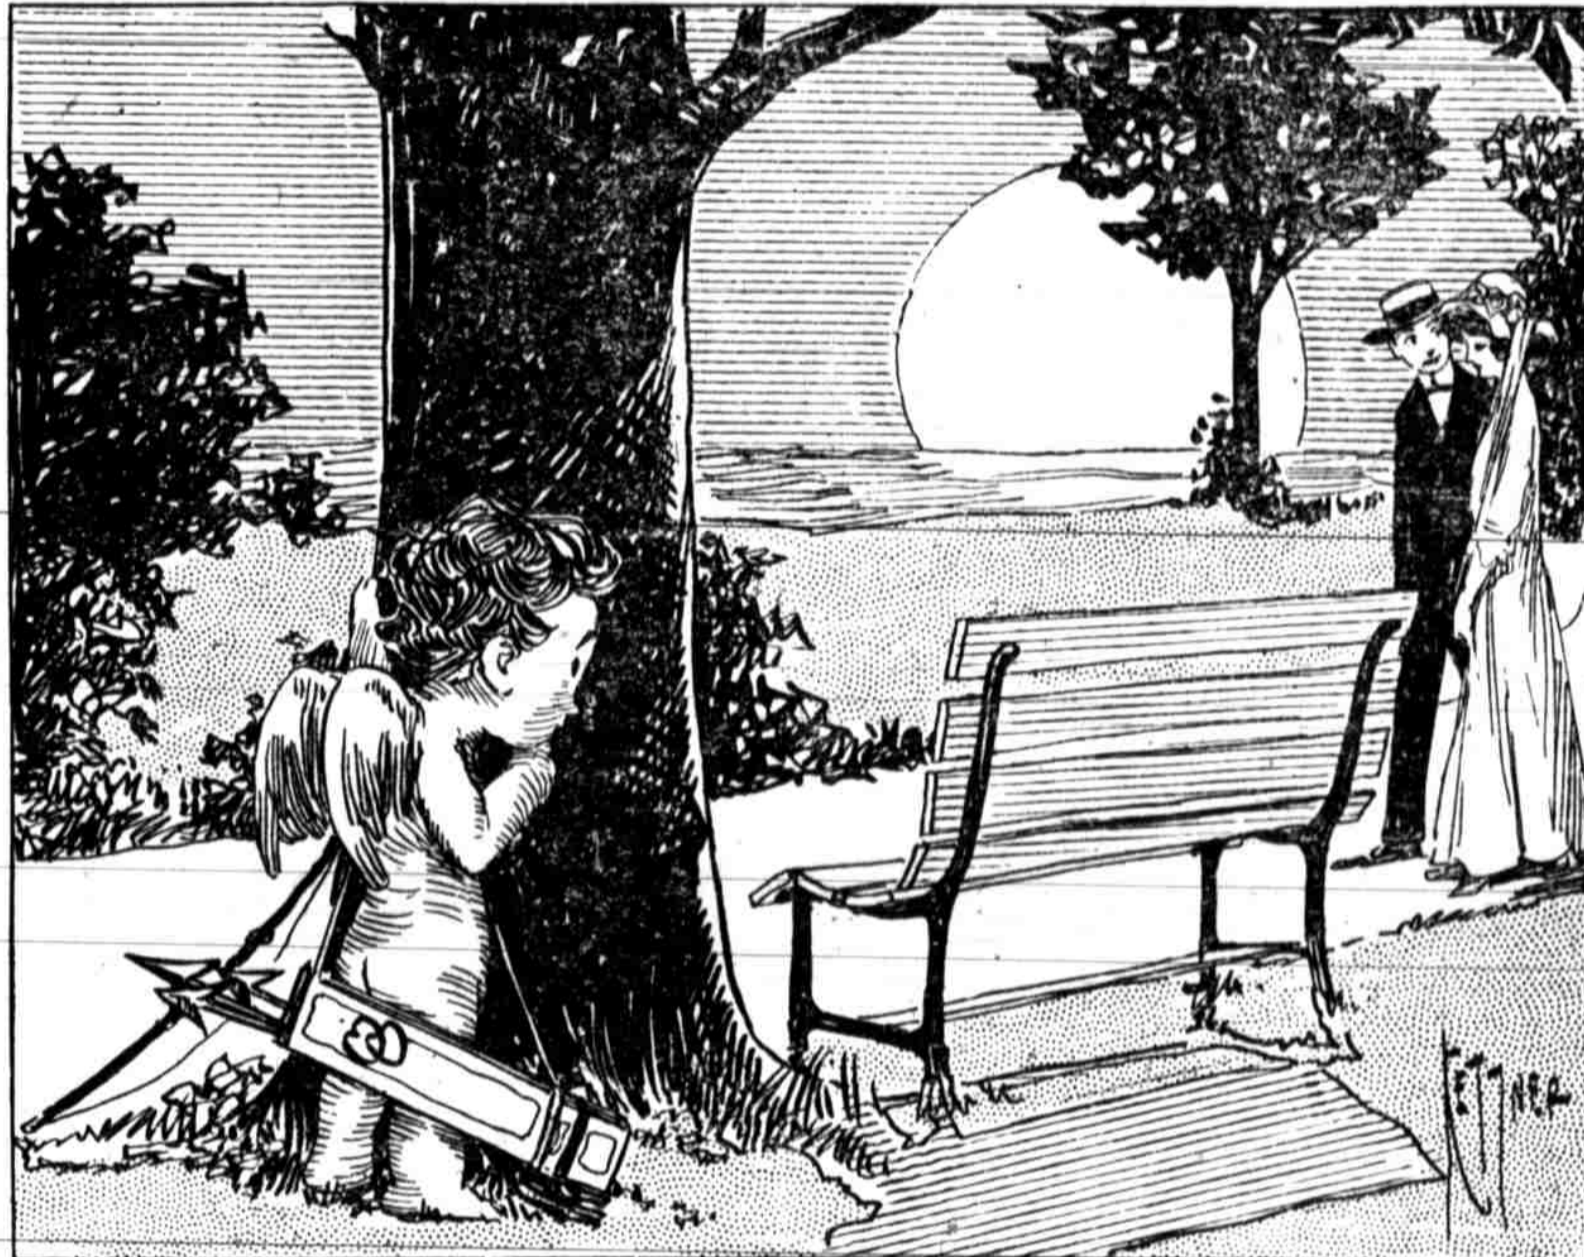

The following men were elected yesterday to the Publication Board for the ensuing year:

Junior—J. C. Beard.
Sophomore—C. S. Holcombe.
Freshman—Evans.

The sophomore meeting was the "peppiest" gathering of the day. Three candidates were in the field—Folkem, Gentzler, and Holcombe.

In the absence of the president of the Freshman class, Hugh McVicker was made temporary chairman. Evans and Hixenbaugh were the opposing candidates and Mr. Evans received a majority of the votes cast. A small number of freshmen were out to class meeting, and not much interest seemed to be shown in the election.

"WATCHFUL WAITING"

MUSICIANS BANQUET

BAND BOYS GET TOGETHER FOR
THEIR ANNUAL SPREAD.

BOWMAN AS TOASTMASTER

Will Endeavor to Make Nebraska Band
Best in America—Professor Cor-
nell One of Main Speakers
—Good Fellowship.

The Cadet Band held their annual banquet Thursday evening. Commandant E. N. Bowman acted as toastmaster. Toasts were given by Captain Sullivan, L. L. Hines, Bill Locke and Professor Cornell. Professor Cornell brought out his views upon the success of the band. He contributed the success of the band chiefly to the existence of good fellowship. The boys work together and for the purpose of learning—not for the one credit. It is this spirit that has given the band its success. The band has resolved to prove by the end of the next year that it is the greatest American college band.

Cactus to Bloom.

The big cactus from Arizona will bloom either today or tomorrow. Anyone who wishes to see it may call at the greenhouse. The blossoms last only one day and are of a pale cream color. This is one of the first cacti of this species that have blossomed so far north.

Iowa.

Late Tuesday afternoon the cadets returned home from the encampment on the banks of the Iowa river. They spent four days at Macbride Camp, and all were very much pleased. The four days were full of hard work. Drill was held in the mornings and evenings. After the evening drill campfires were lit and the boys sat around these for several hours telling stories and singing songs. On the whole, the camp was a great success and everybody was well pleased.

Missouri.

The fifth annual Journalism Week has been formally opened. The first event of the proceedings was the meeting of past presidents. Fourteen former presidents were in attendance.

SEVERAL CORNHUSKERS TO BE EXHIBITED SOON

Watch Windows of Mayer Bros. and Magee's—All to Be Distributed Next Week.

Manager Swift of the 1914 Cornhusker was seen on the campus again yesterday after his trip to Omaha. When asked in regard to the cause of the smiles, he replied, "Oh, I expect to have several of the books on hand some time tomorrow for exhibition in the windows of Mayer Bros. and Magee & Deemer." When asked how it was possible to have some of the books here for exhibition, and not for distribution among the students, Swift said, "Well, I had a rush order made of a few copies for the express purpose of letting the students know beforehand what they may expect."

The entire issue of the books will, almost without question, be distributed to the student body next Thursday.

FRATERNAL INSURANCE MAN SPOKE BEFORE CLASS

Talbot, Head Consul of the Modern Woodmen of America—Emphasizes Fairness.

Mr. A. R. Talbot of Lincoln, head consul of the Modern Woodmen of America, addressed the Insurance class Friday morning on "The Insurance of the Fraternal Society." Mr. Talbot's high position in, and long experience with, the largest of modern fraternal organizations, and his recognized ability in this field, gave special interest to his address.

The speaker sketched the conditions in old line, stock and mutual companies which led up to the organization of the fraternal, viz., the creating of large reserves in those companies, and at the same time the forfeiture of all title to those reserves by lapsed members. He showed how the early rates of fraternal were purely guesswork, not only in most instances being inadequate in the long run, but inequitable as between members of different ages at entrance. He spoke of the work of the National Fraternal Congress and of the endeavor made by those having the real interest and permanency of the fraternal organizations at heart to get them on a scientific rate basis.

He thoroughly believes that there is a proper place for the fraternal in insurance, through its low expense ratio and the elimination of much of the investment feature by operating on a narrower margin of reserve and surplus than is customary in the old line company, but he is no less a believer in fully adequate rates in fairness and honesty to all.

COMMANDANT BOWMAN GIVES OUT PAMPHLETS

Booklets Written by Members of the United States Infantry—One University Man.

Commandant Bowman distributed four bulletins among the officers and non-commissioned officers of the regiment the other evening. One of the books is "Some Economic Aspects of War," by Henry C. Emery, professor of economics at Yale University. The material in this book was a lecture delivered before the Army War College, Washington, D. C., April 11, 1912. Another booklet, entitled "National Defense," by First Lieutenant G. A. Lynch, was among the number, as were "The Military Policy of the United States," compiled by Major Evan M. Johnson, Jr., of the infantry. "Facts of Interest Concerning the Military Resources and Policy of the United States," by Leonard Wood, major general chief of staff, is a booklet of great interest.
