GIRLS' ISSUE OF RAG TO BE THE BEST EVER

Advertising Has Held Issue—Many New Features Promised—Illustrations and Cartoons.

The girls' edition will come out without fail on Tuesday of this week. The edition has been delayed for a long time on account of the lack of advertising and the difficulty of securing suitable copy. It is claimed by those who have seen the copy that it is one of the best editions that has ever been put out by a college publication.

It practically reviews the girls' work for the entire year, including the athletics, the social and political activities.

The paper is illustrated with a choice collection of cuts and it has unique headings.

STUDENT COUNCIL AGAIN FAILS TO MATERIALIZE

Last Meeting of the Year Will Be Held Next Thursday—Urgent Call for Quorum.

The student council convention was unable to meet again yesterday because there was not a quorum present. The last meeting of the year will be held on next Thursday morning during the convocation period. Remember, this is positively the last meeting of the year and every member of the convention should be present. The most important business of the year will be discussed and a full membership is essential to the success of the meeting. Every loyal member of the convention will see to it that he is in room 202 of the Law Building next Thursday morning at 11:00 o'clock.

THE NEW LOCATION.

The Advantage of the Present Location of the Medical School at Omaha by Dr. Irwin S. Cutter.

The state of Nebraska may well be proud of the start, which has been made in Omaha, in the building and equipping of a splendid Medical College plant. On a campus ample to begin with, the first building housing the laboratories has been constructed. This building occupied in September, 1913, is probably as modern in construction and equipment as any of the medical college buildings in this country and the verdict of all who inspect the plant bears out this statement.

The school year now drawing to a close has given the medical plant a severe test both for organization and working utility. That the organization can and will bear improvement goes without saying and it would be deplorable indeed if the physical equipment were entirely satisfactory. But progress has been made of the most effective kind and such progress as builds for the future.

The student body is compact and in general harmonious. How much has been accomplished for solidarity and unity of student ideals can only be known by those who have gone through the year. It is safe to say that no finer body of students will be found in any school in the country and their opportunities equal their ideals.

The fears of many (who viewed the removal to Omaha with apprehension), that clinical advantages might not be the best, have proven groundless and it is a common verdict of the upper classmen that they are "cliniced" to death. In these clinics are found a large percentage of real teachers; men who have accomplished much for medicine as such, and who are now trying to give their best to a coming generation. The school has drifted far from the "show" clinic of many schools and has placed the teaching of diagnosis and treatment on a real academic basis.

Not the least of the many clinical advantages is the free dispensary, maintained and operated by the University. This free dispensary in round numbers average 1,000 cases per month, giving a wide experience in diagnosis and applied medicine.

For Sale.

Three 1913 cloth Cornhuskers. T. A. Williams' office. \$2.00 each.

FORESTRY CLUB OFFICERS ELECTED FOR NEXT YEAR

Forshing, President—Forest Club Annual Staff Selected—Palmer, Editor-in-Chief.

The Forest Club elected officers for next year at its last meeting, held Tuesday evening. The staff of the Forest Club Annual, which is again to resume publication, was also elected. The officers are as follows:

- Forshing, president.
 - Weye, vice-president.
 - Scott, secretary-treasurer.
 - Shumaker, sergeant-at-arms.
- The following have been elected as members of the Forest Club Annual staff:
- Palmer, editor-in-chief.
 - Risdon, associate editor.
 - Ohlson, business manager.
- All officers were elected unanimously with the exception of the sergeant-at-arms, who had a hard fight, winning by a small majority over Noble.

Balloon Quickly Returned.
 Harvard.—Harvard camp, Woodmen of the World, sent up a paper balloon here to which was attached a card entitling the person who returned it to Deputy W. D. Askine to free entrance fees into the order, and within an hour it was returned by Melyin Kitzinger of this city.

TURN YOUR SHIRT-TAILS INTO DRAWERS

What good is a Shirt-tail anyway?

IN OLUS
 the outside shirt and underdrawers are one garment. This means that the shirt can't work out of the trousers, that there are no shirt tails to bunch in seat, that the drawers "stay put," to say nothing of the comfort and economy of saving a garment. OLUS is coat cut—opens all the way down—closed crotch, closed back. See illustration.

For golf, tennis and field wear, we recommend the special attached collar OLUS with regular or short sleeves. Extra sizes for very tall or stout men. All shirt fabrics, in smart designs, including silks—\$1.50 to \$10.00.

OLUS one-piece PAJAMAS for lounging, resting and comfortable sleep. Made on the same principle as OLUS Shirts—coat cut, closed back, closed crotch. No strings to tighten or come loose. \$1.50 to \$8.50.

Ask your dealer for OLUS. Booklet on request.
 Phillips-Jones Company, Makers, Dept. N 1199 Broadway, N.Y.

OLUS

Remember!—If it isn't coat-cut, it isn't OLUS

FRANCIS OUIMET endorses

OLUS SHIRTS

Wright & Ditson
 Fine Athletic Goods.

Phillips-Jones Company, 1199 Broadway, New York, N. Y.

After having worn the several shirts which possess the feature of shirt tails turned into drawers—I can without hesitancy state that for athletic purposes or everyday wear, I consider the Olus the only practical design.

Yours very truly,
 Francis Ouimet
 Open Golf Champion of the United States
