

**Track Work by the Co-eds**

Great interest is shown in track events, every girl who is athletically inclined, pines for a "N," at least a medal. The standards set by the committee for winning a "N," are high. To attain this honor a girl must have an "E," in physical education, a place on the class team and first, second and third places in some track event. This standard places the premium on physical ability and does away with over-training.

Last spring the following girls were given the right to wear the "N": Edith Brown, Mildred Butler, Marie Clark, Edna Froyd, Amy Garner, Camille Leyda, Lucille Leyda, Edith Miller, Lottie Savage, Ruth Sheldon, and Ethel Johnson.

Judging from the interest shown and the excellent work done in practice this spring, a much larger number will probably be presented.

Aspiring "Sprinters" and hurdlers flock to the Gymnasium at every available hour of the day. Under Miss Gittings' coaching they learn to clear

hurdles and "Shoot off" the mark in excellent form.

Those whose ability lies in strength rather than in speed, "Put the shot," and throw the basket-ball.

The records made by the girls in previous years compare very favorably with the track work of other colleges. The Vassar record of official field meets are not superior on the average to our own. The following will show the work done in Vassar, Berkeley, and Nebraska.

Vassar. Berkeley. Nebraska.  
High Jump 4-ft. 2-in. 4-ft. 2-in. 4-ft. 3-in.  
Shot Put. 31-ft. 8-in. 34-ft. 1-in. 33-ft.

Basket-ball  
throw 72-ft. 82-ft. 80-ft.

Considering the handicaps under which the athletics are conducted here, the energy which the girls have shown in making the best of the situation is very much to their credit.

When the happy day arrives, when Nebraska will have an up-to-date Gymnasium we will rank even higher than many of the older and better established schools.

**Dramatics**

The Dramatic club was organized in 1902. During the first few years of its existence the leading roles in the plays presented, were taken by members of the faculty. One of the first plays to be given was the "Professor's Love Story," with Searle Davis and Bashie Tully in the leading parts. This play met with phenomenal success from the start and practically established the reputation of the club and set the standard for future productions.

Space will not permit the mentioning of many of the other excellent plays which have been given later. The Dramatic club has been one organization which has always been a paying proposition. It has assisted the athletic department, contributed to Y. M. C. A. work, and donated over \$1,000 to the neighborhood house.

Four of the students who have special-

ized in this department have gone into professional work. Harry Neligh, Homer Hunts, Bashie Tully and Julia Nagl James.

Julia Nagl James played the second leading role in the original "Bird of Paradise" company, in New York City.

At the present time the membership of the club is limited to about twenty-five.

The Kosmet club is a dramatic club, whose object is to promote the production of original plays by the students. The music and the plays are all written by students or members of the faculty.

The German Dramatic club presents German plays several times a year, all the conversation is carried on in German.

The Spharo Styx gave its first entertainment this year. Its productions takes the form of vaudeville stunts which are supposed to be humorous.
