UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, MAY 28, 1914.

PRICE 5 CENTS

VALLEY TRACK MEET

CORNHUSKERS OFF FOR ST. LOUIS TODAY TO COMPETE.

EIGHT OTHER TEAMS ENTER

Not Known How Well Nebraska Will Fare—Stanford, Chicago, Wisconsin and Other Large Colleges Entered in Meet.

Coach Stiehm, Professor Barber, Coach Reed, together with Irwin, Scott, Reese and Zumwinkle, sprinters; Captain Reavis and Lindstrum, pole vaulters; Goetze, Miller, and "Seven" Myers, weights, leave this afternoon for St. Louis, where they will take part in the Missouri Valley meet which will be held on Friday and Saturday of this week. The preliminaries will be held Friday and the finals Saturday morning. The Cornhuskers will enter the 100, 220, 440, mile, pole vault, high jump, discus and half-mile relay. Just what Nebraska will do is hard to figure. The tournament will not be a pure Missouri Valley affair. Besides the regular Missouri Valley institutions, which are Drake, Ames, Kansas, Missouri, Washington and Nebraska, there will be eight other schools, Leland Stanford, Chicago, Wisconsin, Northwestern, Purdue, Tulane, Colorado and Louisiana.

Tomorrow will be the last publication of the Daily Nebraskan and the results of the meet will not be published. Our readers, however, can rest assured that the Cornhuskers will uphold their end of the battle.

HELMET AND QUILL NAME OF NEW SOCIETY

Organized by Awgwan Board—Composed of Thirteen Members—Pine Out Next Fall.

At a recent meeting of the Awgwan board a new society came into being. It is called the Helmet and Quill and its purpose will be to publish the Awgwan. The membership of this society is chosen from the contributors who have shown an interest in the paper in the past, and it will be limited to thirteen active members. The society will formulate the policies and contribute a great deal of the material for Awgwan.

The organizers say that the only way for aspiring underclassmen to make the society is to turn in acceptable material. There are two vacancies now in the society to be filled during the first part of next year. After that the vacancies will be filled at the end of each year. Appropriate pins have been ordered, which will be flashed around the campus next fall. Following is a list of the members of Helmet and Quill:

- Leslie Slack.
- Marcus Poteet.
- W. F. Noble.
- Hugh Agor.
- H. R. Thomas.
- Howard Updegraff.
- Burke Taylor.
- A. C. Chace.
- Glen Ruby.
- R. F. Clark.
- Ralph Northrup.

IT MAKES NO DIFFERENCE

BOHEMIAN EDUCATOR SPOKE IN ART HALL

Benes Is Making Tour of the United States to Learn Modern School Methods.

Students of the University and others listened to a talk in Art Hall the other evening by Vojta Benes, an educator from Europe. Mr. Benes is at present making a tour of the United States, investigating the American educational system. In his lecture he reviewed the popular tendencies in Bohemia and the rise of the social democrats. At the present time, according to Mr. Benes, Bohemia is the farthest advanced of any of the Austrian states and is paying larger taxes than the other states. The representatives of Bohemia in the Austrian parliament are seeking to promote a greater democracy and to secure more local rights. The German states are seeking to impose the German school upon the people of Bohemia in the larger cities. Mr. Benes was of the opinion that, while the grade schools in Bohemia compare quite well with those of the United States, the universities and higher schools of Bohemia are somewhat behind the times. The lower schools are more under local control, while the higher schools are supervised by the state. It was asserted that the University of Prague has an enrollment of 5,000 students and is not able to take care of the students adequately. Mr. Benes finds the schools of the United States especially well equipped for the teaching of the sciences. In Bohemia there is no athletic system connected with the universities as there is in America. A few of the better known schools are now installing such departments. To a large extent this want is supplied by clubs which carry on athletic work and which have been quite successful in international competition. Among other interesting things,

UNIVERSITY PROFESSOR ADDRESSED ADVERTISERS

Professor C. R. Martin of the Commercial Department Talks to the Lincoln Ad Club.

Professor Martin of the Commercial department spoke before the Lincoln Ad Club the other evening on "The Economic Side of Advertising." The talk dealt with advertising and its growth through the various advances of business. "Out of the \$650,000,000 spent for advertising each year, \$250,000,000 is for newspaper advertising," is a statement made by the speaker.

SOCIAL WHIRLS AND TWIRLS OF FIRST SEMESTER

Co-ed Sketches an Outline of Society Headlines from the Daily Nebraskan.

Hardly had the trunks of the arrivals been deposited in the various "apartments" and "suites" of the students before the important vocation of fussing had begun. In fact, the evidences were very strong to the effect that this phase of student activity was picked up much more rapidly, and with greater ardor, than were the books. This state of affairs was so evident that even the Daily Nebraskan came out with stirring headlines on the subject.

After a summer spent in the free run of the tango and its companion dances, the question naturally was uppermost in the minds of the students, as well as in the minds of University authorities, as to whether such mode of dancing "was to be or not to be." Soon, however, came the edict from the powers in command that the Boston and tango should be substituted by the waltz and two-step. That this was an unbreakable rule was shown by the punishments of certain violations. References might be obtained from the Delta Upsilon and Alpha Tau fraternities for side lights on the matter.

The season of dancing was started with a boom the first week end—mostly by the fraternities who were strenuously rushing freshmen. In spite of the long separations during the summer, the co-eds were sadly neglected in comparison with the dear freshmen who were soon to be pledged. After a three days' delay, due to breaking rules, the ban was finally removed, and each fraternity pledged "just the men they wanted."

The girls' rushing, which consisted

NEW SCHOOL LIST

DIVIDED INTO A FOUR-YEAR LIST AND JUNIOR LIST.

THIRTY UNITS ARE REQUIRED

Requirements Are Similar to Those of Former Years—Graduates of Four-Year Schools Are Admitted to Most Schools.

Accredited Schools, 1914-15. The University of Nebraska maintains two lists of accredited schools, a four-year list and a junior list. The graduates of the four-year list are admitted to the University (and to nearly all of the colleges and universities of the United States) without entrance examination in subjects that are properly certified as completed within these schools. Unless a graduate of an accredited school, a candidate for admission must be prepared to take examination in those subjects in which he desires entrance credits.

- Standards of Accredited Schools.
1. Not less than thirty units required for graduation.
 2. The minimum academic and professional preparation of teachers equivalent to four years beyond a four-year high-school course. In determining this equivalence, two years of experience in grammar grades or secondary schools to be considered equivalent to one year of higher preparation.
 3. Not to exceed six daily recitations for each teacher.
 4. Laboratory and library facilities.

SQUAD COMPET AT FIVE ON THE ATHLETIC FIELD

Winning Squad Corporal to Receive Cup—Much Interest Being Shown by Men.

A preliminary "compet" will be held Thursday night between the different squads of the regiment. To the corporal of the winning squad will be given a cup. Much interest and speculation is being exhibited as to the probable outcome and the rivalry between the different squad leaders is daily becoming more intense. In order to facilitate matters it has been decided to enter only one squad from each company—the one which has put up the best drill.

All of this only goes to make better fit them for military work next year. The prize, in the form of the cup, stimulates the squad leader to get the best work out of his squad. This squad "compet" will be held Thursday at 5:00 p. m., and promises to be very interesting.

Sophomore Hop. Statement of the Sophomore Hop, held at Capital Beach, May 22, 1914. Receipts, 99 tickets at \$1.25, \$123.75. Expenditures: Hall, \$25; music, \$35; programs, \$23.85; tickets, \$1.50; posters, \$2.25; advertising, \$5; doorkeeper, \$1.50; refreshments, \$20. Total, \$114.10. I. K. Frost, chairman. Audited May 27, 1914.
