

# The Daily Nebraskan

VOL. XIV. NO. 16.

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, OCTOBER 7, 1914.

PRICE 5 CENTS.

## ELECTION RESULTS

FIVE HUNDRED FRESHMEN OUT TO CAST THEIR VOTES.

### GANZ TAKES HIGH HONORS

First Year Men Are Given Credit For Having Been Most Active Although the Others Were Busy.

The election yesterday was exceedingly exciting and more interest was shown in this than any other election in recent years. The vote was decidedly heavy in all but the Junior class. Keen interest was shown among the Freshman as all three candidates were on the job from the moment the polls opened until they closed. Lyons won after a spirited fight. Harney the newly elected Sophomore president received a larger majority than any of the other winners. Lanz had no opposition for the high office of the Junior class and on that account the vote was light. Ganz was winner over Halligan in the Senior class although the race was not as close as was expected from the talk around the campus.

The official vote is as follows:

|                         |     |
|-------------------------|-----|
| <b>Freshman Class.</b>  |     |
| Wallace A. Gerrie.....  | 129 |
| John W. Lyons.....      | 244 |
| Kenneth K. Martin.....  | 129 |
| <b>Sophomore Class.</b> |     |
| Harry K. Grainger.....  | 69  |
| LeRoy J. Harney.....    | 233 |
| <b>Junior Class.</b>    |     |
| John E. Lanz.....       | 69  |
| <b>Senior Class.</b>    |     |
| Carl D. Ganz.....       | 121 |
| Victor Halligan.....    | 81  |

## STUDENTS STUDY SYMPHONY MUSIC

Meet Every Saturday From Five to Six—First Symphony Next Thursday in Chapel.

A thorough preparation for the symphonies to be presented this year is possible through a series of classes held each Saturday evening from five to six in Art Hall.

The following, in the words of Professor Dann, presents in a logical manner the program outlined for the year: "Mrs. Raymond, director of music in the University, is planning to give during the University year nine symphonies with strings and organ, a combination of instruments that has been employed under Mrs. Raymond's direction in rendering orchestral work. The organ supplies the parts of the wood-winds and other instruments, and the performers, though few in number, manage by sympathetic cooperation to give the impression that one is hearing a small but highly efficient orchestra.

"It is not often, even under favorable conditions, that one can hear the entire series of Beethoven symphonies and Mrs. Raymond is planning to give even the ninth—the most stupendous of them all. It is a rare opportunity to learn at first hand the character and development of Beethoven's genius."

The series will begin next Thursday at Memorial Hall at 11 o'clock. On that occasion the First Symphony will be rendered.

**Kansas Aggies.**  
Ernest Frank, 1912 captain of the Cornhusker champions is assisting in hammering the backfield into shape. Frank is taking postgraduate work in the Animal Husbandry department. His presence on the Kansas State coaching staff will be a worthy addition to that department. The Jayhawk dope looks good. Although only seven letter men have returned the squad numbers into the sixties. The backfield at the start appears to have the edge on the line for material that is to say on experienced material. Five of the veterans are back-field men and many of the new candidates aspire to similar positions.—Kansas Daily.

## JUDGE FROST GIVES ADDRESS YESTERDAY

Spoke on Prison Reform to Students—Told About Prison Break Last Year.

"Inefficient management and obsolete methods were the cause of the prison break last year," said Judge Frost in his address to the students at Convocation Tuesday. The judge is an alumnus, having graduated in 1886, and the chapel was crowded with students to hear him.

Following the outbreak, the judge began to investigate and the conditions he told of finding or learning were shocking. One of the needed reforms in dealing with criminals, the judge believes is the indeterminate sentence. Nebraska now has a modified form of such a sentence, the difference between the proposed and present plans being that in the former there is no maximum nor minimum.

Judge Frost is an entertaining speaker and his investigations of the matter gave him a first-hand knowledge of his subject.

**Reverence for Laws.**  
Let reverence for the laws be breathed by every American mother to the lisping babe that rattles on her lap; let it be taught in schools, in seminaries, and in colleges; let it be written in primers, spelling-books, and in almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And, in short, let it become the political religion of the nation; and let the old and the young, the rich and the poor, the grave and the gay of all sexes and tongues and colors and conditions, sacrifice unceasingly on its altars.—Abraham Lincoln.

## ENGINEERS HOLD EXECUTIVE MEETING

Appointments Are Made for Coming Events—Wagner Chairman of the Engineers' Hop.

The Board of Control of the Engineering Society met Tuesday morning at eleven o'clock. A general discussion of the plans for the coming year was indulged in and then specific plans were discussed concerning the Engineers' Hop and the smokers to be held from time to time.

The following appointments were announced:  
R. P. Wagner, chairman of dance committee.  
W. K. Fowler, master of ceremonies.  
E. Y. Grupe, chairman of the "Smoker Car."  
F. A. Albert.  
V. George.

## THE DUTCH SUPPER

THE BIGGEST SUCCESS OF THE GIRL'S SOCIAL SEASON.

### NEARLY FIVE HUNDRED THERE

Novel Subscription Plan Has Been Instituted—One Cent Each Day is the Scheme—This Aids Good Cause.

The Y. W. C. A. indoor picnic held last night in the Armory was attended by four hundred and sixty girls and served as another demonstration of Nebraska girls interest and enthusiasm.

The interest that people from other states are taking in Nebraska's campaign to support Miss Coppock as a missionary in China was shown by the speeches given by the National Y. W. C. A. workers. Miss Mayhew, national physical director in China, who has worked with Miss Coppock in China was the chief speaker of the evening. She told of the wonderful opportunity now open in China since the establishment of the new government 200 million women have been given freedom and the question now is how they shall use that freedom. Unless the use of this freedom is properly directed it may prove a menace instead of a benefit to the Chinese women. Miss Mayhew explained that they are anxious to take up new and progressive ideas but as yet are not able to choose the beneficial customs introduced by the western people. They have given up their old superstition and thoughts and something else must replace those ideas.

Nebraska Uni girls are especially fortunate in choosing China as the field for their work, said Miss Mayhew, and especially fortunate in having Miss Coppock as their worker as she has her hand in every movement of development and progress.

The plan of the financial support of Miss Coppock is so arranged that each girl may have a share. The price of a share has been designated as 52 cents or 1 cent for each week during the year. By this arrangement any girl who takes seven shares will be supporting the work in China for one day. Each girl who pledges herself to pay some specified amount will pay on the date of her birthday. This idea has been instigated in order to help the thought of helpfulness to others instead of self-interest uppermost in the mind of the givers. The campaign will continue throughout this week and every girl will be given an opportunity to do her share toward supporting a missionary in China.

### First Symphony Program

Thursday, 11:00 A. M.

Memorial Hall

Beehoven's First Symphony

|                     |               |
|---------------------|---------------|
| Edward Walt         | First Violin  |
| Mrs. August Mozler  | Second Violin |
| Mr. Wm. T. Quick    | Viola         |
| Miss Lillian Eiche  | Cello         |
| Mrs. Carrie Raymond | Organ         |

**Books.**  
You can not afford to buy books? Can you afford carpets on your floors, feathers on your bonnets, sweetmeats on your tables, seats in the gallery of the theater? Then you can afford to buy books. You might far better live in a house with bare floors, and dispense with many of those luxuries of food and dress that every mechanic and laboring man contrives to get, than to deny yourself books. When it comes to be understood that books are necessities of life—indispensable furnishings of every adequate home—even the poorest people will find ways of purchasing them.—Washington Gladden.

## STUDENT DIRECTORY NOW ON THE PRESS

Will be on Sale Within Two Weeks—Price Raised to Fifteen Cents This Year.

The copy for the student directory was all in the hands of the printer last evening and the work is being rushed as rapidly as possible. Unless some unforeseen delay arises the book will be on sale within two weeks—fully a month earlier than last year. This was made possible by hiring a stenographer during the first three weeks of the school instead of having the work done gratis by students as it has been done heretofore. This additional expenditure has necessitated raising the price of the directory to fifteen cents. There will also be a limited number of leather copies printed which will sell at a higher price.

Editor-in-Chief Hewitt states that the directory this year will be an improvement in many respects over that of last year. Several typographical improvements have been introduced and the work has been more accurately and uniformly done.

## Fifty-Eight Year Old Fresh Would Be Journalist.

Almost three score of years have not proven insurmountable obstacles to the ambitions of George M. Cole, aged 58, of Husum, Klichit county, Washington, who has registered in the department of English as a special student.

Although registered in the department of English, Cole's real purpose in coming to the University was to take courses in the department of Journalism, in order to fit himself for the journalistic field, which he expects to enter upon completing his college career—Oregon Emerald.

## OLYMPIC DATE IS TENTATIVELY SET

Will Take Place the Day of the Michigan Aggie Game—Herb Reese Has Charge of Affair.

The tentative date for the big University event in which the freshmen and the sophomores test their respective strengths, that is, the Olympics, is announced as October 24. This is the date of the Michigan Aggie football game and will make a big day. The Olympics will take place in the morning and in the afternoon the football game.

Herbert Reese will have charge of this event and details may be learned from him. It is expected that both classes will be busy in a few days preparing for the big scrap.

## GAME MAY BE OFF

STIEHM OBJECTS TO MEN WHOM COYOTES WISH TO PLAY.

### H. POTTER MAY BE ELIGIBLE

The Team as Reconstructed Already Is Showing up to Better Advantage and the Coaches Are More Hopeful.

By H. I. Kyle.  
There is a strong possibility that the game with South Dakota, scheduled for next Saturday, will not be played, unless the authorities of the northern school show an inclination to abide by their contract with Nebraska.

Assistant Coach Hoeffel returned from South Dakota Monday, with the wierd news that there are men in the regular Coyote line-up who have been upholding the honor of their institution on the gridiron for the last six or seven years. It was expected that South Dakota would play freshmen against us, for she has no eligibility rules except as are demanded by other schools before they will agree to play her, but it was hoped that she would make an effort to find eleven men from among her student body who had not taken up football as a lifelong profession. The Coyote center, who goes by the name of Potts, has clung to his dear old Alma Mater and his position on the team with a tenacity that is really touching. He has received so many letters from her that it would almost seem they are regular correspondents. He is the "center" of  
(Continued on page 3)

## DR. JORDAN WILL LECTURE IN OMAHA

Famous Educator to Lecture at Joint Meeting of Teachers and School Peace League.

Principal V. G. Mays of the Lincoln High School, president of the Nebraska branch of the American School Peace League, announces a joint session of this organization with the Nebraska School Teachers' Association, to be held in Omaha, November 4, 5 and 6, at the City Auditorium. Twenty-eight departments of school work will be represented. Famous educators from such schools at Harvard, Michigan, Columbia and Chicago will speak. On Friday evening, November 5, Dr. David Starr Jordan, famous educator and lecturer from Leland Stanford University, will talk and Madame Reche, soprano, who is ranked with Gadske, will sing. It is expected that this meeting will be attended by many hundreds of principals, superintendents and teachers from all parts of the state. A very interesting and profitable session is looked forward to by all.

An effort will be made to secure Dr. Jordan for a speech to be made in Lincoln at a later date.

Mr. Mays, who is also chairman of the Board of Control of the Nebraska High Schools, calls a meeting of this board for Wednesday afternoon, November 4th, in the City Auditorium.
