REESE CLUB MEETS AT TEMPLE TONIGHT

Strode and Comstock to Address Students—All Students Invited to Attend This Meeting.

Tonight at 8 o'clock the Reese non-partisan club will meet in the Music Hall of the Temple. All students are invited and urged to attend. The meeting will be addressed by W. B. Comstock and Judge Strode. Both men are prominent members of the Lincoln bar. Mr. Strode received his bachelor degree both in arts and science and in law at the University of Nebraska. He then attended the Graduate College of Law which was then located at the University and received his Doctor of Law the following year. Mr. Comstock is too well known among the Lincoln lawyers to need an introduction to Nebraska students. The speakers will be introduced by Prof. C. A. Robbins of the Law College.

The speakers will talk on community interests, especially the non-partisan judiciary.

Mr. Swarr is president of the Reese Club and "Pete" Harrison is secretary.

H. C. SMITH RECEIVES EXCELLENT NOTICE

Former University Professor Writes Pamphlets—Distributed by James J. Hill.

Professor Howard R. Smith of the Minnesota farm school has been honored by having copies of his book, "Profitable Stock Feeding," distributed throughout the northwest by James J. Hill. Professor Smith was formerly professor of animal husbandry at the state farm of the University of Nebraska and the book was written while he occupied that position. Thousands of copies are being distributed through the First National Bank of St. Paul, Minn., acting for Mr. Hill. Other large companies throughout the United States are securing copies of the book for distribution.

The St. Paul Dispatch quotes Mr. Hill as saying of Professor Smith's book: "A careful reading of the book convinces me that the author has mastered the subject in a practical manner and his advice will help every farmer to do better work."

CHANCELLOR AVERY AT UNIVERSITY FARM

Speaks to Agriculture Students at Convocation—Urges Them to Improve Conditions at Home.

The responsibility of the graduate to his home community was urged in his annual convocation talks to the boys and girls of the school of agriculture by Chancellor Avery Tuesday morning at the university farm. The chancellor does not blame the school director in many of the districts for not beautifying the rural school and making it a better place for receiving an education. He says that he will be disappointed, however, if the graduate does not go home and be prepared to take his place in rural leadership, either in the church, school, or on the farm.

"It does a community no good for a graduate to go home, to swell out his chest, and tell the neighbors of a community what great fools they are," continued Chancellor Avery. "It is better if one would reform a neighborhood to work much by example. The graduate of the school should be tactful if he would improve his local conditions. He may do great good through his daily work and conversation."

Chancellor Avery said that if the students of the school were not there to apply their time to some practical end, he wished that they had not registered. He urged the necessity of agricultural ideals, whether that ideal be of one or another of the many phases of farming.

FRESHMEN LINING UP THEIR FORCES

Class Being Dragged For Would-be Athletes—Try-Outs to be Held in Armory Today.

Preparation for a repulse of Sophomore forces is already under way. The Freshman troops are mobilizing and all is being put in a state of readiness for the crucial contest Saturday. But the Freshmen have found that their ranks are not filled. There are some large gaps in the lines that have to be filled by men, good and true. Indeed in some places whole companies are missing, so to speak. In the heavy and light-weight boxing classes would-be Sullivans are invited, are urged, to present themselves at the Armory at 11 or 4 today, to try out for a place on the team sent against the husky Sophs. President Lyons also has sent out the call for volunteers to qualify at the try-outs as light-weight wrestlers and sprinters and those who have ever participated in either will show their loyalty to the class by going to the Armory at the hours given. Each man stands the same show as every other.

FOOTBALL RALLY THURSDAY MORNING

Tentative Arrangements Have Been Made—Team to Be Drawn Around Town in Big Wagon.

Tentative arrangements have been made for a big football rally at Convocation, Thursday morning. This big rally will be followed by a torch-light parade Friday night. The plans are to have the football squad drawn about the main streets in a big wagon. The juniors, it has been rumored, will have the honor. Speeches will be made. The freshmen will be given a free hand in becoming familiar with a really big event.

Freshmen should watch the columns of tomorrow's Nebraskan for complete details in regard to Fresh caps. Distribution of the caps will be made on the campus some time Friday, instead of at the Nebraskan office Thursday, as was previously announced.

SENIOR GIRLS HAVE BIG MASS MEETING

Met in Faculty Hall—Will Honor Custom of Appearing in Senior Caps at Thanksgiving Time.

Tuesday morning at 11:30 an enthusiastic crowd of Senior girls gathered in Faculty Hall for the mass meeting. Miss Norma Kidd officiated. Several sample Senior caps were there for the girls' inspection and for those who wished to hand in their orders. It was decided to continue the tradition of appearing in their Senior caps for the first time at the last convocation before Thanksgiving.

Miss Kidd also suggested that the class renew the old custom of having several Senior picnic breakfasts during the year, one being in the fall so that the girls may become acquainted early in the year. Plans for a Senior girls' party are already being discussed. It is the desire of the class also to make this year's commencement a great event to which everyone will look forward with pleasure.

Orders for Senior caps will be taken at the University Book Store Wednesday and Thursday of this week. All girls ordering caps on these days will be presented with colors for the game Saturday by the proprietor of the book store. Don't forget to get them.

WOMAN SUFFRAGE MEET A SUCCESS

Speakers Drove Home Facts—Solo by Mrs. Perdue at Close of Program.

The Woman Suffrage meeting held at the Temple last night was a success. C. A. Sorensen presided and first introduced W. E. Hardy, who emphasized strongly the taxation problem, saying 62,000 women in the United States were paying taxes and were not allowed to vote. Mr. Tibbet, the next speaker, spoke on the relative knowledge of man and woman saying that there was no reason for sexual distinction now since government was carried on with brain and not strength as in medieval times. J. L. Kennedy of Omaha, the last speaker, spoke first on the amendment No. 306 which is to be voted on November 3rd. He spoke at length on the present condition of the polls saying that one argument against woman suffrage was that voting places were not fit for a woman to go. If this is the case he thought that it was about time they were changed and that woman suffrage would do it. He said that it would also mean that women would become educated along political lines so they could talk politics intelligently and would help both man and wife as no man would want a dummy for a wife unless one himself. He said that the government was not of the people with the better half left out. The meeting closed with a very well rendered solo by Mrs. Perdue.

HOWARD PLAYS END

STARRED AT THAT POSITION IN 1912—DOYLE FULLBACK.

MANY OLD GRADS ARE OUT

Team Shows Vast Improvement Over Last Week in a Lively Scrimmage Yesterday, But Can't Hold Freshmen.

By H. I. Kyle.

In anticipation of, perhaps, the hardest game of the season, the coach has again shifted the line-up, with a view to strengthening the defense, and also to facilitate the playing of open style football, which will probably be resorted to. It will be remembered that it was only by the use of the forward pass that the 1913 Cornhuskers were able to score on Minnesota.

Howard, who has been tried at quarterback, and later at fullback, has been sent to the left end, where he starred two years ago, while his place at fullback is being filled by Lum Doyle whose work in that position in the Kansas Aggie game showed that he has the ability, and needs but experience to become a phenomenal fullback. Howard appeared to be perfectly at home in his old position from the moment he stepped into it.

That the spirit has at last moved the alumnae was evidenced by the appearance of several former Cornhusker stars on the gridiron to assist in coaching the men in the finer points of the game, as they used to play it. Jim Harvey, "Pip" Cook, the Mason brothers, Cy and Glen, and "Dog" Elliot were there showing their successors how it should be done. John Westover has also been out with the team several times in the past week. There is room for more however, and now, if ever, is the time for the old grads to show that their interest in their school did not cease with the getting of a diploma.

After the men had been instructed, individually and collectively on the

A. A. REED SENDING "JOURNAL" INTO STATE

University Journal Being Distributed Night and Day—Trying to Get Voters to Say Yes or No.

The University Journals are being mailed out under A. A. Reed's direction. Most of the cities in the entire state have had the circulars sent to them already. As many as thirty-two thousand a day have been mailed out. A day and night force are kept busy at this work but Mr. Reed hopes to have it finished by the latter part of this week.

The journal contains an appeal from Chancellor Avery to the voters to vote one way or the other on the university removal question. Other matters such as the enrollment for, this year the candidates for the board of regents and other matters pertaining to the university are discussed in the journal.

Every voter owes it to the future citizens of Nebraska that he as a taxpayer and voter expresses his opinion on the matter by voting on this question at the polls on next November 3.
