

MEDICINE PLANTS
GROWN ON CAMPUS

Students May Secure Medicine Free—
Maybe Spare Ground Utilized
For the Purpose.

Between Nebraska Hall and the Museum lies a small well-kept lawn, which heretofore has been used only as a place to "keep off of." Indeed, the neat appearance of the small plot has been almost offset by the expenditures necessary to keep it so. Recognizing the utility of this part of the campus, some of the more economically inclined professors have decided to plant here as many medicinal plants as the climate will permit. The estimated number of the plants is several hundred, the number deemed sufficient to cure all the ailments of the students. The ground is now being prepared for the planting of the plants next spring and the several beds are being laid out quite symmetrically. Small pathways will provide access to the different parts of the garden.

Postmortems and Prophecies By H. I. KYLE.

If the Aggies clean Nebraska, what will Michigan do to Harvard?

The clean hard tackling of Warren Howard was a pleasing feature of yesterday's scrimmage.

Balls, at end, is showing remarkable improvement. Time and again he nipped the freshman runner for a loss, yesterday.

Lum Doyle is some punter, himself. His punts are long and high, giving the ends plenty of time to get down under them.

"The varsity team appears to be even stronger than that of the freshmen," said Dr. Maxey as he left the field, last night.

We understand a censor is to be appointed to pass on our copy before it goes to press. That's all right with us, just so it does finally go to press.

However, if we catch any censor cutting out some of the stuff we write, we'll rend him limb from limb, and expose his gorey remains in the forum, at the foot of Caesar's statue. This is no idle threat.

Friday at 11 o'clock will occur the second football rally of the season. If you haven't spirit enough to induce you to come, and don't enjoy comedy—stay away,—nobody will miss you.

Hughitt, the lightning quarterback of the Michigan Wolverines, sustained injuries in the Aggie game, that will prevent him from playing in the game with Harvard. That leaves each team minus its star.

The Jayhawkers claim to have the strongest line in the Missouri Valley. From the way they trod upon the budding ambition of the Drake Bulldogs, Saturday, the indications are that they have something to base their claim upon.

Cards have been issued for a Halloween dinner dance at the University Club of Omaha, Thursday evening, October 29.

J. B. Fradenburg, '10, and R. A. Van Orsdale, '06, are officers of the "Pan" Dancing Club, which has opened its social season at Omaha.

Mary Wallace, '00, and Margaret Guthrie, '11, assisted at the opening reception to the members of the Association of Collegiate Alumnae at the home of Mrs. Edgar Scott of Omaha.

Edith Allen, Alpha Phi, who attended the University two years ago, is now in San Jose, California. She is not in school now, but is planning to attend Leland Stanford University next year.

The marriage of Earl Russell Harnly of College View to Gladys Euroda Smith of Lincoln took place Monday night. Mrs. Harnly recently graduated from Lincoln High School. Mr. Harnly is a graduate of the University and a member of Delta Tau Delta fraternity. He is now superintendent of Roberts' dairy. After a short wedding trip through the East, Mr. and Mrs. Harnly will return to Lincoln.

Howard B. Cather and Miss Imogene Myers, former students at the University, were married at the East Lincoln Baptist church Tuesday evening. Mr. Cather was attended by A. Lynn Myers. Before the processional

Elizabeth Bonnell sang "Because, Dear Heart." The bridesmaids were Miss Cleo Cather, Sue Stout and Jessie Clift. The matron of honor was Mrs. A. Lynn Myers. Mrs. Edward Tinker and Mrs. Charles O'Dell presided over the punch bowl. Mr. and Mrs. Cather will make their home in Lincoln.

Dean Bessey, who has just returned from the twenty-fifth anniversary of the founding of the botanical gardens in St. Louis, has brought back at least one interesting anecdote for the women of the University. The only woman present was Director Johannah Westerdijk of Amsterdam, Holland. She insisted on smoking cigarettes to the evident disgust of those present. It is said that she talked extensively of the position of the downtrodden women. This goes to show that there are some things in higher education that the Nebraska University does not offer to its women students.

Miss Eleanor Drebert, a graduate of the University School of Music, has just returned from Paris, where she spent a year in music study. Miss Drebert was in Paris at the time when an attack on the city by the German army seemed certain. She saw German airships flying over the city, the airships which dropped death-dealing bombs in some of the residence quarters. Miss Drebert said: "During the days that the German army was only a few miles from the city there was some excitement. Fortifications were hurriedly thrown up. Around the gates of the city paving stones were piled up and great trees were cut down to form barricades. There was a high tension, but no disorder."

FRESHMEN APPAREL DISTRIBUTED FRIDAY

Have Arrived and Freshmen Will be
Clothed Tomorrow—Must Come
Without Head Gear.

After no little delay, the Freshman caps have arrived and will be distributed tomorrow. This will be designated as Freshman cap day. All Freshman men will appear on the campus Friday morning without headgear, and call at the Daily Nebraskan office in the basement of University Hall, where the caps will be distributed. The price of the two caps, which will be sold together, will be the small sum of one

dollar. This is a considerable reduction over what was paid for them last year because at that time each member of the class was compelled to pay the retail price, while this year the Armstrong Clothing Company is furnishing the caps to the University at cost. There seems to be a great deal of enthusiasm over this affair. The Freshmen are better organized than any other class but the Sophomores are prepared to meet their "rivals" on the field next Saturday morning, even though they are handicapped in not having caps to wear on this occasion. Don't forget that Friday (tomorrow) is the day that the caps will be on sale.

College Men Make "Bradley" Sweaters

Men who know how a college man's sweater ought to be made. This is why college men everywhere find that no other sweater is so perfectly suited to their needs—so warm, so comfortable and so becoming.

We illustrate a particularly sporty Bradley Style—The Navajo Shaker. Same as the former Bradley Shaker, except that it has a Navajo border on the collar and around the bottom. If you want a sweater a little different—ask your dealer to show you a Bradley Navajo Shaker. Made in many color combinations. If your dealer cannot supply you, we will send the name of dealers who can.

European War Recorded by Maps.
At the war map exhibit in Sherman Hall many new and interesting maps are being shown. The moves of

the conflicting armies are being accurately followed, and the latest positions being posted daily.

The new maps are those of the Przemysl and surrounding territory and also maps of the ports near Mulhausen. With these maps the student of modern history can keep in touch with the latest developments of the war.—Columbia Spectator.

\$500 In Cash Prizes
For Motion Picture Plots

AMATEURS ONLY: YOUR CHANCE

Big Prize Contest just announced; open only to those who have never before sold photographs. Great opportunity for New Writers with New Ideas. Previous experience or special education not necessary.
