VOL. XIV. NO. 30.

UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, OCTOBER 27, 1914.

PRICE 5 CENTS.

## AFTERMATH RALLY

PROMINENT SPEAKERS TO BE ON THE PLATFORM.

### AVERY, STIEHM AND HUNTER

The Result of Saturday's Game Warrants the Setting Aside of Other Things For a Relaxation Party.

Today is the day all want to show their appreciation to the great football team, that won a magnificent game from the Aggies last Saturday, by attending the jollification rally which will be held at 11 o'clock this morning in Memorial Hall. All the team will be there besides many other old Nebraska men. The band will be on hand and will deliver some of the music that they are noted for. The prominent men that will talk will be Coach Stiehm, the producer of the best team in the west; Chancellor Avery will be on hand and will tell us just what it means to the University to have a winning team. Fred Hunter will also tell us how the game was won. It is desired to make this the biggest celebration of the year and everybody should be there to join in the yells and songs.

### Feminine Scouts in Illinois.

A reporter for the Woman's Section tripped from the Daily Illini office yesterday bent on corraling a big story, an important disclosure, her boss had ordered. Naturally she picked out the office of the Dean of Women, Miss Martha Kyle, as the most likely field. Knowing that extracting what she desired from the dean herself would in all probability result in failure the fair reporter resolved on doing a little private investigation work. While Dean Kyle was otherwise engaged the reporter hastily scanned the important documents that lay strewn on the mahogany table. On the very top was a blank form. Nervously the news-gatherer jotted in her note book the heading. It read: "Woman's Journal and Suffrage News. Subscription price \$1." Her dreams of a big disclosure were realized.—Daily Illini.

Yale C. Holland, '11, of Omaha, has been visiting his mother, Mrs. C. E. Holland, of Lincoln.

## Y.M.C.A. AND Y.W.C.A. PARTY HUGE SUCCESS

Everyone Satisfied and Anxious For Next Year to Bring Another of Its Kind.

The Y. M. C. A. and Y. W. C. A. joint party last Saturday night was well attended by both men and girls. They report an excellent time with much excitement and fun. There was a short but very interesting program consisting of some readings and several musical numbers. This was followed by several games in the way of contests which vied with the big game of the afternoon in interest and enthusiasm shown.

The hosts and hostesses seemed to have no trouble in mixing the crowd which was in the humor for any fun, probably owing to the glorious victory of the afternoon.

Later in the evening light refreshments were served and all went home expressing their desire for another such party soon.

## LAWS TO RESERVE SECTION.

Will Outroot Rest of School—Make First Attempt Next Saturday at Football Game.

There is a rumor circulating around the campus that the law students will reserve a section at the Kansas-Nebraska game and see how much more noise they can make than the rest of the school. They intend to sing a few new songs and try to stir up more enthusiasm than usual.

## PALLADIANS HAVE A PLEASANT EVENING

Miss Tremaine Tells of Her Experiences in Europe—Pleasant Social Hour Spent Afterward.

The Palladian Society met in their hall at the Temple last Friday evening and spent a very pleasant evening. Several very nice musical numbers were given by Marion Gillespie and after these Miss Mary Tremaine gave a very interesting talk on the European war. She spoke of the personal element in the war and not of statistics. Miss Tremaine was in both France and England during the outbreak of the war and during the mobilization of the troops. She mentioned among other things the attitude of the French in this great struggle, how it has seemingly changed them, from an excitable people to a calm and serious nation. In England another state exists, the aristocracy having given up many of their homes and buildings for the use of the wounded soldiers that are constantly streaming in. The attitude of the whole of Europe is undergoing a great change. Miss Tremaine's talk was enjoyed by all present.

About eighty were present and the usual social hour was held afterward. There will be no meeting next Friday evening on account of Halloween, instead there will be a party for the members at the State Farm.

## BOTANY PAPER READ BY DEAN BESSEY

Classification of Plants Based on Doctrine of Evolution—In Missouri.

An abstract of the paper read by Doctor Bessey at the Missouri Gardens anniversary on the phylogenetic taxonomy of flowering plants follows: "This is an attempt to make a classification of the flowering plants based on the general doctrine of evolution. Use is made of what we know of the evolution of plants in proceeding geologic ages, and the morphology of the plants of today is given such interpretation as is suggested by their past history. These are summarized in twenty-eight concise dicta which constitute the principles of the proposed classification. Accordingly the flowering plants are divided into two numerically quite unequal classes, viz., those which are primitively opposite-leaved, and those which are primitively alternate-leaved. In both of these classes the evolution has been from the lower "cone flowers," to the higher "cup flowers." In the larger class the details of the flower parts, as to numbers, coherence, attachment, etc., serve to make further subdivisions. In general the flower parts become fewer as we proceed along an evolutionary line.—Lincoln Evening News.

## SOPHS ARE UNEASY

HEATED ARGUMENTS PREVAIL ABOUT THE CAMPUS.

### ANOTHER SCRAP AGITATES

Color Pole Decision is Center of Pain—Marathon Points Claimed by Both Classes—Favor Another Meeting.

"If the Sophomores are not satisfied with the Freshmen as winners let them appear in full force on the field at some future time and scrap it out. If they are dissatisfied with the marathon let it be put on again also. That's the only way to clear up the muddle," said Dr. Condra last evening. "The way the marathon was reported, the teams of both classes were not present when the race was to be started. By reholding these contests all controversy will be forever stilled and all the uncertainty cleared up." Many of the Sophomores make the statement that the marathon points

**BIG RALLY!**  
at Eleven Today in  
Memorial Hall

were awarded them because the Freshmen failed to have representatives for the event when they had four men out. According to this they figure that fifteen points apiece for each class as the result of the flag pole scrap besides the marathon twelve points, makes them winners of the Olympics even though the statement has been made that the Freshmen are the victors.

It seems that the consensus of opinion favors another meeting of the classes in a scrap to settle the color pole difficulty as well as a race to award the marathon points.

## FARNER LADS TURN A SOPHOMORE OUT

Open Wide the Door at 2 O'Clock in Morning—Unlucky One Seeks Shelter in Nearby Church.

The little boys out at the Farm House are becoming extremely proficient in the gentle art of practical joking. The other night the spirit of fun overcame them and so they turned a Sophomore out of the house at about 2 o'clock in the morning. As it was a chilly morning and the said gentleman scantily clad he did not linger longer on the porch but beat it to the shelter of a neighboring domicile. After he disappeared the upper classmen were anxious to know the whys and wherefores so they woke up everyone in their end of town in the attempt. The wandering one must have tried to be a September morn on the street because the police department called and wanted to know the chief excitement. It is advised that these people use discretion if they would stand in the good graces of James Malone.

## UNION LITERARY SOCIETY.

Will Hold a Hallowe'en Picnic at Penn Woods Next Friday Night—To be Open Affair.

The Union Society met on last Friday evening in their rooms at the Temple, where a program was rendered consisting of a number of musical pieces and talks by members of the society. About fifty were present and plans for the Hallowe'en picnic which will be held at Penn Woods were formed. This picnic will be an open affair, every one interested is invited?

## KOMENSKY CLUB HAD SUCCESSFUL MEETING

Varied Program of Music and Speaking—Shonka There Also.

The Komensky club met in the Union Hall at the Temple Saturday evening and had one of the best meetings the club has had this year. A large program was the special feature of the evening, two one-act comedies being given, a series of instrumental pieces and several literary numbers making up the greater part of the program. One of the best parts of the program was the debate entitled, "Resolved that the University girls should wear uniform dress." The affirmative side won the contest.

Many out of town people were present at the meeting, including Sylvester Shonka the former Cornhusker football captain. About fifteen new members were taken in, and the plans for their initiation are now being formed. Miss Hrbek of the department of Slavonic languages of the University, gave a speech in behalf of the Red Cross benefit plan for the Red Cross Society aid in the present war.

Plans were formulated for a Komensky club dance to be held some time next month. A very fine time was had by all present and the Society sees a good year ahead of them.

## NEBRASKA GRADUATE GOES TO WASHINGTON

Miss Mayme Dvorak of Botany Department Has Government Position—Received Honors at Neb.

Miss Mayme Dvorak of the Botany department has accepted a government position in Washington and will leave in a few days for there to assume her duties by the first of November. Miss Dvorak graduated from Nebraska in 1909 and has since been actively engaged in different lines of Botany work. She received her Master's degree this summer. As a Fellow of Botany, Miss Dvorak has been active in various forms of research work, and for the past three years has had charge of all the class records, including the grading of papers, of Dr. Bessey's classes.

The position Miss Dvorak will hold is in the seed division of the Department of Agriculture, and is one of much importance. To secure such a place a high standing in the civil service examinations is required. Arrangements have been made for Miss Dvorak's successor and competent assistants will be in charge of the work which has been so ably handled for the past few years.

In commenting on her departure, Dr. Bessey said: "She'll make a record in Washington. Just watch."

## REGULARS ALL OUT

NOT ONE OF CORNHUSKERS BUT WAS ABLE TO REPORT.

### CALEY MAY BE SUB QUARTER

Hoeffel Will Teach the Freshmen the Plays That Were Used by Ames Aggies to Defeat the Missouri Tigers.

By H. I. Kyle

After their brilliant victory over the Michigan Aggies, it was expected that the Cornhuskers would be apt to lay off a little in their training, but apparently, Stiehm is taking no chances on a relapse from last Saturday's form, for every regular was out for the light signal practice which constituted yesterday's training program. Strangely enough, not one of the men who took part in the gruelling struggle of Saturday appears to have sustained any injury more serious than minor bumps and bruises. In fact, the squad seems in better condition now than it was before the game, which can only be explained from a psychological standpoint.

Meanwhile, Joe Hoeffel returns to camp, still gasping over the defeat of the Eastern farmers, but full of ideas on how the Iowa Soil Worshipers will undertake the somewhat arduous task of bringing to half-mast the proudly floating banner of Nebraska on October 31st. Hoeffel will instruct the freshmen in the plays and formations used by Ames in her game with Missouri, and Wednesday the Harmon Hopefuls will entertain the varsity with them in the regular mid-week exhibition game. The work of Hoeffel and the freshmen in familiarizing the varsity with the Michigan Aggie attack was no small factor in Saturday's victory. Those who saw the exhibition game of last week, in which the first year men tore through the varsity defense at will for the first few minutes, can realize what might have been the result Saturday had the Huskers been totally unfamiliar with the Aggies' style of play.

Caley, the fast and gritty little backfielder, is running the second team from the quarterback position. It is probable that he will be coached to take that position in the regular line-up in case of emergency.

## HALLOWE'EN CANTATA WILL BE AT TEMPLE

Given Friday Evening Under Direction of Mrs. Raymond—Will Last Only Forty-five Minutes.

On Friday evening, October 30, 1914, the chorus under the direction of Mrs. Raymond will give a Hallowe'en cantata, "St. John's Eve." It will begin promptly at 8 o'clock in the Temple theatre and will last about forty-five minutes so that those who have engagements for the evening may keep them. The solo parts will be taken by members of the chorus. All are invited to come and bring their friends. After the cantata a party will be given for the members of the chorus and Glee Club.

The Vikings held a dancing party at the Lincoln, Saturday night. Thirty couples attended. Miss Elizabeth Scott, '13, Kappa, and Evert Scott, Phi Gamma Delta, led the grand march. Hunk Hill came second.

# Jollification Rally-11 a.m. Memorial Hall
