**DR. STEIN SPEAKS
AT VESPER SERVICES**

**Discusses the European War—Urges
All to Give Their Sympathy to
Suffering Foreigners.**

The Y. W. C. A. vesper service had the subject "European War." Dr. Stein spoke. He said, first, every one of the nations engaged in the present war could have kept out of the struggle and each is in a measure to blame. The second fact is that the people of the nations had a voice in the government, the war would have been prevented. Next, he said, all the nations maintain themselves through brute force. The war will bring out real Christianity in sharper outline than ever before. He held the optimistic view that much good will come out of the war with all its selfishness and horror. He said that this war is demonstrating the futility and horror of war and that it will be the end of war for all time.

He said, in conclusion, that there will be an opportunity for every ounce of sympathy we can give to the horrible suffering which will spread over Europe in the course of the next year or two.

**FIRST BIG SOCIAL
FUNCTION HELD SOON**

One Feature Will be the Visit of Kansas Team—Miss Parks Chairman of the Program Committee.

At the meeting of the Social Function Committee, the Program Committee made its report. Miss Parks is chairman of that committee with Miss Bennett, Miss Clark and Mr. Charlesworth as members. The first party will be held in the Armory, Friday, November 13, at 8 o'clock. Everyone knows that this committee will provide a good time.

One feature of the evening will be in view of the Kansas game. The Kansas team and visitors will be our guests that night.

The committee adjourned to meet Tuesday, November 10, in U. 213, at 5 o'clock.

Jones' Orchestra, phone L-9666.

Union Society Closed Meeting.

Union Society will hold a fudge party for members only, Friday evening at 8 o'clock. Short program. Important business meeting. All members are urged to be present.

Engineers, Attention.

The American Society of Agricultural Engineers meets in M. A. 206, Thursday, November 5th, at 7:30 p. m. Talks on "The Agricultural Engineer and the Farmer," by J. D. Wood, '12, and on "Farming With Dynamite," by L. Rhodes, '15. Freshmen, these men speak from their own experiences—good dope to mix with theory. Hear them. All interested are invited.

A. I. E. E.

The American Institute of Electrical Engineers, Nebraska branch, will hold its regular meeting Wednesday night, November 4, 1914. Talks will be given by Mr. Stahl of the Kormeyer Company on "Indirect Lighting," and by Mr. Kerlin on "Sign Lighting." All E. E.s are urged to be present. Meeting will start promptly at 7:30 p. m. in the E. E. building.

Ted Marriner, Cleaner, Hatter. 235 North 11th.

Loeb's orchestra, L-9896, 325 So. 17.

**LAW STUDENTS GO
ON CLASS STRIKE**

Were Bound to Cast Their Vote—Mob Urged to Disband by Dean Engberg—Comply With "Request."

The Law College is displaying more "pep" than any other body in school. Indicative of this enthusiasm as it might be called, they honored election day by not attending classes. The Freshmen, although somewhat backward in the movement followed the footsteps of the men in the upper classes who had previously arranged not to present themselves in any classes as many of them are employed as clerks of election and holding down other jobs where they derive a little benefit outside of their regular allowance. Mrs. Margaret Carns, vice president of the Freshman Laws, grasping the opportunity to do something for woman's suffrage explained her classmates' absence to the professor in such a way that the professor fell for it and the Freshman Laws went to vote. The Laws assembled outside the gate and according to custom sang a few songs and gave a few yells but were approached by Dean Engberg, who ordered the mob to disband.

Thornburg's Orchestra, B2556.

**PICTURES TAKEN
OF WATER POWERS**

Will Visit Water Sites This Week—Many Large Water Falls in Nebraska—Some Already Taken.

Dr. Condra and State Engineer Price are preparing a film with the state motion picture machine showing the developed and undeveloped water powers of the state. This week they will make a trip to most of the water sites of the southeastern part of the

state. For the benefit of those who do not know, Dr. Condra said, "in regard to the water power of Nebraska, we have nearly one hundred water power sites in the state. Some of these have already been taken, such as the Dismal river, the Frenchman and the middle Loup. There are seven water falls in the state, the largest being the Snake river branch of the Niobrara and the highest being about eighty feet.

The state conservation of soil survey has as one of its duties the investigating and reporting of the water resources of the state. State Engineer Price and Dr. Condra have sufficient data for quite a large publication.

The Nebraska-Ames football pictures will be shown at the Orpheum theatre this evening for the last time. These pictures show every touchdown and the last place-kick by Halligan.—Adv.

**INNOCENTS URGE
STUDENTS TO VOTE**

Appeared Before the Classes Yesterday Morning—Large Vote Desired to Settle Removal Question.

Upon the request of Chancellor Avery the different members of the Innocent Society appeared before the morning classes yesterday and urged the students to vote. They stated that the chancellor was very anxious that all University students who could should vote because of the question of university removal which would be decided. The primary object of the student to vote he thought was to poll a vote large enough to decide the question and not force it back to the coming legislature for a final decision.

Football fans will be interested in the Nebraska-Ames football pictures which are being shown at the Orpheum theatre for the last time this evening.—Adv.
