**PUGSLEY TAKES TRIP
 TO NATIONAL CAPITAL**

Annual Convention of American Agri-
 cultural Colleges—Also Farm
 Management Association.

Professor C. W. Pugsley, director of
 the agricultural extension services at
 the University Farm, left late Wednes-
 day for Washington, where he will at-
 tend the meetings of four associations
 of national importance. The main
 meeting to which Professor Pugsley is
 the delegate is that of the Twenty-
 Eighth Annual Convention of Ameri-
 can Agricultural Colleges and Experi-
 ment Stations. Professor Pugsley at-
 tends this meeting as chairman of the
 committee on extension, organization
 and policy. This committee will hold
 joint sessions for several days with
 the committee of states' relations, of
 which Dr. A. C. True is chairman, to
 agree on what extension work will
 come under the provisions of the
 Smith-Lever bill recently passed by
 Congress.

According to the terms of the Smith-
 Lever bill, Nebraska is to receive as
 total of \$75,000 federal aid at the end
 of the nine year period providing that

the state legislature appropriates an
 equal amount. The basis of distribu-
 tion is made on the rural population of
 the states.

According to the provisions of the
 bill, the money is to be used largely
 for local lecture and demonstration
 work. No portion of the money shall
 be applied directly or indirectly to the
 purchase, erection, preservation, or re-
 pair of any building, or the purchase
 or rental of land, or in college-course
 teaching, or the promotion of agricul-
 tural trains. Not more than five per
 cent of the money shall be applied for
 the printing or distribution of publi-
 cations.

One of the other meetings which
 Professor Pugsley will attend is that
 of the directors of agricultural ex-
 tension work of the different colleges
 of the United States. A general discus-
 sion will take place regarding gen-
 eral extension policies from the view-
 point of unifying the type and methods
 of work in the different states.

While in Washington, Professor
 Pugsley will attend the meeting of the
 Farm Management Association of
 which he is a charter member. He
 will also attend the nineteenth annual

meeting of the American Association of
 Farmers' Institute Workers. At
 this meeting Professor Pugsley, as
 chairman, will make a report on junior
 agricultural work in the United States
 and discuss plans for its development.
