

# The Daily Nebraskan

VOL. XIV. NO. 43.

UNIVERSITY OF NEBRASKA, LINCOLN, FRIDAY, NOVEMBER 13, 1914.

PRICE 10 CENTS.

## EVERYTHING READY

ARRANGEMENTS NOW COMPLETE FOR THIS EVENING.

## SUCCESS WILL BRING OTHERS

Reception Committee Met Yesterday After Convocation—Program Will be Varied Sufficiently For All.

Final preparations have been finished and the work of all the committees has been completed, leaving everything in readiness for the University of Nebraska's first "mixer." The time has been relatively short since the affair began to be planned, but all interested have taken such a hold that the arrangements were speedily carried out and it remains now to predict only the degree of success that will be attained. A meeting of the reception committee was held after the football rally yesterday in Memorial Hall, and was addressed by Miss Mary Graham, the chairman.

For a number of years similar functions have been held in the eastern colleges, and from all the states in which the party is held come sincere reports of its flattering popularity. It is from beginning to end a student's affair, nor will the one Friday night be an exception. It provides the common ground for the meeting of the various societies as well as for the large number who have no affiliations. It is expected that many members of the faculty will be there, and the chance will thus be given to become better acquainted with one's instructors. It is quite true to its name, a "mixer," and is perhaps the most democratic institution of school life.

Many out-of-town alumni who are returning for the game will reach Lincoln Friday and not a few of Nebraska's graduates are certain to be on the floor.

A diversified program has been prepared for the evening. In the Army proper there will be dancing, for which fine music has been secured. In the chapel of Memorial Hall it has been planned to provide amusement for those not caring to dance. The committee have refused to tell some of their plans, and say that the entertainment in part will be a surprise. However, they state that there will be music by a glee club, some highly original stunts, songs, and then, better

(Continued on page 2)

## FLYING SQUADRON TO VISIT LINCOLN

Prohibition Campaign Will be Staged For Three Days—Many Noted Speakers Will be Here.

Lincoln will be visited Saturday, Sunday and Monday by several noted speakers and singers who are conducting a nation-wide campaign in the interest of national prohibition. The meetings will be held in St. Paul church. E. O. Excell, the well-known soloist, leads the singing Saturday night. Ex-Governor Hanly, of Indiana; Hon. Oliver Stewart, of Chicago; Dr. Chas. M. Sheldon, author of "In His Steps," and Clinton R. Howard, of Rochester, N. Y., are among the speakers. There will be big meetings Sunday afternoon and evening.

## USHERS TAKE NOTICE.

Reed Urges All Ushers to Report at South Bleachers Tonight at 5:00 O'Clock.

Athletic Director Reed says that all who have signed up in the Nebraskan office to usher Saturday, and those who have ushered at previous games and care to usher, but have not registered, should report to the South Bleachers tonight at 5 p. m.

If there are any others who care to usher they should report there also, as many extra ushers are needed for this game.

## THE GERMAN DRAMATIC CLUB HELD MEETING

German Play Given—Decided to Give Proceeds From Annual German Play to American Red Cross.

The usual monthly meeting of the German Dramatic Club was held the other evening in Faculty Hall.

A short German play was staged by several of the members following which the new members were subjected to the tortures of initiation.

A few moments were then devoted to the business of the club. The disposition of the proceeds from the annual play to be given in January was discussed and it was finally decided to send it to the American Red Cross Society rather than the German in order to observe the neutrality policy which has thus far been adopted by the organizations of the University.

The remainder of the evening was spent in a social way and light refreshments were served.

## Special Trains For Illinois Home-Coming.

Four special trains will help to bring the Illinois rooters to Champaign for tomorrow's Home-Coming game. Two will be run from Chicago, one from Peoria and another from St. Louis.

## MANY MEN REGISTER FOR CLASS FOOTBALL

Every Class Will Win Championship—Practice Hours Are Scheduled in the Road Daily.

The men of the University have responded unusually well to the call for men to play on the class football teams. All of the classes have a large number of men out and whichever team wins the school championship will have a hard tussle on its hands.

The Seniors have practiced for several nights. About twenty men turned out, many of them old experienced men. Manager Harley is not able to give any idea of the probable line-up as yet.

The Juniors held their first practice Monday. The following old men were out: Holcomb, Israel, Talbot, Wilson, Brown, Fouts, Demnitz, Dewese, Harnsberg and Hobson.

The Sophomores have an army of about thirty-five men out and if numbers count for anything they ought to win with ease.

The Freshmen have not held any practices as yet.

The Seniors expect a hard tussle but will win eventually. The Juniors will beat the others with ease, while the Sophomores will defeat all comers, and the Freshmen will be champions without a doubt.

## THE FINAL BIG RALLY

LAWYERS OUT AS THE MASTER ROOTERS—SOME SYSTEM.

## BAND PLAYED FOR OCCASION

Hunter Had Charge of Event—"More Stiehm" Optimistic—Halligan Too—Caldwell Is Enthusiastic.

The final football rally of this school year was held in Memorial Hall yesterday morning during the regular convocation hour. Superintendent F. M. Hunter of the Lincoln schools had charge of the meeting and even though he had to contend with the "crummy" lawyers as Warren Howard called them, the event was a complete success.

Professor Caldwell, the smallest man on the faculty together with the greatest amount of "pep," comparatively speaking, gave an historical football talk. When the professor referred to the big event to precede the game, referring to the All University Party, he became so happy and enthusiastic that he jumped and danced to his seat.

Coach Stiehm gave his most solemn although somewhat optimistic view of the coming event after which "Clint" Ross was given the opportunity to express his sentiments in regard to the big fray of tomorrow. Several times he was interrupted by the "crummy" laws only to have to sadly admit that "that is my bunch."

Guy Reed dealt mainly on the subject of "How men should not conduct themselves after a victory." Incidentally he mentioned that on one side of the law rooting section would be seated two hundred Kansas rooters while on the opposite side some three hundred would find places. "Gus" Lofgren, one of the old "Huskies," made an impressive appeal to the students in that they should support their team with their cheering.

Captain Halligan and several members of his staff also had an opportunity to say a "few" words.

## EXAMPLE OF CEMENT.

Sent From Superior, Nebraska—Marks Era in Development of Natural Resources in Nebraska.

The University Museum has just placed on exhibition samples of the clinker and cement from the first run at the new Nebraska Portland Cement Company at Superior, Nebraska. This mill began operations in August, 1914, and marks an era in the development of natural resources in Nebraska.

## CHANCELLOR AVERY WITHDRAWS NAME

Refuses to be Candidate For President of State Teachers' Association—Too Busy he Says.

Chancellor Avery has sent notice to the State Teachers' Association to withdraw his name from the ballot as a candidate for the presidency of that organization. As a reason the Chancellor states the duties of his present position require all his efforts and time, and in that case he could not do justice to the teachers of the state in representing them as their president.

## AYLSWORTH TO JUDGE DEBATE.

Leave For Manhattan, Kansas, Today—Debate Between South Dakota and Farmers.

Prof. L. E. Aylsworth leaves today for Manhattan, Kan., where he will act as a judge on a debate between the Kansas Agricultural college and the University of South Dakota. This is one of a series of triangular debates between the University of South Dakota and the agricultural schools of Iowa and Kansas. Prof. Aylsworth expects to be back in time for the game on Saturday.

## ALPHA ZETA HOLDS A LARGE INITIATION

Fourteen Men Taken in—All Men Are Prominent in Agricultural Work.

The following men were initiated into Alpha Zeta, the Honorary Agricultural Fraternity, the other evening: James P. Fairbank, Diller; Roland N. Houser, Lincoln; Henry A. Jones, Seward; Ira N. Kindig, Holmesville; Louis E. McReynolds, Ashland; Lawrence J. Palmer, Rockford, Ill.; Edwin M. Partridge, Omaha; John A. Rattcliff, Lincoln; Leroy Rhodes, Creighton; Paul H. Stewart, Kennard; Russell R. Spafford, Lincoln; Elbert E. Taylor, Belvidere; Laurence A. Wickland, Valley; John J. Wren, Farnam.

Kansas.—All the students will be excused from classes to attend the moving pictures, and a liberal percentage of the proceeds will be given to the Red Cross Fund.

Many universities are still without their directories. The Drake committee promises to have their directory out by next week sure; Kansas is also hoping to have theirs out some time soon.

## PROFESSOR FERGUSON GOES TO NEW YORK

Will Attend Committee Meeting of the National Electric Light Association.

Prof. Ferguson of the Electrical Engineering department leaves today for New York City to attend a second meeting of the committee appointed last spring by the National Electric Light Association to study the relations of the association with colleges. In the organization of the sub-committees, Prof. Ferguson has been asked to serve upon the one which will concern itself with the matter of courses and curriculums.

The active committee consists of representatives of the lighting industry and of the colleges. An advisory membership is added to this group containing such names as Dr. Kennelly (Harvard), Prof. C. F. Scott (Yale), C. A. Stone (Stone & Webster), J. W. Lieb, Jr. (N. Y. Edison Co.), J. A. Britton (Pac. Gas & Elec. Co.).

It is expected that the work of these men will develop a means of offering assistance to the colleges in presenting the phases of economics directly connected with public utilities and that at the same time, the opportunity will be afforded college men to confer with and advise the members of the industry, to the advantage of both parties.

## JAYHAWKS IN TOWN

KANSAS COACH WEARS A CONFIDENT SMILE.

## ALSO A HAT AND KID GLOVES

Potter Will be in the Quarterback Position For at Least a Part of Tomorrow's Game—Men in Fair Condition.

By H. I. Kyle.

Tomorrow, at 5 p. m., the championship of the Missouri Valley conference will have been decided. Halligan, Howard and Potter, three of the best old war-horses that ever wore mole-skins in the service of Nebraska, will have played their last game on the old gridiron. Should Nebraska win, it will make her fourth successive year, as champions of the Valley, and it will be another step toward high honors in the west. Should Kansas win, the Jayhawks will be Valley champions, and will be in a position to claim consideration, as champions of the west. The odds are in favor of the Cornhuskers, but there is really no good way that the strength of the respective teams can be judged, as compared with each other. K. U. beat the Kansas Aggies 27 to 0, while our score against the same team was 31 to 0. We beat Washburn 14 to 7, and the Jayhawks defeated them 20 to 14. If these scores are any criterion, the two teams that will tear up the good Nebraska sod tomorrow, are nearly even in strength.

The Jayhawks arrive sometime today. It is said, that a smile of confidence is mantling the countenance of one Jack Wheaton, head guide of the Jayhawk birds, in their wayward flight. Some say Jack smiles confidently because he feels confident. Others maintain that it is because he doesn't feel confident, that wily old Jack smiles; that, in fact, he is trying to fool somebody—possibly himself. Personally, we don't care much, how he looks or acts before the game;

Though not in what can be called the "pink of condition," the Cornhuskers are all "so as to be about," and to this fact, the Jayhawkers will testify, before things are settled tomorrow. Cub Potter will start the game, as quarterback for Nebraska, but should we get a lead of thirty or forty points in the first half, it is probable that Potter will be allowed to rest for the remainder of the game.

## LAW STUDENTS NOW READY FOR KANSAS

Showed Their Spirit at Convocation Yesterday—All Seats Gone in the Law Section.

As far as the law college is concerned everything is in readiness for the Kansas game. Yesterday morning the members formed in a body and proceeded to the rally. They demonstrated some of their ability in the line of singing and yelling. Lists of songs and yells were passed out to every law. Everyone that had the 25 cents purchased a Uni Law cap, which are on the same style of the "N" toques. Practically every seat in the law section has been disposed of. And those who were fortunate enough to secure seats have promised to yell their heads off tomorrow afternoon.
