REGENTS REPLY TO THE LETTER
CRITICIZING FLING'S ADDRESS.

INDEBTED TO GERMAN IDEALS

Regents Believe That German Academic Freedom Should be Permitted to Flourish in America.

The Board of Regents at its meeting Monday evening considered a communication from the German-American Alliance of Lincoln and vicinity dated October 18th. The delay in replying to the communication was caused by the fact that this was the first meeting of the Board since the communication was received. A copy of the communication and the reply of the Regents follow:

To the Regents of the University of Nebraska:

At a meeting of the German-American Alliance of Lincoln and vicinity, held October 18, 1914, it was resolved to address you as follows:

"Whatever the cause or causes, the fact is that upon the outbreak of the present European war the great preponderance of sentiment among Anglo-Americans was distinctly hostile to Germany. It was in evidence in the street, on the cars, in hotels, restaurants, clubs, everywhere where men meet. It found various modes of expression, from the temperate language of the gentleman, who was usually ready to concede that there might be two sides, to the malicious blatancy of the ignoramus.

"The Anglo-American press, too, was hostile, the higher grade papers using moderate language, others often being offensive.

"There are many citizens among us of German birth, more of German parentage. To these the hostile attitude around them caused more or less distress, but being mostly not of an irritable temper they bore these things with what patience they had, hoping that in time better information would bring about an improvement of conditions. In this hope they were not

MAN AFTER JOB ON BLUE PRINT STAFF

Send Following Letter to Editor—Detectives Now Trying to Trace Down Sender of Letter.

Lincoln, Nebr.

Manager of the Blue Print.

On top Uni Hall.

Dear Sir:

I noticed in the advertising columns that you wished to hire a stenographer. The requirements you asked for took my eye, for I think I have the qualities which will fulfill them.

I am six feet tall, weigh two hundred and fifty pounds, have strawberry blond hair and cat-like green eyes. My match for speed has never been known. I have held the world's record for ten years and sure can do some writing. My age is just twenty-three, and have recommendations from John D. Rockefeller and Hetty Green.

Will be right up for the job.

In much need of the place,

TIGER LILY.

INAGAKI MOVES FROM WOMEN'S BUILDING

Thinks Men Are Too Bashful—Moves Collection of Pictures to 1236 O Street.

N. Inagaki announces that he will be in town Thursday, Friday, and Saturday. He stated that the fellows at Nebraska were too bashful and that he thought that they were afraid to enter the University Women's Building. Accordingly he decided to move to 1236 O street where the fellows will have no objection.

Persons who have visited the collection of Inagaki state that the prices are very reasonable. A fine Christmas present may be secured for a very small amount.

INVITATIONS SENT TO SENIOR GIRLS

Party Will Be Held in Temple Saturday Afternoon at Three—Every Senior Girl Urged to Come.

Special invitations for the senior girls' party have been sent to all Senior girls in the University. However, there are always some mistakes; some names are not listed and some are overlooked. Every Senior is supposed to have an invitation, and she is especially requested to come whether she receives a written invitation or not. The Black Masques want every Senior girl there, and they want them there to get acquainted with each other. It is too bad that there are girls in the Senior class who do not yet know each other, but there is still time to make up three years' loss in one year. So remember, Saturday afternoon, in the Temple, at three o'clock! Every Senior girl!

FORMER STUDENT TO START A NEW LIFE

R. R. Burn Will Be Married Early Next Month—Now Has Position With the Government.

The assistants in the department of the state soil survey are busy these days sending congratulations to a former co-worker who has notified them of his intentions to avail himself of a better half. R. R. Burn, U. of N. 1914, left Lincoln, Tuesday, with the expressed intention of visiting a "friend" in St. Edward, but the amateur Sherlocks in the department have discovered that he was sojourning with the future Mrs. Burn.

Since his graduation Burn has been connected with the department and has been prominent in the work. According to the announcements, the event will occur December 8, at the home in St. Edward of the bride, Miss Fern Vanderhoof.

Burn has secured a fine position with the Department of Agriculture, bureau of soils, and will have his headquarters in Washington, D. C. The residence of the couple will be at Pine Bluff, Ark.

According to the most intimate friends of Burn, the honeymoon will be taken in the Ozarks, going "through Arkansas on a mule." The boys of the department extend to him the same good wishes for success in his marital venture as they do to him in his new position, and say that if the mule trip is survived the government may be assured of having gotten "some good man."

BUY THEIR GRADES

ENTERPRISING STUDENTS MAKE EXPENSES WRITING THEMES.

FIFTY CENTS AVERAGE PRICE

Ancient Custom at Nebraska—Society Leaders Purchase Supposed Education From Others.

A reporter on the Daily Nebraskan found a fact which is of especial interest to the professors of the rhetoric department. Several days ago one of the young men in the rhetoric class paid two dollars to have several themes written which he happened to be back in at that particular time and necessity demanded that they be in by a certain time. He felt of course that he had struck a good bargain and perhaps he had.

Different rates are charged. One man charging fifty cents per hour for the actual time put in on the theme and does not guarantee that the purchaser will be excused from conference, which seems to be so heartily disliked, but merely writes the theme and lets the purchaser take the risk of the grammatical correctness and the rhetorical value of the theme.

Convocation
Lecture by
Rev. F. L. WHARTON
Prelude by
UNI. GLEE CLUB
MEMORIAL HALL, U. S. N.

The student (?) who has this sort of a thing done is usually the Beau Brummel of society who can not afford to take time to write themes as it interferes with his dates with some society butterfly, who by the way, is having the same thing done for her by some young fellow who has brains and is trying to get through school on his own resources. The common price for a theme is fifty cents, although some themes require more time than others and a subsequent raise in price is made for these cases. Among these cases are the themes that require reference reading and the like conditions, some do not take as much time as the others and the price may range all the way from fifty cents to a dollar, a dollar being the maximum charge for a single theme. In cases where several

SOPHOMORE HOP TO BE HELD TOMORROW NIGHT

Only a Few Tickets Left—Dance Will be Held in Spite of the Iowa Excursion.

The Sophomore Hop which is to be held Friday night of this week at Roseville Hall will be held regardless of the Iowa excursion. The committee in charge reports that only a very few of the tickets have not as yet been disposed of so those desiring to secure one should not wait until the last minute as it is expected that the remainder will be sold before tonight. This dance will be one of the leading social events of the season.

WHARTON'S ADDRESS AT ELEVEN TODAY

Regular Thanksgiving Exercises Next Tuesday—Gov. Morehead Will Give Proclamation.

Rev. F. L. Wharton's address which was to have been given at Thursday's convocation will be given today at 11 o'clock. Rev. Wharton is one of the most popular Convocation speakers of the University, and although his subject is not announced, an interesting talk is promised all those who attend.

At next Tuesday's convocation the regular Thanksgiving exercises will be held. Governor Morehead will give the Governor's Thanksgiving proclamation. There will be the usual musical exercises.

CROSS COUNTRY MEN WILL GO TO OMAHA

Some of Speediest Men May go to Kansas City—Both Meets Held on Thanksgiving Day.

Guy Reed, coach of the cross country team has announced that he will send a team to Omaha to compete in the annual Turkey Day run there and may send several of the speediest men to Kansas City to compete there on the same day. The men are not in the best of condition as some of them have been training irregularly since the meet at Ames. They are rounding into shape again and will no doubt put up a better exhibition of running at both of the meets if they are sent to both cities. The men who ran at Ames are the logical candidates for the meet at Kansas City and the "scrubs" will be sent to Omaha.

LAST BIG FOOTBALL RALLY OF THE YEAR

No Drill—But All Drillers Are to Form For the March—Band Will Lead to Rock Island.

Extensive arrangements were made yesterday for a big "send off" parade to be held this afternoon. All students not having 3 and 4 o'clock classes are requested to fall into their regular drill company formation; this includes Juniors and Seniors. The object in having this formation is to get all men drilling this year and those who have drilled previously into their present and former companies for marching instead of having an unorganized mob. For this courtesy on the part of the male population of the University there will be no drill at 5 o'clock today.

The parade will commence promptly at 3:30 and march to the Rock Island station where the team will be, previous to 4:10, when they leave for Omaha, the first stop en route. The University band will lead this hilarious army but makes no promise as to whether or not any of its members will be in Lincoln after the train load of players leaves. A carryall with the team riding in state will precede the band.

Urgent request has been made that every man not having 3 or 4 o'clock classes take part in the big event.

Glee Club.
Tryouts for first tenor parts for the University Glee Club will be held in Memorial Hall at 11:30 a. m. today.

HARVARD REFUSES

HARVARD WIRES REFUSAL TO NEBRASKA'S CHALLENGE.

SUGGESTS A GAME FOR 1915

Secret Practice is the Order of the Day For Stiehm's Champions—Freshmen Are Successfully Held.

By H. I. Kyle.

In answer to his telegram, asking for a post-season game with Harvard, Coach Stiehm, yesterday received word from the manager of athletics at the big eastern school, to the effect that Harvard would not play a post-season game with Nebraska, or any other school, for that matter. However, the telegram contained a suggestion that a post-season game, to decide the championship of the country, would be highly desirable, and could perhaps be arranged for next year.

The usual Wednesday practice game between the varsity and the freshmen, was held behind closed gates, much to the disappointment of a large number of fans who had come out to root for their favorites. However the Freshmen had poor success in using their Hawkeye plays against the regulars, their efforts being "nipped, untimely, in the bud," as a rule. If the Hawkeyes can't make any more headway than the Freshmen did they will have to fall back on freakish "crab" play to furnish their score. The Cornhuskers will be on the alert for shady plays, however, and the Iowans must think up something really clever, if they hope to get away with it.

The Huskers leave for the scene of action at 4 o'clock this afternoon, via the Rock Island, and it is to be hoped that there will be a few fans, at least, with spirit enough to accompany them to the depot, and bid them godspeed, or anything else calculated to encourage them.

Four Kansas football enthusiasts walked from Lawrence to Topeka, a distance of thirty miles, to see the Kansas-Washburn game a week ago Saturday.

DINNER TONIGHT AT FIRST PRESBYTERIAN

Ladies of Church Give Dinner For Young People—Several Evenings Planned for the Future.

The ladies of the Presbyterian church are giving a 6:30 dinner for their young people at the church this evening. Its purpose is for a good time and to give them all a chance to get acquainted with one another.

A very active interest is being shown this year both in and by the young people. They have already spent two evenings in a social way—the reception in the early part of the year and a Halloween party at the home of Mr. F. M. Spalding. Plans are already being laid for a Christmas party to be given at the home of Governor Morehead and a valentine party has also been suggested.

The results of these events have been, thus far, very satisfactory since a large number is always present and the attendance of both the church and Sunday school is steadily increasing.

Help Give the Team a "Send Off"! Parade Starts at 3:30 Train Leaves at 4:10
