PROFESSOR MOLZER WILL GIVE BENEFIT CONCERT

Will Give Violin Recital for Benefit of Bohemians—Three Thousand Dollars Raised in Omaha.

The Bohemians of Nebraska are forming a relief fund for the Bohemians in Austria, and are making good headway in the work. There is a committee in charge of the work here at the University composed of the students who are selling statuettes of Komensky, the famous Bohemian educator. The committee is composed of Bessie Strejc and Cyril J. Hrbek; they have collected about forty dollars up to this time and are making more every day. In Omaha the Bohemians have collected a fund of three thousand dollars, and the fund collected here at the University will be added to this fund and sent direct to the Bohemians in Austria.

The Bohemians have a hard lot, as they must fight for the cause of Austria and Germany. Like the Belgians,

they can not fight for a cause that is dear to them, but must fight as Austria dictates. Accordingly, they are rapidly being destroyed as a nation. In many of the villages there is no one left except the old men, cripples and women. All the young men have been killed, and if the present war goes on much longer there will be very few Bohemians left in Austria.

The committee here at the University has announced that there will be a concert in the studio of Prof. August Molzer, a violinist in this city, and the proceeds of this will go to the Bohemian fund. The date for this concert will be announced in the Daily Nebraskan later, as they do not expect to give it until the week before Christmas. The Bohemians are to be congratulated upon the way in which they are taking hold of the work of relieving their unfortunate brothers in the home land.

money for the construction of a modern drying room; \$100 toward sending the varsity band to Dallas, and donated twenty-four orange and white blankets to the football team.

And Then He Woke Up.

I sat up late and pondered,
"Till the light my eyes did scorch;
Then,—the day broke, and—
Woke up,—"The Sleeping Porch."
—Dally Illini.
