AG BARN WARMING

COLLEGE OF AGRICULTURE'S WEEK CLOSED SATURDAY

GREAT ENDING OF BIG WEEK

Special Refreshments Served Farmers—Function Ended With University Yells and Goodnight Ladies

Ag week closed Saturday night with a very successful and well attended "Barn warming" held in the stock judging pavilion on the farm campus. About two hundred were present, all dressed in farm apparel of some kind, but varied enough in appearance to show a wide range of tastes.

After the crowd had gathered to considerable size, navy beans were distributed in equal number to all those present. The object then was to question each other and to attempt to receive an answer in either "yes" or "no." Each time a person gave such an answer he was to give the questioner a bean. An agriculture pennant was awarded to the linguistic young lady who acquired the most beans. The crowd was next divided into four parts and sent to different parts of the pavilion. Each division played the same game at the same time and after the end of each game the boys moved on to the next division. Dean Burnett then gave the gathering a very interesting address.

Refreshments followed, baked beans, sandwiches, pickles, coffee and buttermilk were served. All were furnished by the home economics girls. The function ended with University yells and goodnight ladies.

This is the annual rendition of selections from the Messiah by the University Chorus with organ and orchestra accompaniment. The giving of the special convocation at this time of the year has been sort of a tradition at Nebraska for over fifteen years. The orchestra will be augmented by several members of the Cadet Band, while some numbers will be added to those given in former years.

The following soloists have been secured:

- Miss Annett Abbott, soprano.
- Mrs. Arthur Gutzmer, contralto.
- Mr. Charles L. Bagley, tenor.

LAW HOP SATURDAY A DECIDED SUCCESS

Large Crowd Brave Wintry Weather to Attend the Law Hop at Lincoln Hotel

In spite of the stormy weather the Law Hop drew a large crowd at the Lincoln Hotel Saturday evening. The grand march was played to the favorite law tunes of "Hail, Hail!" "Mary Ann McCarty," "When the Roll Was Called Up Yonder," in which all joined in the singing. Scott's orchestra furnished the music for the dancing, while between dances cider and wafers were served. The programs were distinctly individual, having the cut of a bar with towels and glasses on the cover.

A large number of dancers were present, and the occasion was really a "Mixer" in disguise. Professors Pope and Foster of the Law College acted as chaperones.

Instructor Improving

Miss Heppner, who has been very ill for some time, is reported to be slowly improving since her operation which occurred last week. Her condition is still very serious, however.

Eight students were suspended and twelve put on probation recently at the University of Washington for taking part in a hazing scrape. The committee in charge of the investigation declared itself as believing that the placing of class numerals on university property was calculated to provoke reprisals and to lead frequently to cases of hazing. Hereafter when numerals are placed upon any university property they will be immediately removed and the expense of the work will be charged to the class whose members have been guilty.

THE 1914 HONOR LIST

FOOTBALL STARS FROM ALL OVER THE COUNTRY

THREE CORNHUSKERS NAMED

West and South Are Well Represented—Harvard Has Seven Names on the List, While Yale, Cornell Have Four Each

By H. I. Kyle.

Each year, following the football season, the Outing Magazine publishes a "Football Roll of Honor." Four years ago the Outing, feeling that the system of choosing an all-star eleven was wrong and unjust for the reason that no one man could see all the various teams of the country in action, and that each authority has his own ideas as to what constitutes a good player, evolved the system of choosing the stars of the gridiron without setting one above the rest arbitrarily, where there was no true criterion by which to judge their respective strengths. The plan adopted by the Outing for the choosing of this "Roll of Honor" was to have the most prominent coaches from all over the country send a list of the men whom they saw in action who, in their opinion, stood out as the best in their position.

This year's "Roll of Honor," which will appear in the January number of the Outing, contains the names of three Cornhuskers, Capt. Halligan, Captain-elect Rutherford, and Chamberlain being the honored ones. Following is the Outing's list of All-American stars:

Football Roll of Honor
The men whom the best coaches of the country have named as the stars of the gridiron in 1914:

- Ends—
- Hardwick, Harvard.
- *Merrillat, Army.
- Stavrum, Wisconsin.
- *O'Hearn, Cornell.
- *Cherry, Ohio State.
- Robinson, Auburn.

DR. CONDRA RETURNED FROM EXTENDED TOUR

State-Wide Tour Over State Nearly Completed—Giving Talks Before Schools and Public

Dr. Condra's "Know Nebraska" campaign is progressing very successfully. The films are in great demand all over the state, and before the winter is over they will have been shown in practically every town in Nebraska of any importance. Today the films go to Newman Grove and from there to Pilger. Later they will be shown at Wisner, West Point, Madison, Wayne, Pierce, Hooper and Scribner.

The last week in January Dr. Condra will show films taken at the Tractor meet held at Fremont early last fall, and will explain them in detail.
