## AGS AT SOUTH OMAHA

STOCK YARDS AND PACKING HOUSES VISITED

## GIRLS ATTEND THE ORPHEUM

Plant of National Biscuit Company Also Invaded—Green's Band Helps Entertain—Banquet at the Exchange Building in Evening

A party of about two hundred and fifty, representing the College of Agriculture, School of Agriculture, and Short Course in Agriculture, also several from the grazing department of the School of Forestry, spent yesterday in South Omaha as guests of the live stock interests of the South Omaha market. The program as arranged by the Union Stock Yards Company, the packers, and the Live Stock Exchange, consisted of a visit to several of the packing houses during the forenoon, and in the afternoon, for the boys, of visits to various departments of the yards, of witnessing a meat cutting demonstration, and of participating in a horse judging contest. A special car was chartered for the accommodation of the girls, who spent most of the afternoon in a visit to the factory of the National Biscuit Company in Omaha, an Orpheum party at the expense of the commission men, and in visiting some of the larger stores of the metropolis. George Green's band of twenty-one pieces entertained in the lobby of the Exchange building from 3:30 to 5:30. At 6:00 o'clock a six-course complimentary dinner was given by the Stock Yards Company in the Exchange dining-room, during which an exceptionally good musical program was given by Greene's band and by Marshall and Moore, singers and entertainers, of the Marshall Theatrical Exchange. Professor Gramlich acted as toastmaster. The Hon. A. W. Jeffries of Omaha was the speaker of the evening. Speeches were given by several members of the State Farm faculty, by representatives of the Stock Yards Company, the Live Stock Exchange, and the student body. The University was also represented.

## MILITARY FORCE IS EXCEEDINGLY SMALL

Size of Army is Discussed in Magazine Article—Militia Could be Placed in Small Space

The Scientific American in discussing the insufficiency of our military force remarks: "The mobile troops of the United States, amounting to about three times the police force of New York City, taken with the personnel of that portion of our militia which is efficient and ready for service, can all be put in the Yale Bowl and room still be left for a game of football."

But why should we worry when we have the University cadets.

Track prospects at Cornell are bright for another championship, and the preparations for the winter meets and the final tests in the spring have already started. Cornell won the championship last year and also the silver cup, and, with a veteran squad back this year, is looking for as good if not better, showing than that of last season.

## KOMENSKY CLUB ARE TO GIVE A CONCERT

Proceeds to go to Relief of Fatherland—Suffering There Greater Than in Belgium

To collect funds for the relief of countless widows and orphans in their impoverished fatherland the Komenisky club will give a concert in temple theatre Saturday evening. The concert will be given by the University trio. This is a trio of known merit having played at convocation several times. The members are Mrs. August Molzer, Miss Lillian Eiche, and Edith Burlingim.

Miss Hrbkova says that conditions among the Bohemians in Austria are worse than among the Belgians. The sympathy of these people is with the Allies but they are forced to fight with the Austrian army. In many districts no men are left except the aged and crippled, all others being with the army. The country is filled with refugees from Galicia adding to the suffering. Already many are starving and cholera is beginning to spread through the country.

## JENKINS LLOYD JONES WILL GIVE LECTURE

Noted Unitarian Minister and Peace Advocate Will Speak at First Presbyterian Church

Dr. Jenkins Lloyd Jones will speak on "Peace, Not War, The Developer of Heroism," at the First Presbyterian Church tonight. The meeting will be under the auspices of the Nebraska Peace Society, of which Don L. Love is president and Arthur L. Weatherly secretary and treasurer.

The State Journal yesterday morning had the following to say in regard to Dr. Jones:

"Jenkin Lloyd Jones who comes to Lincoln Wednesday for a series of meetings is not only recognized as Chicago's 'Greatest Citizen' but he has won a national recognition as leader of the progressive forces of the country. He is one of the leaders in the peace movement. He delivered one of the addresses at the St. Louis peace congress. There were many notable speakers at the gathering. But Mr. Jones was the one who captured and thrilled his great audience. At the close of his address he was greeted with tumultuous applause which continued for several minutes. Mr. Jones was compelled to stand again and again in recognition of the tribute paid him. He will give substantially the same address Wednesday evening at the meeting of the First Presbyterian church."

## ELECTION RETURNS

MANY SURPRISES IN THE FINAL RETURNS

## BEST FIGHT IN SENIOR CLASS

Sjogren and Mann Winners in Senior Class—Spencer, Schwab, Frey, Babson, Swenson and Lebas Also Winners

The election for the various class and Cornhusker offices resulted in the choosing of O. W. Sjogren, Senior president; R. C. Spencer, Junior president; A. R. Swenson, Sophomore president; R. B. Lebas, Freshman president; H. J. Schwab, Editor-in-Chief of the Cornhusker; C. M. Frey, Junior managing editor; P. Babson, business manager, and G. R. Hewitt, Ivy Day Orator.

The results in detail were: Editor-in-Chief of Cornhusker, Schwab, 231.

Junior Managing Editor Cornhusker, Clear, 132; Frey, 176.

Business Manager Cornhusker: Babson, 189; Lahr, 120.

Ivy Day Orator: Hewitt, 107; Mann, 121.

Senior President: Sjogren, 124; Zumwinkel, 106.

Junior president: Sheldon, 60; Spencer, 202.

Sophomore President: Hayes, 133; Swenson, 175.

Freshman President: LeBas, 71.

The campaign preceding the election was hot from start to finish. In no contest in which more than one person was entered could the result be predicted until the last minute. All candidates worked as hard as they knew how till the last stroke of 5 closed the polls. The closest as well as the most friendly race was for Senior president. In the Junior race the winner treated his opponent to a front seat at the matinee performance of one of the down town theatres. In the Sophomore race it might seem that the candidates for Junior Editor and President were running together since the totals were exactly the same and the majority in one case was only one vote larger than in the other. Only seventy-two out of nearly a thousand Freshmen exercised their right of franchise.

## CANDIDATES LEAVE THE CAMPUS ARM IN ARM

Two Candidates For Junior Class President Attend Lyric Yesterday Amidst Heat of Battle

Yesterday afternoon Mr. Percy Spencer and Miss Ruth Sheldon attended the Lyric and buried their political enmity and worries in music and laughter. That Utopian situation which several of the candidates have been advocating was almost reached. Probably at no other University in America do the candidates for class president leave the campus arm in arm and seek solace amidst the jokes of the paid comedians.

University of Illinois track men will have one of the best dirt tracks in the conference upon the completion of their big new gymnasium. This will do away with the annual difficulty experienced by the men in changing to outdoor work in the spring. The new gym also allows athletes to practice indoors on a hundred yard straight-away.

## BOTANISTS TO HAVE A NEW BUILDING

Cost About \$250,000—Three Stories High—First Floor Connects With Green Houses

The new campus building, that has already been arranged for, will be 250 by 100 feet in dimensions and cost about \$250,000. It will be three stories high, and the basement will have constant temperature rooms, where it will be possible to grow all kinds of plants and animals. This building will be used jointly for botany, zoology and forestry.

On the first floor the botanical end of building will be filled with laboratories. These rooms will be connected directly with the green houses. The lower part of the large lecture room will also be on this floor.

The second floor will contain the upper part of the lecture room and the botany laboratories. The botany library will also be on this floor.

The department of forestry has the east wing of the third floor, and on the north side will be the laboratories for elementary botany.

## VESPER SERVICE HELD LAST EVENING

Miss Mildred Perry Talks on "Par Values"—Officers to be Elected Today

The Y. W. C. A. vesper service last evening proved a very inspirational meeting. Miss Mildred Peery had charge of the meeting and in a very effective way presented Rev. Waite, pastor of the First Congregational Church. He took as his subject "Par Values." He cited incidents from the Bible to show that in order to find our true value we must go to one who knows. We must go to Christ, as did the disciples and inquire our true worth. In order to become great we must be as a child with no idea of superiority or of snobishness. He concludes by saying that the best and greatest characteristic in any life is unselfish, sacrificing service.

Miss Virginia Broome very ably rendered a vocal solo entitled, "Teach Me To Pray." All members of the Y. W. C. A. are urged to find their way to the association room today and express their preference in the nomination of next year's officers, including president, vice president, secretary and treasurer. The regular election will take place next Wednesday. The people in charge are anxious that every member express a choice so if you are a member, do your duty and come out.

## MANHATTAN OBJECTS

SENDS IN PROTEST AGAINST THIRTY HOUR RULE

## TWELVE HOUR RULE AGAIN

Schools Will Probably Fall Back on Old Ruling—Two Year Wrestling Contract With Iowa—Changes in Football Rules

It was announced at the regular meeting of the athletic board, held in the gymnasium yesterday afternoon, that the Kansas Aggies had protested the Missouri Valley Conference ruling which requires students to complete thirty hours work during the year in which they participate in athletics. This protest of the Aggies will have a material effect upon the ruling. At the last meeting of the valley board, held here last winter, three schools voted against the proposed introduction of the thirty hour rule. With this protest from the Kansas farmers, the schools will probably fall back automatically upon the old rule requiring twelve hours a semester, until the next meeting of the valley board when definite action will be taken. The thirty hour rule found little favor with the big schools of the conference and the protest of the Aggies is a welcome one.

An important matter discussed by the board was the barring of Big Nine teams from participation in the annual Missouri Valley Conference track and field meet. Only colleges of Iowa, Nebraska, Kansas and Missouri will be invited to compete at this spring's meet which will be held in Columbia. There has been some objection to the presence of Big Nine teams in the valley meet, and it is thought that this measure will find favor in conference schools. The board also arranged for a two year wrestling contract with Iowa. The contract calls for six matches, the first meet to be held in Iowa City and a dual wrestling meet was scheduled with Doane. The dates of both the Iowa and Doane matches will be announced later.

The Nebraskan has received a re-

## ANNUAL ROUND-UP OF ILLINOIS STUDENTS

Silver Loving Cup Awarded to Winner of Contest—Noted for its Feeds

The Illinois agricultural students will hold their annual Round-up a week from Saturday. Through the eight years of its existence the Ag Round-up has always been remembered for its feeds. This year the Round-up will not only abound in good eats but the Ags are going to furnish a cock fight and a greased pig contest. The winner of the greased pig contest will be given a silver loving cup while the owner of the victorious rooster will receive a two-pound box of candy.
