

The Daily Nebraskan

VOL. XIV. NO. 95.

UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, FEBRUARY 23, 1915.

PRICE 5 CENTS.

UNI WEEK IS CERTAIN

ADVANCE AGENT NOW VISITING PROSPECTIVE TOWNS

PLANS ARE BEING COMPLETED

The Dramatic Club, Glee Club, Band and a Road Show Will Make Up Company—Miss Lucile Eaves Will Lecture

The University is realizing the value of the publishers' prayer, "It pays to advertise," and are completing plans that will give the school wide publicity.

The arrangements that had for some time been indefinite materialized yesterday and Darrell Lane is now visiting eleven of the larger cities of the state in the endeavor to make arrangements for exhibitions and concerts in connection with University Week.

One hundred and seven persons will represent the University as members of the different organizations that will further the interests of the school. Among the organizations that will tour the state are the Dramatic Club, the Glee Club, the Band, and a road show composed of a number of acts. Professor Lucile Eaves will also lecture.

If the plan proves successful, the ones that have the matter in charge are planning to form a University Week Association, composed of a number of the professors and also members of the Black Masques. This permanent organization will look after the matter each year, so that the movement will not have to be initiated every year.

The idea of a University Week originated at Michigan and has proved very successful there. It was agitated here last spring, but did not materialize. The Band, however, at their own initiative made an extended trip during spring vacation and were well received in the towns which they visited.

Half-Price Theatre Tickets

Arrangements are being perfected whereby students and officers of Columbia University will be able to procure tickets for all theatres at half price. Tickets will be sold through Spectator, and those who are interested in this plan should hand in their names to Spectator tomorrow.

The first play to come under this arrangement will be Granville Barker's production of "A Midsummer Night's Dream." Tickets will be sold at 25 cents to \$1.00, instead of the usual rates of 50 cents to \$2.00. For further information apply at Spectator Travel Bureau.

Notice

Yesterday a certain person took a note-book belonging to Burton S. Hill from the shelves on the north wall of the basement of the Library. This note-book was one with a black leather cover, and contained some valuable notes and papers, especially to the owner; he would therefore very much like to have at least the notes and papers back. Accordingly, will the person who took the note-book kindly mail these notes and papers to the owner—address 1254, Station A—and he will gladly let him have the book. This note-book had Robert Chittick's name in the corner of the front, inside cover; also the address, 2803 O St., A. T. O.

BURTON S. HILL.

DEAN TO ADDRESS JOINT CLUB MEETING

Legislature and Faculty Members Will Be Present

Dean Engberg will address a joint meeting of the Scandinavian and Tegner Societies Wednesday evening at 8 o'clock. Scandinavian members of the Legislature and of the University faculty will be present and all students of Scandinavian descent are invited.

Eastern Colleges Asked to Play at the Exposition

The University of Pennsylvania baseball team, which defeated Harvard, Yale and Princeton last year, has been invited to compete in the intercollegiate series at the Panama-Pacific Exposition. Yale, Princeton, Michigan and other Eastern university teams have been invited to take part. The Exposition managers are planning to bring together champion college teams from all parts of the country.

Chemistry Club

The Chemistry Club will meet Wednesday at 7:30 in the Chemistry Lecture Room.

Mr. Smith, a professional glass-blower who has been repairing glass apparatus in the Chemistry Laboratories will show some of the "tricks" of glass blowing and perform a few spectacular "stunts" with glass.

ANNUAL ELECTION OF Y. W. C. A. OFFICERS

Election Friday Evening—Supper and Program to Follow Business Meeting

The annual election of officers for the Young Women's Christian Association will be held in Music Hall in the Temple from six to eight Wednesday evening. Supper will be served, followed by a short program. Tickets are on sale today at the Library and in the Association rooms for twenty cents.

The nominating committee will recommend a number of candidates chosen from the nominations made last week which will be voted upon by the girls present.

Plenty of good "eats" have been guaranteed as well as an interesting program. Several stunts are being arranged by the various committees, among which are a representation of the annual conference at Estes Park and of the Eight Week Club.

Syracuse University Have Forum

A class for the discussion of vital questions of right living and right thinking has been organized under the name of "The Students' Forum." This class is a revival of a similar institution which existed for men in the university several years ago. Dr. J. A. Wilson, who was formerly in charge of this discussion class, has consented to act in the same capacity for the recently formed organization.

The first assembly will be next Tuesday at 4:30 o'clock in the Y. M. C. A. office. The subject for the first meeting is "How Can a Scientist Believe in God?"

Men of all colleges are welcome to attend the meetings. Questions for discussion may be handed to Lester Stanton or Leon Sutton.

GIRLS' TEAMS GOOD

EACH CLASS TEAM HAS GOOD MATERIAL

PLAYERS FIND THE BASKET

Tournament to Be Held Next Friday Night—Keen Competition Expected—Patronesses Are Chosen

The class teams which are to participate in the girls' basketball tournament Friday night are working long and hard and show evidence of "sure 'nough" basketball.

All the contestants are doing their best to make things lively. Marie Clarke, for the Seniors, shows up the best and will probably be the largest scorer for them. Minnie Rohrer and Adella Kallenbarger, Juniors, played together on the Grand Island College team, and the former was a member of the victorious team last year. In the Sophomore squad—every member of which is a star—Frieda Isenberg has that faculty of being able to get the ball into the basket from every conceivable angle and under any difficulty. She is ably backed up by Eva Fiske and Ermine Carmean. The Freshmen have a bright and shining star in Camilla Koch, who handles the ball like a veteran.

The patronesses at the girls' basketball tournament have been announced: Mrs. Samuel Avery, Dean (Mary) Graham, Mrs. R. G. Clapp, Miss Louise Pound, Mrs. O. M. Stonebraker, Miss Dorothy Morehead, Mrs. Archibald A. Scott, Mrs. C. C. Engberg.

Convocation

Program of the pianoforte recital by Arvid Samuelson:
Etude, D flat.....Liszt
Sounds from Vienna Woods.....
.....Strauss-Schutt
Papillons.....Rosenthal
Rhapsody, C Major.....Dohnanyi

PLAN PUBLIC HEARING

Purdue-Indiana Proposed Consolidation to Be Discussed by People

A public hearing is to be held in Indianapolis soon on the proposition of merging Purdue and Indiana Universities into one state school. Bloomington, the present location of Indiana University, is fighting the move and is expected to have a large number of representative citizens at the hearing. Lafayette will also be represented. The matter has become one of the issues of the state at the present time and the meeting will give an idea of the general opinion of the people of the state in regard to the bill introduced by Senator Van Auken. The date of the hearing has not been set.—Purdue Exponent.

POEM BY NEBRASKAN GRADUATE PUBLISHED

A poem by Mrs. Eleanor Barbour Cook, U. of N. 1911, appears in the February issue of "Outdoor Life." This poem is one of several Mrs. Cook has written.

MUSICAL PROGRAMS ARE NOW PLANNED

Some splendid musical programs are promised us for the near future. This morning Mr. Samuelson will give a piano recital. Next Tuesday the Fifth Beethoven Symphony will be played with organ and strings. For the Tuesday following a program of opera selections by the chorus has been planned, and for the week later a program including the Glee Club for one number. Watch the Nebraskan carefully for more detailed announcements.

NEMAHA QUADRANGLE MAP IS COMPLETED

Work Done by Nebraska Geological Survey to Be Used for Scientific Surveys

The Nebraska Geological Survey, in co-operation with the United States Geological Survey, has just finished preparing the Nemaha Quadrangle, and the proof sheets are at hand. This map has been prepared in co-operation with the United States Geological Survey, and represents the highest type of topographic work done by the Federal Survey. These maps serve as base maps for all botanic, biologic, geologic, forestry, and soil surveys.

FORMER HIGH SCHOOL DEBATERS ORGANIZE

Said to Be More Than a Hundred From Leagues Over State—Purpose to Get Better Acquainted

The men and women who took part in the High School Debating League will form an organization this week. Over a hundred men and women now in the University were once debaters in the High School League. The men now working on the organization say that the purpose is to get better acquainted. They will arrange for several social meetings before the year is over, and if arrangements can be made their pictures will appear in the Cornhusker.

A meeting of all former High School Leaguers will be called and all members are requested to watch for an announcement in the Daily Nebraskan.

Doctor Bessey Weaker

The condition of Doctor Bessey remains much the same except that he was somewhat weaker last evening. He is still conscious, but seldom speaks and seems less interested in things about him.

Why He Quit

A janitor of a school threw up his job the other day. When asked the trouble, he said: "I'm honest and I won't stand being slurred. If I find a pencil or a handkerchief about the school when I'm sweeping I hang or put it up. Every little while the teacher, or some one that is too cowardly to face me, will give me a slur. A little while ago I seen wrote on the board, 'Find the least common multiple.' Well, I looked from cellar to garret for that thing, and I wouldn't know the thing if I met it on the street. Last night, in big writin', on the blackboard, it said, 'Find the greatest common divisor.' Well, I says to myself, 'both of them things are lost now; and I'll be accused of takin' 'em,' so I quit!"

METHODISTS AGAIN

WESLEYAN MEETS HUSKERS FOR SECOND GAME SATURDAY

KELLOGG IS TO OFFICIATE

Coaches Stiehm and Kline Agree on Referee After Long Controversy—Coyotes Are Confident

The return game between the Wesleyan Coyotes and the Huskers will be played in the Armory Saturday night. Wesleyan will meet Nebraska in a somewhat less confident mood than she did three weeks ago, when the Huskers upset all the dope and won a decisive 13-9 victory, but although she will display no over-confidence, she will not be wholly devoid of hope. And there is little reason why Wesleyan should not look forward to Saturday's game with gleeful anticipation. For with the wonderful team she has, she stands a very good chance to even up the series with the Huskers. Since her defeat at the hands of Nebraska she has devoted much of her time to planning a sweeping program of revenge, which she intends to stage Saturday night.

Coach Stiehm and Coach Kline have at last agreed upon Kellogg, manager of athletics at Iowa, a Michigan man, as the referee for Saturday's game. This is the final culmination of a long controversy between the Nebraska mentor and the guardian of Wesleyan's athletic prestige. Mark Hyland, who has officiated at most of the Missouri Valley games of the northern division, was Coach Stiehm's choice for the eleventh man, but the choice did not agree with Kline's plan of campaign. According to the Coyote coach, Hyland was too lax in his discipline. Kline named several coaches, some of them prominent in Missouri Valley circles, but those most desired by Stiehm were unable to serve on this particular night because of previous engagements. The coaches got together yesterday and agreed upon Kellogg, one of the men suggested by Coach Kline.

The Huskers finished the Drake series in good shape, and started practice for the Wesleyan game yesterday. Kiefer, the lengthy speeder who scored six goals in the last game with Drake, found the hoop at will yesterday. Gardner, Campbell, Rutherford and Thiesen, forwards, showed rare form at locating the basket, and also played a strong floor game. Hugg, Milliken and Sheldon, guards, played up to their usual form, showing up well in playing the floor and in defensive work.

Mines Mental Gymnasts May Challenge Colorado

Chess is to be the next addition to the intercollegiate program if plans now being formed at the School of Mines era carried out.

Interest in chess has increased remarkably at that institution ever since the founding, a few months ago, of an organization devoted to the furtherance of such scientific games.

A meeting was called last Thursday to perfect plans of organization and to pick a student team which will challenge other colleges in the conference. This type of contest, so common in Eastern schools, may soon be on a firm basis in the Rocky Mountain region.
