ANNUAL EXHIBITION

GYMNASIUM EXHIBITION AND
DANCE IN AFTERNOON

TO GIVE A VARIED PROGRAM

Women Will Give Number of Dances—
Exhibition Will Start at 2 P. M.
—The Program Includes
Fencing Contest

The annual gymnastic exhibition will be held tomorrow afternoon in the Armory under the auspices of the Physical Education department. After the exhibition one of the popular University "mixers" will be given.

The Freshman class will give a gymnastic dance, christened by the class the "Teddy Bear." Mr. Silvester has spent a large part of the semester perfecting this dance. They will also give an exhibition of the regular class work on the heavy gymnastic apparatus.

A wrestling bout between H. M. Otoupolik and H. C. Wilson will be staged. These men are considered the two best wrestlers in school. Since the bout will last but six minutes, a fast exhibition is assured. These men have been chosen to represent Nebraska in the Iowa meet, held March 27, and in the Western Collegiate meet on April 10. An exhibition of horizontal and parallel bar work and a fencing exhibition in foil and broadsword work will be given in these meets. Fencing is something new at Nebraska and promises to be interesting. Mr. Wetling will represent Nebraska in the Iowa and Western Collegiate meet in this art.

The star attraction of the evening will be the difficult feat of building

Orville Chatt as "Ken"

three living pyramids, which will be performed by the best men in the leaders' class.

The exhibition will be of high grade work and represents much consistent work on the part of both men and instructors, many of the stunts having been practiced from the first of the year.

The performance will start at two o'clock sharp in order to finish in time for the "mixer," which begins at three-thirty. Thornburg's orchestra will furnish the music and both Chapel and Armory will be used.

The patronesses are: Mrs. Samuel Avery, Mrs. J. E. Miller, Mrs. C. C. Engberg, Mrs. R. H. Wolcott, Mrs. F. M. Pfling, Miss Mary Graham and Mrs. R. J. Clapp.

The following is the program:
1. Men's gymnastic dance by the entire first-year class. Instructor, Mr. Silvester.

UNIVERSITY WEEK TROUP TO MEET

Final Conference to be Held in Professor A. A. Reed's Office—Chancellor to Make Announcement

All members of the University Week Attraction will meet with Chancellor Avery next Tuesday at 11:00 a. m., in Music Hall. He will make an important announcement at that time. At 7:30 the managers of the troup and the faculty representatives will hold a final conference in Professor Reed's office. These are as follows: Dramatic club, Miss Alice Howell and Homer G. Hewitt; band, Professor Cornell and Darrel T. Lane; glee club, Mrs. Carrie Raymond and T. A. Williams; road show, Professor Scott and Ralph Northrup. Mrs. Crittenden has consented to chaperone the road show but no one has been selected yet as a chaperone for the dramatic club.

As has been announced before, one evening's entertainment will consist of a lecture given by some member of the University faculty. Professor Lucile Eaves will lecture with slides from Russel Sage at Osceola and Seward, and Dr. George Condra at David City.

GRANITE MORTAR IS RECEIVED AT MUSEUM

Specimen Found Near Fort Calhoun Is Probably the Best Ever Found in Nebraska

The Museum is in receipt of an unusual granite mortar, or grinding stone, commonly called a Metate, used by the Indians in grinding corn and acorns into meal. It is an oblong, hollow bowl, weighing about thirty-five pounds, and corn was ground into meal by means of a stone pestle. It was found near Fort Calhoun in Washington county by Mr. W. H. Woods, who was the donor of the specimen. Through Mr. Robert G. Gilder, Mr. Woods donated this specimen to the State Museum. It is probably the largest and best one found in Nebraska.

SCHOOL APPRECIATED AT PENITENTIARY

Resolutions Passed Expressing Their Obligations to Professors Caldwell and Persinger

At the general session of the night school at the State Penitentiary March 16, a meeting was held and a committee appointed to draft resolutions, which were adopted, as follows: "Resolved, That it is the sense of the members of the night school of the Penitentiary that we are under very great obligations to Prof. H. W. Caldwell and Prof. C. E. Persinger for the illustrated lecture course in American history which they have been giving us during the past several weeks. Marking as it does a new era in the educational opportunities afforded us we take pleasure and pride in voicing our thorough appreciation of their efforts to instruct, entertain and bring into our lives some of the brightness of the outside world and that we hereby extend to them this vote of thanks." F. L. Dinamore, William O'Hearn, J. L. Kennedy, committee. Prof. E. H. Barbour of the University of Nebraska is scheduled to give a series of illustrated lectures on geology and prehistoric fauna of Nebraska before members of the night school classes in the near future.

DISTRICT DEBATING

SEVERAL FIRST SERIES DEBATES IN HIGH SCHOOL LEAGUE

KEARNEY WINS IN WESTERN

Two to One Decision Over North Platte—University Men Go Out Into State Today to Judge Central and Western Districts

Preliminary debates in the High School Debating League, arguing the question of government ownership and operation of railroads, are increasing in number, and the elimination of teams is fast narrowing the competition for first place in the several districts. By Fete Day the winning teams in the various districts will have been selected and on that day the state debating honors will be settled.

Kearney High School won from North Platte, March 16, at Kearney in a first-series debate in the Western district of the High School Debating League by a two-to-one decision.

The members of the Kearney team, selected from a squad of fifty candidates, were Fern Eberitt, Marjory Corrigan and Dai Lantz. The North Platte representatives were George Thompson, Katherine Johnson and Major White. Prof. G. E. Martin, Kearney Normal School; Supt. C. O. Brown, Ravenna, and Supt. C. L. Little, Kenesaw, were the judges. Kearney maintained the affirmative of the league question.

Several members of the Nebraska faculty will go out into the state today to judge debates in the Central and Western districts. Prof. E. H. Hinman, Prof. L. E. Aylesworth, and C. A. Sorensen, '13, Law '16, will go to Osceola this afternoon to judge a first-series Central district contest between Osceola and Stromsburg high schools. Prof. Edwin Maxey will judge the Holdrege-Hastings Western district debate at Holdrege tonight.

CONCERT BY GLEE CLUB AT HOLDREGE

Program to Be Given Wednesday by the Glee Club for the Teachers' Association

The Glee Club have consented to go to Holdrege next Wednesday to give an entertainment for the Teachers' Association which meets there during the week.

ARMORY

RIEBEL ADDRESSED ENGINEERS SOCIETY

Stereopticon Views Were Shown of Latest Improvements in Electrical Motors

Mr. S. Riebe of the Westinghouse Electrical Company spoke before the Engineering Society, Wednesday evening on "The Application on Modern Electrical Apparatus in the Steel Industry." He showed stereopticon views of, and explained the latest improvements in, electrical motors. Mr. Riebe said, "Steel and electrical industries are the most progressive of the present day. However, they are handicapped by enormous waste of by-products. Machinery in the old country is built on much more economic lines. Foreign engineers stand aghast when first viewing the inside of our enormous steel mills, at the waste of material." Mr. Riebe explained in detail the construction and control of the immense electrical motors which are used in the steel industry and pointed out their advantages over the engine.

SIXTH BEETHOVEN SYMPHONY TUESDAY

Pastoral Symphony to be Given Was Favorite With Students Last Year

At Convocation next Tuesday the Sixth Beethoven Symphony will be given. This is better known as the Pastoral Symphony. It is the one which the students voted to be repeated last year. Bright and joyful throughout it is always heard with the greatest pleasure. Next Saturday at 5 p. m. in Art Hall there will be a last chance to hear it before it is presented at Convocation. The Saturday afternoon meetings are steadily growing in popularity. Those who attend find that it increases their enjoyment of the symphony programs not a little.

SENIOR INVITATIONS ON SALE MONDAY

Calendar Scene Used For Frontispiece—Announcements Also to be Displayed by Committee

The Senior Invitations will be placed on sale Monday, Tuesday and Wednesday of next week at tables about the campus. A novel yet dignified invitation will be displayed with several entirely new features of beauty. A beautiful calendar scene page will be the frontispiece—an idea which the big universities of the east are using this year.

Announcements in sheet form will also be displayed by the committee. These are practically the same as Yale uses this Commencement and the committee was fortunate in getting an invitation which should sell at seven cents which it can sell to the class at five cents.

A deposit will be taken on each order to secure the class from loss and no more invitations will be made than are ordered with a deposit paid.

John J. Pershing, who recently donated to the Museum a large and valuable collection of Philippine birds, writes that he has arranged to enjoy the coming Commencement Week at the University of Nebraska.

UNIVERSITY NIGHT

ACTS NOW READY FOR FOURTH ANNUAL ENTERTAINMENT

STUDENTS TO FILL GALLERY

All Tickets Sold Within Two Hours After Going on Sale—Thrifty Students Auction Off Tickets at Advanced Prices

Tomorrow at 8:15 the curtain will rise on the fourth annual University Night. The three previous entertainments have been representative of the life on the campus.

Every available seat was sold within two hours from the time the tickets went on sale. One student was heard to offer seventy-five cents for two tickets yesterday afternoon when the holder discovered that he would be unable to attend. Four other tickets were auctioned off in the Law College yesterday morning for the sum of one dollar. The only chance remaining for the unfortunate students will be the gallery rush which is scheduled to begin at six o'clock tomorrow. The seating capacity up there is four hundred, while at least one thousand students are planning to gain admission.

Miss Alice Day has offered to guarantee fifty dollars to the Y. M. C. A. in case her proposed matinee fails to pay expenses, but the committee had made no statement up to a late hour last night. It is doubted whether they will accede to her request.

The various acts which will comprise the entertainment for tomorrow night are in good shape. The committee have approved of them and they will be presented as planned on. The Law students have prepared an excep-

Bob Taibot as "Will"

tionally good sketch, claiming it will rival any of the famous acts presented by them in former years. They will again take up their annual discussion of the relative merits of Dr. Maxey and Professor Robbins and, for the first time, will make a study of the Nebraska Legislature. The other sketches will be equally as good and the entertainment on the whole will be one to be remembered as typifying the life on the campus of the University of Nebraska.

Dartmouth Men Are Efficient Swearers

In a recent issue of the Dartmouth, the Dartmouth college daily, an editorial appears against the profane cursing heard around the campus. One can well imagine to what extent "loose language" is indulged in from the statement that "were the nearest woman twenty miles away she might well blush at the tempest of so-called strong expressions with which the men of the college greet a friend in the street."
