## STUDENTS PRAISED

ENTHUSIASM SHOWN OVER UNIVERSITY WEEK ENTERTAINMENTS

## PAPERS COMMEND CONDUCT

Prominent Men from the Towns Visited Have Written Personal Letters of Appreciation to the Chancellor

The city papers from the towns visited by University Week students are loud in their praise of the students and their conduct. Prominent men from the three towns visited have written personal letters to Chancellor Avery stating that the entertainments provided were no less pleasing than the personality and conduct of the students.

The following from Osceola is an example:

"Dear Chancellor Avery:  
"I feel that you will be interested to know that the students who visited our city during University Week have reflected great credit upon the University of Nebraska.

"The entertainments have all been of a high class and very enthusiastically received, but you will be just as glad to know that the students were just as enthusiastically received by our citizens because of their fine, courteous demeanor.

"We have had a delightful week and the community is highly pleased that we are a part of the first experiment with University Week. We feel that the plan is a good one and that it should be continued.

"Very truly yours,  
"C. B. MOORE."

The following is an extract taken from a letter written by C. M. Skiles of David City:

"The programs gave good satisfaction. The big hits were the University Band and Dramatic Club. Many said that the work of the Dramatic Club alone was worth the price of all."

Seward has already made preliminary arrangements with the Dramatic Club and University Band for a return engagement. Apparently there will be no trouble about securing engagements for all the different groups next year.

"The University Dramatic Club played to a crowded house at the 'Y' on Monday evening, giving Booth Tarkington's splendid play, 'The Man from Home.' The Dramatic Club was coached by Miss Alice Howell, who is popular with our Seward people. Daniel Voorhees Pike, 'The Man from Home,' was Mr. Cloyd Stewart, of Lincoln, who understandingly delineated the character of the lawyer from Kokomo, Indiana, whose ward was in the hands of titled rascals.

"Any time that the University Dramatic Club visits Seward it will play to a crowded house."—Seward Blade.

### The Forum

"Osceola, Nebr., April 3.—To the Editor of The Star: I have been watching your paper to learn if any one at this place or elsewhere had anything to say as to the general conduct of the various students from our University, and have failed to see any article along this line, and felt that it was an injustice to the students and our great state.

"It was the pleasure of the writer to

## A BIG CHANCE FOR NEW TRACK ATHLETES

Men Needed in Every Event—Many of Last Year's Best Men Out of School

Have you seen the signs? Wanted! Track Athletes. These signs mean just what they say. Never before in the history of Nebraska has there been such a good chance for men to make their letter in track. The loss of men like Meyers, Lindstrum, Reavis and Reese has been a hard blow to Nebraska track prospects. But the old saying for every loss there is a gain holds good. The gain in this case fortunately falls upon the track candidates. Men are needed in every event. Sprinters, hurdlers, distance men, jumpers and weight men have all the best chance in the world to make the team.

While it will no doubt be hard to develop such stars as have been lost, there are hopes.

In addition to the wonderful openings there are in all the events, it may be of interest to prospective candidates to know that the requirements for a track letter are going to be cut down. The present requirements are two first places, its equivalent in dual meets, or a place in the Missouri Valley meet.

Twenty men have already reported for track. But twenty is not enough. Fifty are wanted. See Guy E. Reed for equipment.

## THE ANNUAL MILITARY INSPECTION SOON

War Department Has Sent Information That April Twenty-Third Is the Date Chosen

The War Department has informed Chancellor Samuel Avery that Andrew Moses, Artillery Corps, General Staff, will inspect the Military Department during the afternoon of April 23. This is the annual inspection which is made in all colleges having military drill. The time available for preparation for inspection is limited and much necessary work must yet be done. The schedules are out informing cadets and officers of the plan of work to be followed until date of inspection.

Mr. Will H. Chappell, from Guthrie, Oklahoma, has been visiting his son, E. B. Chappell, for the past few days. Mr. Chappell is practicing law in Oklahoma and gave an interesting address before the junior law class Tuesday morning.

## COMPETE SATURDAY

EIGHT SCHOOLS ENTERED IN THE ANNUAL GYMNASMIC MEET

## NEBR. ONLY VALLEY SCHOOL

Five Teams Eligible for Team Championship—Relative Strength of Entries Unknown—Few Old Men in the Gymnastic Events

The thirteenth annual meet of the Western Intercollegiate Gymnastic Association to be held in the Armory Saturday afternoon and evening is attracting attention not only because of its size and importance, but because of the fact that it is almost impossible to get a line on the relative strength of the five teams eligible for championship honors. New men of well-known local ability will make up the bulk of each team, but the relative strength of the different entries is practically unknown.

Of the five schools competing for team honors—Chicago, Illinois, Minnesota, Wisconsin, and Nebraska—Illinois heads the list in the number of old men entered, having two old men—Sweeney and Bucher. Wisconsin, Chicago, Minnesota and Nebraska each have one old man entered in the various events; Wisconsin, Carling, winner of third place in last year's meet; Chicago, Nelson; Minnesota, West, and Nebraska, Southwick.

In former years it has been customary for each team to select one man to compete with the representatives of the other teams for individual honors, but the honors will be open to everyone this year.

In the wrestling events, in which three additional schools—Iowa, Indiana and Purdue—are entered, there is a slight increase in the number of old men, although several of the schools are relying heavily upon new men. Iowa will be represented by two grapplers who both placed in last year's meet—Gran and Barron. There are no old foils in the fencing division. With the exception of Illinois, a single contestant will represent each school in the different sword events. Illinois has entered Van Natter and Cook; Wisconsin, Stirm; Chicago, Ingerson; Nebraska, Wetling.

Simultaneously with the coming of the meet to Lincoln is the initial appearance of Nebraska as a contestant for championship honors. During the twelve years of the association's history, Nebraska has had two individual champions, B. C. Johnson in 1905 and D. C. Johnston in 1909, and has afforded strong competition in various events, but never until this year has the Husker school entered a full team. To be eligible for the team championship.
