Yale-Harvard Race Date Announced

Friday, June 25th, has been announced as the date for the Yale-Harvard regatta this spring. The Varsity eight oared shell race will be rowed upstream on the Thames River between 4:30 and 5:00 o'clock. The Varsity race last year was rowed upstream, as it was in 1891, 1905, 1907, 1908 and 1909.

The University of Missouri has been selected as the representative of the middle west in the football tournament at the Panama-Pacific Exposition, according to the St. Louis Times. Eleven colleges will be invited to enter the tourney. Princeton, Yale, Dartmouth, Pennsylvania, Cornell, Yale and Carleton are assured invitations.

"MONSIEUR BEUCAIRE" BY DRAMATIC CLUB

Next Friday at Temple Theatre Leon Snyder and Ella Williams Have Leading Parts.

The Dramatic Club will present their annual production at the Temple Theatre, Friday evening, April 16. This year a very elaborate play has been chosen, "Monsieur Beaucaire." Leon Snyder, '15 of Alma and Ella Williams, '15 of Lincoln will appear in the leading roles. The cast is busy with rehearsals getting the play in shape. The costumes will be furnished by an Omaha firm and they have promised the best in that line. For several years the Dramatic Club has produced at least one public play and under the coaching of Miss Alice Howell they have attained a high standard. Last year "The Servant in the House" was presented and was later taken to Loup City.

FIFTEEN EVENTS IN GYMNASTIC MEET

Association Meet Tomorrow Biggest in the West—Thirty-Three Wrestling Matches Tomorrow Afternoon

The thirteenth annual gymnastic meet of the Western Association, the largest meet of its kind ever held in the West, will begin tomorrow afternoon at three o'clock with thirty-three wrestling matches, which comprise the preliminaries and semi-finals in this division. In the evening, the finals in wrestling, the fencing meet, and the gymnastic meet will be held. During the entire evening four matches will be going on at the same time—in the west end, wrestling; in the center, gymnastic work, both light and heavy; in the east end, fencing. In buying tickets it is advised that the purchaser have them reserved in the particular part of the Armory near which the meet which is most attractive to him is to be staged. The meet is the only chance which will be afforded the present student body to see an event of this kind, since it can not be held in Lincoln again for at least six years. The place of meeting rotates among the members of the association.

Word has been received that Nilsen, captain of the Illinois gymnastic team, will not be able to participate because of injuries received since last Saturday. Nilsen was to represent Illinois in the light gymnastic events, and on the horizontal bar, parallel bars and flying rings of the heavy gymnastics. He was the logical Illinois representative for individual honors. Who will replace him is not known.

REGISTRAR'S OFFICE TO USE NEW METHOD

Record of the Semester's Work Will be Sent to Each Student—Credit Book System Discontinued

The Registrar's office has employed a new method for telling students of their grades. In past notices were sent to only those persons having delinquencies in the form of incompletes, conditions, or failures. The present method is a complete transcript of record for the semester, whereby all students are informed of their grades for the semester. While the slip represents an unofficial transcript it is expected that they will be reserved, as they serve as substitute for the former credit book system.

BIG CROWD ATTENDS UNIVERSITY WEEK REVIEWED AT CONVOCATION

UNIVERSITY WEEK REVIEWED AT CONVOCATION

MANY REPORTS OF SUCCESS

Chancellor Read Letters of Commendation from Different Towns Visited—Selections Given by Representatives of the Troupes

The University students, numbering about eighty-five, who spent last week on the road entertaining the people of Seward, Osceola, and David City, which number included the University Band, Dramatic Club and a road show, appeared at Special Convocation yesterday and were heartily welcomed back from their recent successful trip by a crowd that packed Memorial Hall.

Chancellor Avery presided and in opening said that during the past winter the University students had been severely criticised by people who did not know the truth concerning University affairs; that for this reason he was specially glad to read some letters from people in the towns where the representatives of the University had lately been—from people who had seen the students in action, had had a chance to form an unbiased opinion of University students in general. These people had been favorably impressed with the character of the entertainments furnished by the University and more than favorably impressed with the splendid department

GLEE CLUB PROGRAM TOMORROW AFTERNOON

Same Program to be Given at Temple That Was Given on University Week Trip

The Glee Club will give a program at the Temple Theatre tomorrow afternoon at 2:30 o'clock. This will be the seventh performance of the program, it being the same one given on the trip through the state last week. The program consists of a variety of numbers assuring the interest of both those desiring a heavy, skilled number and those wishing a light, farcical number.

The entertainment will be opened by a selection, "Estudiantina," given by the entire Glee Club. This is followed by a quartet consisting of Messrs. Wickland, Bagley, Jackson, and Reasoner.

The fourth number is a violin solo by Theodore Lehmer. The selection by the Glee Club, an Indian Death Chant, will be favored with an obligato by Ellsworth Moser, followed by a quartet, accompanied by the Glee Club. A piano solo by Stanley Marsh and a tenor solo by Charley Bagley will be numbers of exceptional note. The Snipe Hunter, a sketch written by Maurice Clark, will be given by the author and Louise Dobbs and four of the club, Messrs. Doling, Wiltse, LeBas and Chace, will have minor parts.

The program closes with a brass quartet selection, followed by the entire Glee Club singing the national anthem, "The Star Spangled Banner."

Tickets are twenty-five cents and

SEATS NOT RESERVED FOR PLAY TONIGHT

Season Tickets May Be Transferable for all Entertainments—Tickets Are Still on Sale Today

There will be no seats reserved for the entertainment at the Temple Theatre tonight. The committee have also decided that season tickets may be transferable. Contrary to the plans of the men in charge, limited number of single admission tickets will be sold on the campus, in the Temple and at the book stores today for twenty-five cents, as well as the season tickets.

This applies to the other entertainments as well as to the Dramatic Club play this evening.

The marriage of Miss Mabel Doran to Mr. Charles Hildebrand took place in York, Wednesday. Mr. Hildebrand formerly attended the University.

GREEKS PLACE BAN ON USE OF CABS

Fraternity and Sorority Representatives Vote Against Their Use for Social Functions

The final action on cabs was taken last night at the Intersorority Council meeting. A committee of girls went before the interfraternity meeting Tuesday night to give the opinion of the girls on the subject. On the girls' recommendation the following motion was made and passed:

"That the Interfraternity Council pledges the fraternities not to use hired conveyances at any University, men's fraternity or women's fraternity parties, except in inclement weather, and that any fraternity violating this rule shall be barred from giving another party for four school months; this action to take effect at once."

This is supposed to settle the cab question forever, since violation by individuals throws the penalty upon the fraternity and the sorority of the guilty parties.

The question of flowers was brought up in the girls' meeting last night. It was moved that flowers should not be legislated against, but should remain purely a personal affair.

Abandon Sports in England

Neither Oxford nor Cambridge will be able to compete in the Penn relays this spring. In a letter to the University of Pennsylvania they say that practically all of the able-bodied athletes have gone to the front and that consequently no interest is being shown in sports.

HUGG NEW CAPTAIN

LETTER MEN ELECT STAR GUARD TO LEAD 1916 QUINTET

MATERIAL TO BE PLENTIFUL

Lots of Available Athletes for 1916 Basketball Team—Promising Men on the Freshman Squad—Spring Football Practice

At the postponed meeting of the athletic board Tuesday the letter men in basketball unanimously elected Edwin Hugg to lead the 1916 quintet. Hugg was star guard on the Husker team this season, and when Captain Hawkins was compelled to quit the game because of doctor's orders, ably handled the team as acting captain. His individual work has also been very good; he led the members of the 1915 squad in this department, scoring 89 points from a guard position. His percentage in free throwing was .542.

The dearth of available material which hindered the development of this year's squad is not likely to cause the new captain much bother next winter. There are twelve old men available, to say nothing of the members of the freshman team. Jimmie Gardiner, Cook, Collins, Hartman, Riddell, Gillette, Tucker, Schumacher, and others of the first year squad will be available for the 1916 team. Two letter men beside Captain Hugg have one more year of basketball—Rutherford and Shields. Milliken, Sheldon, C. H. Gardiner, Campbell, and R. Thiesen, all of whom have had a year's experience as varsity men, are eligible for basketball next winter and afford splendid material.

Coach Stiehm put his spring football squad through some fast practice on the athletic field yesterday afternoon, despite the objections of the weather bureau. Open field running, punting, drop and place kicking, charging, catching punts, and light signal work, made up the program of the day. Gardiner and Otoupalik, both candidates for backfield positions, were out, and showed up to decided advantage. Coach Stiehm has a very promising string of backfield men in the list of those who have reported for spring practice, which includes J. Gardiner, Cook, Otoupalik, Reese, Dempster and Rutherford. Two men, W. Kostisky and Sides, registered this week and reported for yesterday's practice. Both men are trying for line positions.

Coach Stiehm has arranged for exhibition scrimmages between picked teams at the end of two or three weeks. Spring football differs from regular fall work in that the training down process is much slower, and the lengthy mentor is making no move to rush the men into scrimmage work. He intends to run the squad through light work and signals for a fortnight before tackling shall be introduced.

Alumni at the University of Pennsylvania have proposed changing the name of the university to Franklin University. The new name would have as one of its chief purposes the honoring of one of the greatest of Pennsylvanians. It is also believed that this would tend to make the institution less of a local affair and more of a national college.
