MINNESOTA GETS NEXT "GYM" MEET

Business Session of Western Association
Held in Lincoln
Sunday

The University of Minnesota at Minnesota was chosen as the next meeting place of the Western Intercollegiate Gymnastic association, at a business session of the members held Sunday. Physical Director Hoffer of Chicago university was made president, Director McChesney of Wisconsin, vice president and Dr. Cook of Minnesota, secretary-treasurer.

A resolution of thanks for the courtesies extended to the association during the meet was voted to the university athletic board and Dr. Clapp, secretary-treasurer. A committee consisting of Clapp, chairman, Hoffer and McChesney, with Dr. Cook in an advisory capacity, was named to consider suggestions for changes in the wrestling rules. In several of the matches Saturday, the referees had to award a decision when the men had not been on the floor at all, and a means of preventing this without dragging out the match is sought. Before the wrestling on Saturday afternoon, in addition to the holds already barred, any hold over the mouth and nose was barred out. A new rule was made that hereafter only those men would be eligible to compete for third place in wrestling who had reached the semi-finals. At the Minnesota meet next year, the matches down to the semi-finals will be completed on Friday night, the semi-finals Saturday afternoon and the finals Saturday night.

Girl's Club Council

PROFESSORS BOOKS WANTED IN ITALY

Professor England Has Received Letter
From Italy Asking For Copies of
Economic Articles

Professor England is in receipt of the following letter from Italy requesting a copy of some of her articles on Economics:

Roma (corse d' Italia 43).

Dear lady:

I suppose that you have yet some copies of your valuable articles published in the Quarterly Journal of Economics, Nov. 1912, and in the Journal of Political Economics, April 1913, on Economic crises. If so, you would greatly oblige me by sending me one copy of them. I am just studying the same subject. And even if you have published other articles on the same argument, I should be very glad to read them.

With my best thanks and compliments, I am, dear lady,
Yours very sincerely,
UMBERTO RICCI.

MONSIEUR BEUCAIRE CHANGED TO OLIVER

Date of Dramatic Club Play Changed
to April 24—Will Be at Oliver
Theatre Instead of Temple

The Dramatic Club has changed the plans for the annual play which was to have been presented at the Temple Friday evening. The club has been fortunate in securing the Oliver Theatre for Saturday evening, April 24, and "Monsieur Beaucaire" will be given at that time instead of the date previously advertised. This change will enable a better presentation of the play, which is very elaborate and requires a larger stage than the one in the Temple Theatre.

PROFESSOR FERGUSON INSTALLING WIRELESS

Trial Aerial Already Strung From Electrical Engineering Laboratory to Mechanical Engineering Building

Prof. O. J. Ferguson, head of the department of Electrical Engineering, is installing a wireless outfit in the second floor of the Electrical Engineering laboratory, and a trial aerial has already been strung from there to the roof of the Mechanical Engineering building. The receiving set will be placed in operation first, but before it is connected trials will be made of both this and the antennae to determine their efficiency. Later the transmitting set will be installed.

The plant will have a capacity of one kilowatt, and will be able to send messages probably five hundred miles. The receiving set is well equipped, and radiograms from both the Atlantic and Pacific coasts can be caught. However, it will be some time before the apparatus will be in working order. Professor Ferguson is being assisted by several students who are interested in wireless telegraphy.

MILE MEN PICKED

TEAM SELECTED FOR DRAKE
GAMES YESTERDAY

MEETING FOR TRACK TODAY

Assembly in Law 101 at 11 for Everyone Interested in Track—Husker Track Stock Jumps Six or Seven Points

Husker track stock jumped six or seven points yesterday, said flurry of the market finding its excuse in the results of the mile relay tryouts which were held on the athletic field in the afternoon. The market has been on a steady increase since the exhortative steps which were taken the middle of last week to increase the army of athletes and insure a successful season, and with this latest increase has come pay. The tryouts resulted in the picking of Zumwinkle, Scott, Bates, and Stuart Clark to represent Nebraska in the mile relay at the Drake games next Saturday. Three of these men—Zumwinkle, Scott, and Bates—will run in the half-mile event, Clark replacing Deering of the half-miles four at the longer distance.

The style with which Nebraska's quartet of quarter-milers stepped around the track yesterday was a surprise to Coach Reed himself.

Zumwinkle, who will probably run the last 440 for the Huskers, displayed form which brought back

memories of last year's Minnesota meet to the minds of the onlookers. Clark, who will endeavor to fill the shoes of Warren Howard of last year's four, Bates, and Scott, rounded the bend and straightened out into the finish in lightning style, prophesying a speedy pace next Saturday. Although the mile as well as the half-mile team will be handicapped somewhat at the games Saturday by the short training the men have had since the opening of the season, both of the teams are expected to show up to good advantage.

The Drake games, which open the Husker track season, will cast little light on the whole situation, since it includes only the two relay teams. In

SENIOR INVITATION SALE A SUCCESS

More Orders Will be Taken in the
Library Today—This Will be the
Last Chance

The advance sale of Senior invitations last week was very successful in the number ordered, but the committee reports that over a hundred Seniors have not yet placed their orders. At times the crowd around the table kept a number from ordering on the days set for it.

Consequently, to take care of these Seniors who forgot to order or could not do so last week, orders will be taken at a table in the Library today and tomorrow. This is absolutely the last chance to order as the final number must go to the printer by telegraph Wednesday night.

No extras will be ordered as this is always a losing proposition. Only those who have placed their order and paid a deposit will be able to secure either the invitations or the announcements when the orders are filled and then only to the amount ordered.

SENIOR PLAY CHOSEN BY THE COMMITTEE

Upper Classmen Will Present "Sham"
for the Annual Play—Book on the
Reserve Desk—Tryouts Soon

The Play Committee of the Senior Class have chosen Sham as the play for this year. As the time is short in which to prepare the play for presentation, the tryouts will be held within a week or two. The book is at the reserve desk in the Library now and anyone interested may get it there. It is planned to give the play shortly before Commencement this year.
