REGISTER TOMORROW

Tomorrow will be the last opportunity for voters to register before the city election, which will be held May 4. Every man in the University who is eligible to vote in Lincoln should take advantage of this opportunity. From the standpoint of the University alone the students should take an interest in the election. The men who are to have charge of the city government for the next two years are to be elected and it is essential that we have men who are in sympathy with a bigger and better University. At this particular time, when the campus is being extended, we need men who will lend every aid in making the section of the city where the University is located more beautiful so that it may harmonize with the new campus. There are other questions of importance to be decided in this election and every student who can vote here should register tomorrow so that he may vote a week from Tuesday if he wishes to.
