THREE NEW ENTRIES

DOPE SEEMS TO FAVOR OMAHA ATHLETIC STARS

MORE ENTRIES THAN IN 1914

Pawnee City, Broken Bow, and Merna Enter at Last Moment—Meet Will Start Promptly at 2:30

Three new entries into the eFte Day meet of the Nebraska High Schools Athletic Association—Pawnee City, Broken Bow, and Merna—have swelled the complete entry list to a number which exceeds the record-breaking total of last year. Broken Bow will be represented by Carl Penn, Paul Fredmore, R. Robertson, and Charles Sargent, and the Pawnee City entries are Max Atkinson, Harry Beebe, James Daugherty, Allen Edie, Donald Huntley, Carl Martin, Mervin Haley, James Orr, and Rex Stunsor. Merna has entered a single athlete—Downing.

The problem of picking the winning team tomorrow resolves itself down into a problem of determining how many stellar individual athletes there are on some of the teams from the smaller schools. Dope points clearly toward Omaha, based upon her performance last Saturday in the Missouri Valley meet, when she easily cleaned up on the bigger schools of the Valley. It appears to be Omaha against the field, but if there are entered in the meet good enough competition to rob the Metropolitan of points in the field events, for instance, where they made the bulk of their points in the Valley meet, some of the other schools will have a good chance to outpoint them. Lincoln looks like the second best wager. Pawnee City, with a team listing several of last year's veterans, is a dark horse which may upset the existing dope.

The meet will be run on time schedule which opens with the preliminaries of the hundred yard dash promptly at 2:30 and closes with the relays, beginning at 4:50. As has always been the custom, the hammer and discus events will be run off in the morning, because of the danger connected with them. Those who desire to see this part of the program may do so from the grandstand; only the athletes, attendants, and officials will be allowed on the field. The regular admission price of twenty-five cents will be charged.

A complete and revised list of meet officials follows:

Referee and Starter—Dr. R. G. Clapp.

SCHOOL OF COMMERCE WILL HAVE HOLIDAY

Will Spend May 20 at Capital Beach—Committee Appointed to Look After Arrangements

Arrangements have been made by the faculty of the School of Commerce for a half holiday and picnic at Capital Beach on the afternoon of May 20th.

The task of making the picnic a success has been placed upon the University Commercial Club and committees are already at work making extensive arrangements for the big occasion. President Koupal of the club announced R. H. Van Boskirk as chairman of the committee on refreshments and grounds and E. J. Althouse as manager of the ticket sales. He was not prepared to name the chairman of the entertainment committee, although it is a well known fact that a lively baseball game will be on the schedule as will swimming and boating.

Besides the refreshments to be secured as a result of the ticket sales, the commerce faculty has made the statement that the club could depend upon it for the ice-cream.

The statement has been definitely made that the tickets which will admit the holder to the grounds and will entitle him to his part of the refreshments will be sold for the very liberal sum of only twenty-five cents.

TEAM LEAVES FOR GOPHERLAND TODAY

Nebraska Has Chance to Win From Minnesota Tomorrow in Last Dual Meet of Season

The track squad leaves at two o'clock this afternoon for Minneapolis, where they will meet the Gophers tomorrow. Sixteen men will make the trip: Captain Zumwinkle, Scott, Irwin, Bates, Deering, Goetze, Spohn, McMasters, Anderson, Kubik, Clark, Reavis, Hummel, Ankeny, Sheldon, and Otoupalik.

Dope favors Minnesota, but the chances of Nebraska's inexperienced squad winning the last dual meet of the season are better than they have been since Valley competition began. The squad is getting its stride—a thing which other teams of the Valley attained two or three weeks ago because of better training facilities—and most of the men are in good condition. The Gophers are more evenly balanced than Nebraska, but with the exception of one or two events, are strong where the Huskers are strong. For this reason Nebraska's chances to outpoint her rival are better than against Kansas or Ames.

Existing dope places the final result of the meet on the hurdles and relays. The total of the remainder of the program seems to be pretty evenly divided between the two teams. Nebraska has the edge in the sprints, and Minnesota in the distances. All the dope in the pole vault belongs to the Huskers, and they stand a good chance to split even on the jumps. The weights look like Minnesota, although Sheldon, a new Husker recruit, has been doing well in practice.

Although the squad assembled on the athletic field yesterday, practice was rather exclusive. The heat made a good workout inadvisable, and after limbering up a little and receiving a little special work from Coach Reed, the men were sent to the gymnasium.

TENNIS TOURNAMENT

MISSOURI VALLEY MEET STARTS THIS MORNING

WASHINGTON STRONG TEAM

Drawings Made for the Singles and Doubles—Admittance to Country Club and the Games Will Be Free

At 8:30 o'clock this morning play commenced on the Country Club courts for the singles championship in the Missouri Valley Tennis Meet. Play for doubles championship will start at 4 o'clock today. Six of the seven Missouri Valley schools have made entries. Cups will be awarded the winners by the Nebraska University Athletic Board.

Washington University has entered Hoerr and Hewitt; Iowa State, Beach, Huxtable, Krantz, McMullen, Marston, Ogilbie, and Patty; Drake, Page and Nicholson; Missouri, Loomis, Jesse, Humphrey, Bland, and Avery. Kansas will take part, but has not announced her representatives. Ellis, Chatt, and Gardner will represent Nebraska. The Kansa Aggies, being averse to our sub-tropical heat, have decided to stay at home. Hoerr of Washington is admittedly the most formidable of Nebraska's opponents. He is a natural tennis player, having played tennis ever since he was a mere boy. For years he has held the championship of Missouri Valley athletic clubs. Each school will be allowed two men in the singles and a team in the doubles.

The drawings in the singles are: Missouri, Kansas; Bye, Washington; Drake, Ames; Bye, Nebraska. The drawings in the doubles are: Missouri, Washington; Bye, Ames; Bye, Nebraska; Drake, Kansas. The following trophies will be awarded: Silver cup to the winning school, silver cup to the winner of the singles, silver cup to the runner-up in the singles, silver cup to each man on winning doubles team, silver cup to each man on the runner-up doubles team. The finals will be played off on Saturday at 2 o'clock.

The courts of the Country Club, at Seventh and Washington street, are in excellent shape, so that fast playing should be the order of the day. To get to the grounds, take the Tenth and O street car. No one need plead financial stringency as a reason for not going, since the admission is free.

ASSISTANT MANAGER OF UNIVERSITY WEEK

Monday Night Will Close Entries for Sophomore Plum—Four Men Our for Place

Monday night at 6 o'clock is the final hour for filing applications by Sophomores for assistant manager, and by Juniors for manager, of University Week for next year. The applications may be filed with T. A. Williams in the Administration Building. The election will be some time next week by the present executive board of the University Week Association, the board being composed of three Innocents, three Black Masques, and three faculty members. The following Sophomores have either filed or are thinking of filing: Axel Swenson, Albert Bryson, John Riddell, and Ralph Lahr.

The present management wish to emphasize the necessity of as many Sophomores as possible filing. The assistant manager is in line for manager in his Senior year. By that time University Week will be an institution vitally connected with the interests and the welfare of the University. Just to what extent it is necessary that the management be given a good list from which to choose an assistant manager, who as manager will be called upon to shoulder the vast responsibilities of a greater University Week.
