Rag Office

VOL. XV. NO. 5.

UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, SEPTEMBER 21, 1915.

PRICE 5 CENTS.

## DOPE ON HUSKER STARS BRIGHTENS

MOVEMENTS OF TWO VETERANS  
DEEMED ENCOURAGING

## EARL ABBOTT COMING TODAY

Will Motor to Lincoln to Look Things  
Over—Chamberlain's Father is  
Back from Canada—Promising  
Practice Yesterday

The sentiment of every football-loving Husker to the effect that the team cannot do without the services of the veterans, Chamberlain and Abbott, has brought a great deal of pressure to bear upon these two stars of the Cornhusker constellation, and as a result, dope is becoming more and more optimistic day by day. The latest line on the situation was furnished by official heads last night, giving the information that Earl Abbott, the mainstay of Nebraska's always dependable line, will motor to Lincoln today to look over the situation. In regard to Chamberlain, it was learned that Coach Stiehm talked to the Gage county phenom last night, with semi-satisfactory results. The elder Chamberlain has returned from Canada, but at the time of the conversation, Guy had not yet talked things over and couldn't even hint at the probable result.

As usual, the supreme council views these latest developments unemotionally. But members of the team and some of the fans who have followed the situation closely, say they point to the return of Abbott and Chamberlain. Especially is the presence of the veteran, Abbott, in the line essential to Cornhusker success, and it is thought that a close view of things, such as will be given him today, will show him the wisdom of returning to school this fall.

### No Scrimmage Yesterday

The largest squad of the season flocked to Antelope Park yesterday afternoon for the fifth day's practice. Although the Freshman and Varsity teams did not clash, the first and second elevens of first year's aspirants indulged in two fierce scrimmages in which the first team had the best of it. Three Varsity elevens spent the evening in signal practice after a pepful session at charging and tackling.

The situation in the backfield has been clarified by the amazing offensive work of Herb Reese. Big and strong, with lightning speed and an ability to skim close to the ground at sixty per, he is the subject of lively speculation at the hands of Husker supporters. No chance has yet been given him to show what he can do at defensive half, where his lack of veteran knowledge will handicap him more, but if the former track star can develop as much skill in the waiting position as he does at the attack, he will make as brilliant a half as Nebraska has had in years.

### Registration Larger by 267

The registration of students, according to the figures of Registrar Greer, exceed those of last year 267. There were 251 students registered Monday. This brings the total number registered to 2,571, compared with 2,304 registered during the same period last year.

## SCHOOL OF COMMERCE GROWING

Professor Bullock Added to Faculty—  
New Commercial Club President  
to Be Elected

The enrollment in the School of Commerce exceeded all expectations. Usually there are two divisions in Accounting. This year two more divisions had to be formed.

The teaching corps of the Department of Economics has been increased by one over last year. Professor Bullock, instructor in Business Law and Accounting, is the new member. He is a graduate of Nebraska, receiving his A. M. two years ago.

The University Commercial club promises to be a very active association. The failure of Robert H. Van Boskirk, '17, president of the club, to return will necessitate the election of a new president.

## AMERICA MAKES WAR LOAN

About \$800,000,000 to Be Underwritten  
By New Yorkers—British and  
French Bonds as Security

New York, September 20.—The proposed mammoth loan to Great Britain and France, it was reported tonight, is to be underwritten by a large syndicate of American financiers and bankers who are to receive a commission for their services. The securities offered, it was said, will be British and French 5 per cent government bonds and the price to the investor is to be at par.

The amount of the loan, it was reported, is yet undetermined, but will be between \$600,000,000 and \$800,000,000.

Whether the munitions of war will be included within the scope of the proposed credit, so far as could be learned tonight, has not been decided.

The underwriting syndicate, it was reported, will be the largest of its kind ever established in the United States and probably be open to nearly all national banks, trust companies and state banks that may care to participate.

While the amount of the commission to be paid these banks was not expressed in percentage, it is understood the profit will be a small one, possibly 1/2 to 1 per cent.

### Victory for Big Bankers

Elimination of the differences of opinion of the American financiers and members of the Anglo-French commission over the manner of placing the loan apparently has resulted in a victory for the American financiers. Previous reports were to the effect that the commission's views were that the loan should be placed by subscription and that there should be no underwriting syndicate.

The American conferees were reported to favor adoption of a plan whereby a syndicate would underwrite the big issue and would receive at least one-half of 1 per cent for its services.

Efforts to elicit an expression of the commission's views on this part tonight were futile. The various members of the delegation have been spending the day out of town and it was said at their hotel that some of them were not expected to return until tomorrow.

So far as the plan now has developed, it is the intention of the conferees, it is reported, to open their books to virtually all banks who wish to participate and to place the bonds with any and all of them, pro-German or otherwise, at a figure only a shade better than that which the investors

## FALL TRACK WORK BEING PROMOTED

AN INNOVATION AT NEBRASKA—  
"MEET" NOVEMBER 1

## ALL CLASSES ARE ELIGIBLE

Meeting Thursday Morning at 11  
O'clock in Memorial Hall—  
Track Suits to Be Had at  
the Gymnasium

Track suits are now to be had at the gymnasium by all desiring to take up track work.

Fall track work is an innovation at Nebraska, this being the first time there has been any activity in this line at this season.

A large number of men are already out on the track and others have received suits and will soon begin work preparing for the big school meet, November 1.

All Freshmen, as well as upper-classmen, are eligible to enter. The winners in this meet are to receive medals and cups as prizes.

The movement for a successful fall track meet has the support of Coach Stiehm and Guy Reed. In order to promote the undertaking and plan for its success a meeting of those interested in the track has been called for Thursday morning at 11 o'clock in Memorial Hall, 102.

## HITS BY BILLY SUNDAY

We talk about the non-churchgoers. Talk rather about the non-going church instead. We slander people when we say that they do not want the religion of God. They hate shame, the hypocrites, the caricatures they find in the church; they do not hate Jesus Christ.

The trouble with some of you is that you are too stingy. You spend thousands on your pleasure and then come to church and drop in a penny.

Your prayers or anything you do in the church on Sunday mean nothing if you don't do the same thing in business on Monday.

It will not take the pure food law to keep a man who truly prays "Thy Kingdom Come" from putting chalk in the flour, sand in the sugar, brick dust in red pepper or ground peanut shells in breakfast food.

The preacher who prays "Thy Kingdom Come" should not try to tickle the palates of the giraffes and let the sheep starve. His sermons will be a reprint of the Bible and not of the last novel.

Some men are so busy getting ready to be angels they forget all about being men. They are so busy figuring on St. Peter's ledger they forget their own.

Personal liberty is the liberty of the burglar or seducer or rapist or the wolf that wants to remain in a sheep fold or a weasel in a hen roost. You have no right to vote for an institution that is going to drag your sons and daughters to hell. Personal liberty, that's all the panderer, the seducer or the white slaver wants.

When a person's acts affect only himself they can be left to the conscience of the individual, but when they have to pay, which, it was said tonight, will be at par.

The interest rate, it was understood, has been agreed upon at 5 per cent.

## NEW INSTRUCTOR

Professor Weaver Has Been Added  
to Botany Staff—Graduate  
of Nebraska

Professor J. E. Weaver is a new instructor in the Botany department. He received his A. B. and M. A. degrees in the University of Nebraska and has had experience as a teacher in the Lincoln high school, and as an assistant in the Botany department of this University. After taking special work at the University of Chicago, he accepted a professorship in Washington State college, which he held for two years. Last year Professor Weaver was an instructor in the University of Minnesota.

they affect others the law steps in. So you haven't any right to live in sin. You say you will do it anyhow. All right, you will go to hell then.

I'm fighting to save your soul just as a doctor fights to save your life from a disease. I'm your friend. I preach against anything that will make your boy a drunkard or your girl an outcast.

You say you're not afraid of sin. You ought to be for your children. We've got kinds that have not yet sprouted long breeches who know more about vice than Methuselah. What did Methuselah know about smoking cigars?

You can hang out a sign of gentleman, but when you cuss you might as well take it in.

There isn't a fellow in this crowd but what would be disgusted if his wife or sister would cuss and hit the booze like he does. If she would, he'd go whining around for a divorce and say he couldn't live with her. Why, you dirty dog, she has to live with you.

I suppose if the law against stealing was repealed and placed against cussing, all of you would start to steal.

If you're going 100 miles an hour for God some one will follow you, and if you're going to hell at the rate of 80 miles an hour some one will follow you. Your life will be either an influence for good or for damnation with others about you.

Some of you sneer at a boy who is tied to his mother's apron strings. I tell you there is no better anchorage on God's earth for a boy than that mother's waist.

I'll tell you what old Pilate was: He was a standpat, free lunch, tin horn, peanut grafting, ward healing, weasel eyed, rathole of a whisky soaked politician.

There are a lot of fools today who are so lowdown and black hearted that they let the world spit in the face of Jesus Christ for fear of their jobs.

It's the God-forsaken gang that runs things today that are letting the church go to the hell, not the common people. I stand pat for Him if I have to slap your face and you and you and you.

Jesus was either the son of God or the Bible isn't worth the paper it is printed on.

There is no intermediate ground between heaven and hell. You can either reject or accept God. If you do not accept Him you reject Him and you go to hell. There is no halfway house between these places.

I wouldn't have to leave Omaha to find men vile enough to kill Jesus. Perhaps I wouldn't even have to leave this tabernacle to find degenerates who would do it.

## FOOTBALL GAMES NEAR AT HAND

SUPPORT OF THE STUDENT BODY  
IS ESSENTIAL

## GET SEASON TICKETS NOW

Reservations Start Monday for the  
Drake Game—Notre Dame to  
Be the Largest Attended  
Contest

With the first game of the Husker football season but a few days away, every student would do well to provide himself with a season ticket as soon as possible. These are now on sale at the Alumni Headquarters in the southwest corner of the basement of the Administration building, from 1 to 5 o'clock every day, except Saturdays. The price is \$4.00. Registration slips must be shown at the time of purchase.

The need of purchasing a season ticket cannot be emphasized too greatly, not only as regards the loyalty shown thereby to the school, but also as regards the saving in price. The cost of attending the six football games on single admission tickets would be \$7.00, \$3.00 more than the cost of the season ticket. Besides admitting to the six football games, it also admits to all contests held under the auspices of the Athletic Board, including six basketball games and two track meets. Admission by single tickets to all of these would cost \$11.00. Reservation will start next Monday for the Drake game. All holders of student tickets can reserve a seat free for this and the Kansas Aggie game.

The games this season will be preceded by band concerts. Between the halves a vaudeville show will be given. Manager Guy Reed urges everybody, to start the year right by buying a ticket, thereby showing their loyalty to both the team and the school.

The Cornhuskers have a good schedule this year, with several games that promise to be very interesting. The teams to be played this season at Lincoln will be Drake, Kansas Aggies, Washburn, Notre Dame, Wesleyan and Iowa. The Iowa game will be homecoming game, which with the Notre Dame game, will undoubtedly be the best games on the schedule. The prices of these two games alone would be \$3.00. Thus, why pay \$3.00 for only two games when \$1.00 more would buy a season ticket?

### Librarians Change

Several changes have been made in the librarian force. This year, Marjorie Morse has Mrs. Meyers' position at the loan desk. Miss Lois Moore will have the position vacated by Miss Adelaide Rood.

You may say that I am vulgar. But what will you do with Jesus, not with me, is the question? I'm not the author of the plan of redemption. If I don't preach it, woe is me; if you don't accept it, woe are you.

If I were to preach against the divinity of Jesus all the saloon keepers, madames in the red light district and the libertines would say: "Bill, you are all right; go to it." That's enough to convince me that He is the Son of God.
