ARMSTRONG'S

A Free Religious Society

This organization maintains the modern scientific attitude toward religion. It appeals to many thoughtful people, for whom the old conceptions of religion have become inadequate. Its purpose is not to tear down any young man's or young woman's faith, but rather to build it upon a solid and enduring foundation.

A university opens its doors to all seekers after the truth. It binds its members by no formula of belief. Its face is not toward the past, but toward the future. It holds in honor those who discover new truth. It reverences the attainments of the past, but uses them to secure progress in the present. All Souls' Church seeks to realize this university-ideal in the field of religion.

S. M. Crothers will speak Sunday at 10:45 A. M. Students Liberal Religious Union, open to all University Students, meets every Sunday from 12:15 to 12:45 for the free discussion of religious problems.
