## DRAKE DEFEATED BY HUSKER MEN

CROSS NEBRASKA'S GOAL LINE  
TWICE, HOWEVER

## HUSKERS WORK IS ERRATIC

Individual Play Spectacular—Line  
Punctured by the Drake Offense—  
Mayor Bryan Boots Prophetic  
Kick-Off—Final Score, 48-13

Nebraska disposed of her first conference opponent by defeating the Drake Bulldogs, 48 to 13, on Nebraska Field, Saturday afternoon. The Huskers were at no time hard pressed and proved that they were a team of possibility, although their play showed early season raggedness. The blue-jerseyed huskies from Des Moines satisfied their ambitions by twice crossing Nebraska's goal.

The largest opening-game attendance in years saw the team start the fall campaign. Mayor Bryan boosted the ball for the official kick-off, which was recorded to have bounced eight times before it stopped—prophetic of eight victories and another all-victorious year.

One of the frequent lapses evidenced by the Husker line male possible Drake's first touchdown, registered in the second period. Buntz, a rangy Iowa product, went straight through the line for thirty yards, bringing the ball within striking distance. Despite the exhortations from the multitude, the traditional brace of the Husker line in the shadow of their goal failed to materialize, and with four tries to push the ball across, Drake scored on the third attempt. The second Drake touchdown came early in the fourth quarter. Warnock received a long pass from Thomas on the Husker thirty yard line, but dropped it when tackled by Caley. In the resultant scramble Blackburne picked up the ball and raced the remaining distance for a touchdown.

Nebraska scored twenty points during the first half. The first counter came after three minutes of play. Drake fumbled the ball on her ten yard line; Nebraska was penalized five yards for off-side, and on the next play Reese took the ball around left end for a touchdown. The next tally came in the second period when after long gains by Rutherford and Reese, Chamberlain juggled the ball on end around across the last chalk-mark. After a few minutes more of play, Rutherford shot a long pass to Chamberlain, who broke away for Nebraska's third touchdown. The half ended, 20 to 7.

In the second half, Nebraska's total mounted to 48. Caley registered two touchdowns and Rutherford ended the scoring late in the final period by worming his way through the Bulldog's defense for a tally after the ball had been worked down to Drake's fifteen yard line.

Buntz, Welsh, Thomas and Beringer were the troublemakers in the Drake cast. The individual work of Chamberlain and Riddell at the wing positions, and of the whole first and second string of Husker backfield performers featured Nebraska's play. Reese and Otoupalik did splendid work at half during the first two periods of play, but Gardner and Doyle who replaced them in the latter half

### PUBLISHED IN LONDON

Professor LeRossignol's Story Well  
Received—Press Comments  
Reviewed

"Jean Baptiste," a story of French Canada by Prof. J. E. LeRossignol, director of the School of Commerce at Nebraska, was published in London last spring and has found favor with many critics in both England and America. The writer has lived a number of years in Canada and spends his summers there studying the habits and life of the people. This is the second novel he has written besides a large number of magazine stories.

Following are a number of the press comments on the book:

Times—"A novel full of true romance, both in its episodes and in their setting."

Pall Mall Gazette—"It is Old France in the New World and one easily succumbs to the fascination of it."

Evening Standard—"It is the most delightful tale of Canada that has been told for years."

New Witness—"A gallant story; as fresh and pleasant as a dewy morning."

### COMUS CLUB HOLDS MEETING

Dance Decided for the Evening of October 9—Organization Purely Social One

The Comus club held their first meeting of the year last week, when they decided to have a dance October 9, in Music hall. The officers are: G. F. Liebendorfer, '16, president, and A. W. Tell, '17, secretary.

The Comus club is a social organization with a membership limited to thirty-five men—both fraternity and non-fraternity. Last year six dances were given, five of which were club dances, and the sixth an all-university affair at Rosewilde hall.

### Calisthenics for Cadets

Setting-up exercises are going to be the grief of the recruit companies from now until bad weather makes outdoor drill impossible. Ten minutes each day will be devoted to giving the new men the smart appearance of regular soldiers. Each company under the instruction of its captain and officers will engage in a preliminary drill of calisthenics.

## STUDENTS WELCOMED AT RECEPTION

THE AFFAIRS WERE OF "MIXER"  
VARIETY

## ALL HELD ON FRIDAY EVENING

Two Hundred Entertained at First  
Christian Church—Equal Num-  
ber Met at the Catholic  
Students' Club

Lincoln people welcomed the new students of the city and vicinity at receptions and socials held at the various churches and at the homes of faculty members Friday evening. All of the affairs were of the "mixer" variety and a spirit of informality and good fellowship was the out-standing feature. A change, this year resulted in all the churches holding their receptions on one evening and thus gaining a place in the university calendar.

The young people and members of the First Christian church entertained more than 200 students and members of the faculty, among them Prof. and Mrs. Grove E. Barber, Dr. L. B. Walker, Miss E. R. Walker and Mrs. Hattie Plum Williams. The parlors were decorated in university colors and many pennants were used. Various games and acquaintance-forming "stunts" were played during the evening.

The Catholic Student's Club met at the Temple. Its reception was especially for freshmen, but older students, also. The object of the club is to get the Catholic students in the university acquainted with one another and work for the year was begun. Bishop J. Henry Tihen and Father Bradley were among the speakers. Mrs. E. X. Crowley gave a short talk in behalf of the alumni and Fred Nolan for the older students. The Misses Carroll and Crasta sang. Light refreshments were served. About 200 people were present.

All people attending the reception at The First Congregational church registered as they entered the church and were then tagged with slips bearing their names. In addition they received slips bearing one letter and groups tried to form words, the group

### DANCE ARRANGEMENTS MADE

All in Readiness for the First Annual  
Welcome Ball—Orchestra  
Secured

Everything is in readiness for the first Annual Welcome Ball. A crowd of University men were at work last Saturday morning arranging the city auditorium for the dance, which is to take place next Friday. The floor was cleared and decorations were put in place. The fifteen piece orchestra which is to furnish the music for the ball has been practicing all the latest music and promises an excellent program. A reception committee composed of upper classmen will be announced tomorrow.

The Welcome Ball is not given exclusively for the Freshmen or any other class. Its purpose is to welcome the old as well as the new student. Invitations may be secured at the alumni office between 11 and 12 o'clock every day this week. These invitations will be issued free to the University students, and they must be presented at the door the same as an ordinary ticket of admission.

## BESSEY BUILDING IS STARTED

Situated at Twelfth and Q Streets—  
Style Similar to New Buildings  
at State Farm

The Bessey building for the botany and zoology departments is started. It is to occupy the corner of Twelfth and Q streets, having both north and south entrances. The fireproof building, covering 240x77 feet, will consist of three stories and basement, built of red pressed brick and stone with a style similar to the new buildings at the State Farm and on the city campus.

Visitors at Geology Department  
Mr. and Mrs. Orville H. Pierce, '12, visited the department of geology today. Mr. Pierce was formerly an assistant on the Nebraska Geological Survey. Mr. Pierce held a fellowship in the University of Utah for two years. He leaves this afternoon for Butte, Mont., where he has a position with a smelting company.

Walter L. C. Muenschler, '15, is teaching biology in the high school at Sioux Falls, S. D.

## TEN CANDIDATES FOR PRESIDENCY

GEORGE SOLE CANDIDATE IN THE  
SENIOR CLASS

## HOLD ELECTION TOMORROW

Four Freshmen Contestants—No Cards  
Allowed—Nebraskan Will Pub-  
lish a Short Statement—  
Ten Candidates

Filings of candidates for class presidencies closed Friday at 5 o'clock. Ten students announced themselves.

In the Senior class, Vincent C. George of Cumro is the sole candidate. Ira D. Benyon, of Wymore, and Virgil J. Haggart of St. Paul, have filed for the Junior presidency. Edward E. Angle, of Lincoln, George A. Milby, of Fairbury, and Frank C. Boehmer, of Lincoln, are the Sophomore candidates. Julia B. Quinby, of Omaha, Michael D. Nolan, of Alliance, Vaughn Russom, of Lincoln, and Donald F. Gallagher, of O'Neill, are the Freshmen contestants.

Election will be held Tuesday. While there have been no orders against the use of cards, except on the campus, or the bothersome "vote grabbing" at the polls, the candidates are being put upon their honor. The authorities hope for a clean contest. The idea that school politics are cheapened by the methods generally used is not a new one in the Registrar's office. It is officially stated that all card, hand-shaking, back-slapping electioneering is frowned upon.

The columns of the Daily Nebraskan are open to those wishing to make a statement. Each candidate will be permitted to make a statement of no more than eight lines.

The Daily Nebraskan stands corrected with regard to a statement made some time ago. Miss Quinby is not the daughter of State Senator L. J. Quinby, but a relative.

### PRE-MEDICAL SOCIETY MEETS

Eighty Men Were Present—Consti-  
tution Approved—Smoker  
October 15

Eighty men were present at the meeting of the Pre-medical society Friday evening. The new constitution was read and approved and arrangements made for the events of the year.

President Wallace Gerrie gave a welcome address to the Freshmen, thanking them for turning out so well. There were more Freshmen present than Sophomores. The purpose of this society is to promote the good fellowship of the "Medics" and to meet medical men of note. He emphasized how, by making the society better, the men can boost Nebraska and get larger professional and social benefits while in school. Vice President Charles Wheymuler mentioned the value of professional fellowship promoted by the informal get-togethers outside the class room.

Arrangements were made for the first "smoker" at the Alpha Sigma Phi house, Friday, October 15. Plans were made for a Pre-medical reserved section for the Notre Dame football game, a trip to the Orthopedic hospital and for speeches for the next meeting. All agreed that this is to be a big year for "Pre-medics."
