THEY WOULD BE NICE

It was suggested at the "Mixer" the other evening that a refreshing breeze from a series of electric fans placed in suitable places throughout Memorial Hall would tend wonderfully to relieve that oppressive feeling. We cherish the fond hope that those in authority will perchance read this plea for the welfare of the student body. Realizing the direct benefit of these "Mixers" could it be that so small an outlay of money would be withheld from so worthy a cause? Surely not.

Another good move. No gentlemen, without partners, will be admitted at the "Welcome Ball" Friday evening.

WATER—BUT NONE TO DRINK

It will not be firing beside the mark to mention that the drinking fountains in Memorial Hall were not in working order the evening of the "Mixer," a time when they were indeed necessary.

Who's Who—James Whitcomb Riley will celebrate his 66th birthday in Indiana on the 7th of October.

SAME OLD STORY

It seems that other schools have a difficulty similar to that experienced here. Notice this quotation from the Iowa State Student: "Hereafter the editor of the Iowa State Student will be appointed instead of elected by the student body, as has been the custom heretofore. Really now, which is the better way?"

"It takes years to gain a reputation that can be lost in a minute." This being the case, some young men must have an overdraft against them in their reputation account.

POLITICS

People seem to take for granted that anyone in the Nebraskan office can tell them anything at any time. Someone was bold enough yesterday to ask a member of the staff how the elections were going to turn out. What could be harder than to answer such a question?

FORUM

For the past week rumors have been flying thick and fast concerning the Spikes. It has been said they were running this year under a new name. As far as the old Spikes are concerned there is no such Freshman organization this year, nor will there be in the future. As a result of the action taken by the Pan-Hellenic council the Spikes were disbanded in the spring of 1915.

CANDIDATES' ANNOUNCEMENTS
 Following Statements Are Published in Accordance With the Usual Custom

According to the usual pre-election custom the Nebraskan is publishing the statements of candidates.
 In announcing my candidacy for Sophomore President I wish to state that in accordance with the wishes of the fairer minded students, I will remain away from the voting polls as far as possible. I want every one to

vote for whom they consider the best man—instead of at the dictation of some one else. I also wish it understood that I want no "Barb-Frat" issue but a Sophomore issue. Everybody out and vote.
 GEORGE A. WILBY.

In announcing my candidacy for Sophomore President, I wish it to be understood that I stand for clean politics and will not be at the polls during election, and abide by the rules of the Registrar.
 All Sophomores will turn out and vote according to their own minds without influence by electioneering.
 EVERETT ANGLE.

I take this opportunity to thank in advance all students who will be kind enough to vote for me for president of the Freshman class. If defeated, I will be a good loser. If elected, I will serve to the best of my ability.
 VAUGHN W. RUSSOM.

Every student should see this \$800,000 photoplay. Admission only 5 cents. A cash prize of \$10,000 will be paid to the person who submits the most acceptable suggestion for a sequel to "The Diamond from the Sky." Begin at the first chapter, October 20 and 21, enjoy the entire series, submit your suggestion and win the prize. The Alpine picture theatre, 1330 O street. Only 5 cents.

1,007 at University Mixer
 The Memorial Hall and Armory was too small to accommodate the students at the all-University "mixer" Saturday night. In point of attendance there were 1,007 paid admissions. It was the most successful "mixer" since the plan was started. A full statement of the finances of the "mixers" last year will be published in the Nebraskan tomorrow.

Rest Rooms for Women
 There are two rest rooms for women on the campus, one of which is in the basement of Memorial hall in the south-west corner and is to be used

as a rest room only, no studying or lunching being allowed. The other is in the south-east of the basement of University Hall and is a study and lunch room as well as a rest room and a meeting place. Both are open for the use of all University women.

Laboratory Overcrowded
 A new section of the Freshman laboratory is being formed in the basement of Chemistry Hall to relieve the overcrowding on the third floor. There are nearly 600 students in the upper laboratory. This certainly shows how badly Nebraska needs new chemistry laboratories.
