UNIVERSITY OF NEBRASKA, LINCOLN, MONDAY, OCTOBER 18, 1915.

PRICE 5 CENTS.

PLANS OF BESSEY HALL DESCRIBED

CHANCELLOR AVERY ISSUES A FORMAL STATEMENT

DR. BESSEY APPROVED SITE

Plan of the Architecture Given in Detail—Building to House Zoology and Botany—Will Cost Approximately \$200,000

To Any Daily Paper in the State:

So many requests have come to me for an authorized statement in regard to the first building to be erected on the extended city campus, that I have written the following for release under date of October 17th. Further, if any paper wishes to publish a picture of the building to accompany the descriptive matter, I shall be pleased to send a photograph of the architect's sketch with the understanding, of course, that the photograph will be used first in connection with the following copy:

BESSEY HALL

By S. Avery

Dr. Bessey is gone, but he leaves with us an imperishable memory. He was the first professor in the natural science group to remain long with the University of Nebraska and to leave an indelible mark upon it. It is fitting that the permanent home of two fundamental natural sciences in the University should be named in his honor.

The writer believes that he first suggested naming such a building after Dr. Bessey when he penned for the approval page 21 of the biennial report of 1911-12. This report contains the sentence: "The inadequate and dangerous building known as Nebraska Hall should be removed and an adequate building called Bessey Hall in honor of Dr. Bessey erected to house the natural sciences." Nevertheless when he wrote these words it was then as now the writer's opinion that in general no building built at public expense should be named after the living. Dr. Bessey was great enough so that this exception was planned, but his lamented death prevented the exception being made. Let us now render his memory a special honor by resolving that hereafter no building shall be named for anyone until his life's work is complete. This is in harmony with the Regents' act in deciding that hereafter the title of Head Dean shall not be awarded.

Location of the Building

Some of the special friends of Dr. Bessey are disappointed that the building is not to be located on a more conspicuous site. To these I would say that Dr. Bessey insisted on only one thing—north light for the use of his microscopes. He was, however, pleased to have the building located away from the noise and dust of heavy traffic. The location as now determined met his critical approval. The building will have north windows along its main side and will be so located that no other University building can by any possibility obstruct the view.

The Plan of the Building

The building will have three stories above ground. The basement, not to be used for class room purposes, will

BESSEY HALL—The New Botanical and Zoological Building.

REQUEST UNIVERSITY BOOKLET

News Is Eagerly Sought Concerning the University Week Program

The following is one of many letters received by Mr. Hewitt, inquiring about "University Week." This letter is a fair example of those so far received and shows something of the interest created by last year's effort: Mr. H. G. Hewitt, Lincoln, Nebr.

Dear Sir: I am writing you because I am interested in school work and at present in the University especially. I would be pleased if you would send me a copy of your booklet containing last year's program of "University Week."

I am also requested by the school board of Minden to make application for the coming "Week" and get your requirements for the same.

We have a high school enrollment of 200 pupils, with from 30 to 40 graduates each year. We should be pleased to have a larger per cent of our graduates attend the University. Our object is to help the University and to create more interest in school work here.

Thanking you in advance, I am,
J. S. CANADAY,
Chairman of School Board.

GEESON TENNIS CHAMPION

Defeats Ellis, the Present State Champion—Match Close and Well Contested

Geeson, of Seward, defeated Ellis, of Beaver City, the present state champion, in the semi-finals of the tennis tournament Friday, October 15, by the following scores: 6-1 in favor of Geeson, 6-1 in favor of Ellis, 7-5 in favor of Ellis, 6-2 in favor of Geeson, 7-5 in favor of Geeson. Art Schmidt of Madison refereed and Harvey Hess of Hebron was linesman.

The match could not have been closer. Every point of the match was closely contested. In the first set Geeson had everything his own way. But in the second set Ellis seemed to have found his pace and defeated Geeson as easily as Geeson had defeated him in the first set. In the third set both of the contestants seemed to have struck their pace, but Ellis won after a long, hard scrap. Geeson came back hard in the fourth set and took it easily. Now the critical set had come. Both men worked hard. Nearly every game went to deuce.

Finally the set went to deuce and both men fought harder than ever. Then Geeson won the advantage in games and the last game of the match was on. This game soon went to deuce. Several times Geeson won the advantage, but each time Ellis would win the next point and bring the game to deuce again. But soon Geeson pressed his opponent to the back of the court and a brilliant drive won the set and the match.

STUDENTS ANSWER SUNDAY'S CALL

LARGE UNIVERSITY GATHERING HEARS HIM SPEAK

LARGE CROWD SHAKE HANDS

Speaker Introduced by Guy C. Chambers—Billy Talks Fifty Minutes, Holding Audience Spellbound—Songs Prove Popular

It took only an hour and a half for Billy Sunday, assisted by Choirister Rodeheaver, to get students to "hit the trail" by the hundreds when the renowned evangelist addressed the faculty and students at a special meeting at the St. Paul church Friday morning.

The climax came when Sunday, after an address lasting about fifty minutes, invited the students to "hit the trail." At first there was no response. Undaunted, the evangelist issued a second invitation and a few students advanced slowly down the middle aisle. A few more arose. "Come on, you Varsity Team. Come on," shouted Sunday. Instantly a human wave surged forward, sweeping onward with an irresistible rush, overflowing the aisles. Sunday was shaking with both his hands but was unable to grasp every hand. With only a few moments to spare he dashed into the pastor's study, changed his garb, jumped into an automobile and in a few moments was on his way back to Omaha.

When classes were excused at 8:35 o'clock the entire student body with a large faculty representation headed for the St. Paul church. The doors were blocked with crowds. The church was filled in a few moments, reminding one of football rallies, particularly when the thrills of U-U-U-N-I swept over the assembly. Billy Sunday was greeted in regular rally fashion. Some time was spent in singing "Brighten the Corner" and "Nebraska." Guy C. Chambers, president of the Innocents, then introduced the speaker.

The evangelist told of his experience with students at different universities. He told them from the start that he came to talk religion and nothing else. Men have given of their very life blood in securing modern conveniences, but "let us also take time" to study the great truths of the spiritual world. Life is not a thing of the present alone, but more so of the future. We are wrapt up so in the present that we are liable to forget the future. We must learn to appreciate this reality of life.

Post-mortems were held on Billy Sunday in various classes during the remainder of the day. Comments of all kinds were heard. Some regarded the climax more as a friendly hand-shaking affair than anything else.

NEW GEARS EXPLAINED

Professor Adendorf Gives Synopsis—A Set of Bevel and Elliptical Gears

The following is a synopsis of an explanation of the new gears presented to the Machine Shop Laboratory. It was given by Prof. Adendorf.

The Belgram Machine Works have presented the Machine Shop with a quadruple set of meshed bevel gears and a set of elliptical gears, both of which are without "backlash." The gears may be seen at the Machine Laboratory.

The Belgram company have designed and built a machine by means of which a theoretically true motion gear can be made, as well as one without "backlash." Heretofore this has been impossible.

For many years it has been considered an engineering impossibility to generate the teeth of four bevel gears of four different sizes, so that three of the gears, working on a horizontal axis, would work free on the large bevel gear, rotating on a vertical axis.

700 ATTENDED MIXER

Military Department Gives Successful Evening's Entertainment—Rain No Drawback

Over 700 students and faculty members, undaunted by the rainy evening and ready to mix with a vengeance, attended the first Military Mixer of the year, Friday night, in the Armory.

First on the program came the band concert, by the Cadet band, then followed the military pictures. During the movies the crowd hummed, whistled and sang Billy Sunday's special song, "Brighten the Corner Where You Are."

Dancing was the third feature of the program. The music was furnished by Scott's orchestra and the new floor was filled to the limit with whirling figures from the time the music started until the night watch called a halt.

A short intermission at 11 o'clock for "mess" was announced by the official bugler.

SILVER SERPENTS INITIATE

Meet at the Y. W. C. A. Saturday—Picnic at the Farm Prevented by the Weather

The Silver Serpents met in the Y. W. C. A. rooms early Saturday morning to initiate the members not instructed in the principles of the society last spring and those elected to take places of Sara Weston and Mabel Sanders. Louise Coe, Doris Scroggins, Lula Shade and Ethel Kittinger were the ones admitted. The weather prevented the picnic at the Farm as was planned, but the picnic breakfast was spread in front of the fireplace in the association rooms. Further plans for the decorations for the Notre Dame game were discussed.

WASHBURN EASY FOR THE HUSKERS

SCRUBS REPLACE VARSITY DURING LAST HALF

WASHBURN PLAY DEFENSIVE

Visitors' Forward Passes Are Easily Broken Up by the Cornhuskers—Scrubs Score on the Ichabods

Driving the desperate Ichabods relentlessly before them, the Huskers plowed their way through for seven touchdowns in the third encounter of the season last Saturday. After running up a score of 20 points in the first quarter, the regular men dropped out of the Nebraska line one by one and allowed the scrubs to wrestle with the visitors over the pigskin.

This had the effect of controlling the score, but it still mounted up for Nebraska too swiftly to satisfy the Husker manager, so at the beginning of the last half the regulars were taken out and the scrubs to the oneth power were allowed to rub shoulders with the Ichabods.

It was thought that this act might prove fatal to the Huskers, when the visitors by a series of forward passes, carried the ball down to Nebraska's danger zone, but the Husker stone-wall came into play and the ball was held on their three-yard line. Little chance was given in the game with Washburn to judge of the Huskers' prospects in the coming battle with Notre Dame.

The Ichabods were thoroughly outclassed, and it is impossible to say whether the Huskers will be able to open a hole in the line of the Hoosier team.

In the few minutes in which the Varsity team played, they showed more speed and snap than they have previously shown.

Proctor did sensational work at right half and he will probably be given an early chance to wool the Catholic giants over next Saturday.

Caley showed a high class assortment of snap and punch but was early removed because he got fresh and tried run past the whole Washburn team.

"Spider" Kelley was given a chance to drive the team during the last quarter, and he proved that his lack of avoidupois was the only thing which stood between him and a Varsity position.

The lineup at the beginning of the game was:

Nebraska—	Washburn—
Chamberlain.....le.....	Billings
Corey.....lt.....	Logan
Shields.....lg.....	Linge
Moser.....c.....	Rice
Abbott.....fg.....	Dehn
Shaw.....rt.....	Stewart
Riddell.....re.....	Dailey
Clay.....qb.....	Deals (c)
Rutherford (c).....lh.....	McCosh
Proctor.....rh.....	Champney
Doyle.....fb.....	Muirhead

Officials—Referee, Reilly, K. C. A. C.; umpire, Luke, ex-Doane; head linesman, Kearns, ex-Bellevue. Touchdowns—Rutherford, Caley, Chamberlain, Doyle, Rasmussen, Gardner, Seltzer. Goals—Corey, 3; Porter, 1.

Final score: Nebraska, 47; Washburn, 0.
